Rossetti And The Fair Lady:

Rossetti and the Fair Lady David Sonstroem, 1970 **Paradise Preserved** Max F. Schulz, 1985 Examines the ways in which the idea of an earthly paradise inspired English life and thought in the eighteenth and nineteenth centuries

Woman and the Demon Nina Auerbach, 1982 Analyzes the Victorian conception of both demonic and divine nature of women in Victorian art and literature *Edith Wharton and the Visual Arts* Emily J. Orlando, 2007 This work explores Edith Wharton's career long concern with a 19th century visual culture that limited female artistic agency and expression Wharton repeatedly invoked the visual arts as a medium for revealing the ways that women's bodies have been represented as passive sexualized infantilized sickly dead Well versed in the Italian masters Wharton made special use of the art of the Pre Raphaelite Brotherhood particularly its penchant for producing not portraits of individual women but instead icons onto whose bodies male desire is superimposed Gardens and Grim Ravines Pauline Fletcher, 2017-03-14 This book is the first systematic examination of the significance of landscape in Victorian poetry Pauline Fletcher divides poetic landscapes into two categories antisocial landscapes of isolation or retreat and social landscapes that reflect the life of man in community Originally published in 1983 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 *A Gallery of Her Own* Elree I. Harris, Shirley R. Scott, 2013-11-26 First Published in 1997 This book is intended as a resource for anyone interested in the artistic contributions and activities of women in nineteenth century Britain It is an index as well as an annotated bibliography and provides sources for information about women well known in their own time and about women who were little known then and are forgotten now **Women, Art, And Power And Other Essays** Linda Nochlin, 2018-02-12 Women Art and Power seven landmark essays on women artists and women in art history brings together the work of almost twenty years of scholarship and speculation Homer's Iliad and the Trojan War Jan Haywood, Naoise Mac Sweeney, 2018-03-22 In this new volume Jan Haywood and Naoise Mac Sweeney investigate the position of Homer's Iliad within the wider Trojan War tradition through a series of detailed case studies From ancient Mesopotamia to twenty first century America these examples are drawn from a range of historical and cultural contexts and from Athenian pot paintings to twelfth century German scholarship they engage with a range of different media and genres Inspired by the dialogues inherent in the process of reception the book adopts a dialogic structure In each chapter paired essays by Haywood and Mac Sweeney offer contrasting authorial voices addressing a single theme thereby drawing out connections and dissonances between a diverse suite of classical and post classical Iliadic receptions The resulting book offers new insights both into individual instances of Iliadic

reception in particular historical contexts but also into the workings of a complex story tradition The centrality of the Iliad within the wider Trojan War tradition is shown to be a function of conscious engagement not only with Iliadic content but also with Iliadic status and the iconic idea of the Homeric **The poems of Elizabeth Siddal in context** Anne

Woolley,2021-03-09 A ground breaking new book that considers all Siddal poems with reference to female and primarily male counterparts adding substantially to knowledge of her work as a writer and their shared contemporary concerns Dante Rossetti Swinburne Tennyson Ruskin and Keats were either known to her or a source of influence on the Pre Raphaelite Brotherhood with which she was associated and certain of their texts are compared with hers to discuss interplay between erotic and spiritual love the ballad tradition nineteenth century feminism and the Romantic concept of the conjoined physical and spectral body Siddal s artwork is used to introduce each chapter while other Pre Raphaelite paintings illuminate the texts and further the inter disciplinary philosophy of the Brotherhood This important and stimulating book focuses on the intrinsic merit of Siddal s poetics whilst advocating a research method that could have multiple applications elsewhere

The Pre-Raphaelite Body J. B. Bullen,1998 Pre Raphaelitism was the first avant garde movement in Britain It shocked its first audience and as it modulated into Aestheticism it continued to disturb the British public In this fresh and original study Professor Bullen traces the sources of that shock to the representation of the human body By examining the discourses which were developed to denounce or to explain the new art forms he shows that the distorted maimed or eroticized body formed the principal focus of anxiety in nineteenth century criticism Using a truly interdisciplinary method he relates the painting of Millais and other early Pre Raphaelites to fears about cholera and Catholicism he demonstrates how the body of the sexualized female became an object of obsessive fascination in the painting and poetry of Dante Gabriel Rossetti and William Morris he locates the writing of Swinburne and Prater in the context of the debate over the Woman Question and he shows how the responses to the Aesthetic painting of Burne Jones were conditioned by the sexual psychopathology of mid nineteenth century mental science *Yeats and the Visual Arts* Elizabeth Bergmann Loizeaux,2003-03-01 This beautifully

illustrated book traces W B Yeats s fascination with the visual arts from his early years which were strongly influenced by his father s paintings and the Pre Raphaelite brotherhood to his celebration in his old age of Greek sculpture Byzantine mosaics and Michaelangelo s art Soft-Shed Kisses Małgorzata Łuczyńska-Hołodys,2013-07-26 The femme fatale appears with unceasing regularity in the texts of major poets of the nineteenth century She symbolises an intractable mystery a refusal to be defined and a fierce attempt to exist outside the established gender system *Soft Shed Kisses* Re visioning the Femme Fatale in English Poetry of the 19th Century interrogates the construction and use of the fatal woman motif in the poetry of canonical male writers of the times both Romantic and Victorian Subsequent chapters investigate a variety of poems by John Keats Percy Bysshe Shelley Alfred Tennyson Dante Gabriel Rossetti and Charles Algernon Swinburne in which the femme fatale surfaces as the most important character Close readings of poetry are enriched by an examination of the same motif in
