Roundup of Memories Olan M. George, 1987-06-01      **Round Up the Usual Suspects** Raymond Ruble, 2008-12-30 TV shows that retain their popularity over the years do so for obvious reasons good production values good acting and compelling storylines But detective stories in particular also endure because they appeal to the gumshoe in all of us America is obsessed with crime solving Nancy Grace on CNN Headline News Greta Van Susteren on Fox and the seemingly annual recurrence of the courtroom sensation all testify to this fact And these people and cases are able to reach their phenomenal status not simply because of the media the media only demonstrates the enormous national appetite for this material Rather Cold Case CSI and Law Order have achieved their current popularity because they all respond to the same national craving for crime and do so with great skill and creativity Round Up the Usual Suspects provides a comparison of the crime fighting models and justice proceedings of each of these TV series Each series has its own special crime fighting niche and each approaches its job with a different set of values and different paradigms of discovery and proof Their separate approaches are each firmly grounded in different components of human nature analytical reasoning for instance in CSI memory in Cold Case and teamwork in Law Order After examining each of the individual series in depth Ruble goes on to investigate some of the historical antecedents in classical TV detective series such as The FBI and Dragnet It is interesting to note that these crime fighting methodologies are extensions of the way we all process information about the world Ray Ruble here aims to increase our appreciation for the ingenious manner in which fictional cases are broken and convictions convincingly secured and also illuminates the deeper human elements that lie under a more implicit spotlight in these runaway hits      **Growing**

Mpofu,2023-03-28 Memory and Erasure is part of a growing body of academic literature to properly document and narrate the Gukurahundi genocide which hopefully may contribute to survivors and victims families quest for justice and closure Deployed in January 1983 the Fifth Brigades legacy has continued to cast a dark shadow not just over Matabeleland and Midlands but over the entire country As the title of the book and also the chapters forcefully underline a culture of violence led by the state and those who control its levers pervades the whole of Zimbabwe and continues to do so partly because of the failure to address the Gukurahundi genocide and its aftermaths which marked the height of Zimbabwean authorities tendency to use violence to crush dissent and opposition Collectively these essays explore different aspects of the Gukurahundi in order 1 to challenge the silencing of the genocide as a mainstream public issue in Zimbabwe 2 to demonstrate how deliberately and systematically Zimbabwes rulers have refused to allow this issue to be resolved and have in the process completely disregarded the views demands feelings and sensitivities of affected individuals and communities 3 to explore and critique the institutional legal constitutional and political frameworks that have sustained the failure to find a solution 4 to demonstrate how Zimbabwe as a state bears collective responsibility for Gukurahundi crimes and should therefore hold itself accountable and institute a clear and honest programme to provide a lasting solution that does not lead to further division and 5 this collection emphasises in various ways that the solution to the political culture that has engulfed Zimbabwe and prevented it from attaining its independence goals lies in resolving the aftermath of Gukurahundi and addressing the culture of violence repression and impunity in Zimbabwean politics Memory Tree Bill Mathis,2021-05-15 Eula s stardust spirit has been waiting for her father to return to their old farmhouse so she can learn why he didn t rescue her her brother and their mother Dying of cancer her father Duane finally returns He wants to pass away with his guilt and remorse of not being able to rescue his family and more importantly his secret shame over the way he dealt with his mixed
