Educating For Professionalism Delese Wear, Janet Bickel, 2009-05 The thirteen essays in *Educating for Professionalism* examine the often conflicting ethical social emotional and intellectual messages that medical institutions send to students about what it means to be a doctor Because this disconnection between what medical educators profess and what students experience is partly to blame for the current crisis in medical professionalism the authors offer timely reflective analyses of the work and opportunities facing medical education if doctors are to win public trust In their drive to improve medical professionalism within the world of academic medicine editors Delese Wear and Janet Bickel have assembled thought provoking essays that elucidate the many facets of teaching valuing and maintaining medical professionalism in the middle of the myriad challenges facing medicine at the dawn of the twenty first century The collection traces how the values of altruism and service can influence not only mission statements and admission policies but also the content of medical school ethics courses student led task forces and mentoring programs along with larger environmental issues in medical schools and the communities they serve Contributors Stanley Joel Reiser Jack Coulehan Peter C Williams Frederic W Hafferty Richard Martinez Judith Andre Jake Foglio Howard Brody Sheila Woods Sue Fosson Lois Margaret Nora Mary Anne C Johnston Tana A Grady Weliky Cynthia N Kettyle Edward M Hundert Norma E Wagoner Frederick A Miller William D Mellon Howard Waitzkin Donald Wasylenki Niall Byrne Barbara McRobb Edward J Eckenfels Lucy Wolf Tuton Claudia H Siegel Timothy B Campbell

Family and Medicine: Memories and Reflections John Arthur Broman, M.D., 2009-07-20 *Family and Medicine: Memories and Reflections* is a journey that starts in the small town of Crystal Falls Michigan where the author learned the values of humble living and a hard work ethic Stories of growing up in the Upper Peninsula of Michigan include those of his family the people and the community influences that serve as a significant foundation to this day At the University of Michigan Jack met his wife Nonnie and the two of them became beloved Wolverine fans through good times and bad This time was special as their relationship grew and the realities of World War II played a role in the decisions made The book next takes the reader on a journey to Philadelphia where the author studied medicine at the Hahnemann Medical College and Hospital This memoir provides an interesting look at the way things were in medical school in the mid 1940's Augustana Hospital in Chicago was the site for his residency in family medicine and surgery The stories abound of medicine faith and family as he settled in Maquoketa Iowa with his wife and

eight children Reflections of his life as an officer in the army medical examiner and small town doc reveal a passion for medicine the human story and a deep faith Measuring Medical Professionalism David Thomas Stern,2006 Patients who are confident of physicians intellectual and technical abilities are sometimes not convinced of their professional behavior Systemic and anecdotal cases of physician misconduct conflict of interest and self interest abound Many have even come to mistrust physicians as patient advocates How can patients trust the intellectual and technical aspects of medical care but not the professional In order to enhance and promote professionalism in medicine one should expect it encourage it and evaluate it By measuring their own professional behavior physicians can provide the kind of transparency with which they can regain the trust of patients and society Not only patients but also institutions which accredit organizations have demanded accountability of physicians in their professional behavior While there has been much lament and a few strong proposals for improving professionalism no single reliable and valid measure of the success of these proposals exists This book is a theory to practice text focused on ways to evaluate professional behavior written by leaders in the field of medical education and assessment **New York Magazine** ,1997-07-28 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine s consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea *Qualitative Organizational Research Volume 1* Kimberly D.
