Rousseau The Routledge Philosophers

Christopher Bertram

Rousseau The Routledge Philosophers:

Routledge Philosophy GuideBook to Rousseau and the Social Contract Christopher Bertram, 2004-08-02 Rousseau's Social Contract is a benchmark in political philosophy and has influenced moral and political thought since its publication Rousseau and the Social Contract introduces and assesses Rousseau's life and the background of the Social Contract The ideas and arguments of the Social Contract Rousseau's continuing importance to politics and philosophy Rousseau and the Social Contract will be essential reading for all students of philosophy and politics and anyone coming to Rousseau for the first time

Rousseau N. J. H. Dent, 2005 Beginning with an overview of Rousseau's life works Dent assesses the central ideas arguments of Rousseau's philosophy including the corruption of modern civilization the state of nature his theories of amour de soi amour propre his theories of education Jean-Jacques Rousseau: Paradoxes and interpretations John T. Scott, 2006 Bringing together critical assessments of the broad range of Rousseau's thought with a particular emphasis on his political theory this systematic collection is an essential resource for both student and scholar **The Rousseauian Mind** Eve Grace, Christopher Kelly, 2019-01-17 Jean Jacques Rousseau 1712-1778 is a major figure in Western Philosophy and is one of the most widely read and studied political philosophers of all time His writings range from abstract works such as *On the Social Contract* to literary masterpieces such as *The Reveries of the Solitary Walker* as well as immensely popular novels and operas *The Rousseauian Mind* provides a comprehensive survey of his work not only placing it in its historical context but also exploring its contemporary significance Comprising over forty chapters by a team of international contributors the Handbook covers The predecessors and contemporaries to Rousseau's work The major texts of the system Autobiographical texts including *Confessions* *Reveries of the Solitary Walker* and *Dialogues* Rousseau's political science The successors to Rousseau's work Rousseau applied today Essential reading for students and researchers in philosophy Rousseau's work is central to the study of political philosophy the Enlightenment French studies the history of philosophy and political theory

Rousseau John Charpentier, 2019-04-25 This book first published in 1931 provides a valuable account of Rousseau's early years giving an insight into his later philosophies as well as showing the development of his thought The Routledge Guidebook to Rousseau's the Social Contract Christopher Bertram, 2018-08-08 *Jean-Jacques Rousseau: Human nature and history* John T. Scott, 2006 Bringing together critical assessments of the broad range of Rousseau's thought with a particular emphasis on his political theory this systematic collection is an essential resource for both student and scholar *Rousseau and the Modern State* Alfred Cobban, 2019-05-08 First published in 1934 and revised and expanded in 1964 this book is the standard work on the political thought of Rousseau It was acclaimed by English reviewers as an excellently arranged lucidly written unbiased account of Rousseau's political theory a scholarly book distinguished for lucidity both in thought and style and a first rate book in defence of the essential sanity of Rousseau's thought *Rousseau* Timothy O'Hagan, 1999 Timothy O'Hagan investigates Jean Jacques Rousseau's writings concerning the formation of humanity of the individual and of the

citizen in his three master works the Discourse on the Origin of Inequality among Men Emile and the Social Contract He explores Rousseau s reflections on the sexes language and religion O Hagan gives Rousseau s arguments a close and sympathetic reading He writes as a philosopher not a historian yet he never loses sight of the cultural context of Rousseau s work An Analysis of Jean-Jacques Rousseau's The Social Contract James Hill,2017-07-05 Few people can claim to have had minds as fertile and creative as the French philosopher Jean Jacques Rousseau One of the most influential political theorists of the modern age he was also a composer and writer of opera a novelist and a memoirist whose Confessions ranks as one of the most striking works of autobiography ever written Like many creative thinkers Rousseau was someone whose restless mind could not help questioning accepted orthodoxies and looking at matters from novel and innovative angles His 1762 treatise The Social Contract does exactly that Examining the nature and sources of legitimate political power it crafted a closely reasoned and passionately persuasive argument for democracy at a time when the most widely accepted form of government was absolute monarchy legitimised by religious beliefs about the divine right of kings and queens to rule In France the book was banned by worried Catholic censors in Rousseau s native Geneva it was both banned and burned But history soon pushed Rousseau s ideas into the mainstream of political theory with the French and American revolutions paving the way for democratic government to gain ground across the Western world Though it was precisely what got Rousseau s book banned at the time the novel idea that all legitimate government rests on the will of the people is now recognised as the core principle of democratic freedom and represents for many people the highest of ideals Rousseau Nicholas J. H. Dent,2005 In this superb introduction Nicholas Dent covers the whole of Rousseau s thought Beginning with a helpful overview of Rousseau s life and works he introduces and assesses Rousseau s central ideas and arguments

Rousseau: Stoic & Romantic Kennedy F Roche,2020-10-24 This book first published in 1974 studies the similarities between Rousseau s thought and that of the Stoics examining Rousseau s ideas on man society the state and government It makes close reference to Rousseau s writings and to the works of Seneca and other Stoics presenting an opportunity to really come to grips with a complex and often contradictory mind Western Philosophy John G. Cottingham,2021-07-02 The new edition of this celebrated anthology surveys the Western philosophical tradition from its origins in ancient Greece to the work of today s leading philosophers Western Philosophy An Anthology provides an authoritative guided tour through the great tradition of Western philosophical thought The seminal writings of the great philosophers along with more recent readings of contemporary interest are explored in 144 substantial and carefully chosen extracts each preceded by a lucid introduction guiding readers through the history of a diverse range of key arguments and explaining how important theories fit into the unfolding story of Western philosophical inquiry Broad in scope the anthology covers all the main branches of philosophy theory of knowledge and metaphysics logic and language philosophy of mind the self and freedom religion and science moral philosophy political theory aesthetics and the meaning of life all in self contained parts which can be worked on by students

and instructors independently The third edition of the Anthology contains newly incorporated classic texts from thinkers such as Aquinas Machiavelli Descartes William James and Wittgenstein Each of the 144 individual extracts is now followed by sample questions focusing on the key philosophical problems raised by the excerpt and accompanied by detailed further reading suggestions that include up to date links to online resources Also new to this edition is an introductory essay written by John Cottingham which offers advice to students on how to read and write about a philosophical text Part of the Blackwell Philosophy Anthologies series Western Philosophy An Anthology Third Edition remains an indispensable collection of classic source materials and expert insights for both beginning and advanced university students in a wide range of philosophy courses

Rousseau Kennedy F. Roche, 2019-05-08 This book first published in 1974 studies the similarities between Rousseau's thought and that of the Stoics examining Rousseau's ideas on man society the state and government It makes close reference to Rousseau's writings and to the works of Seneca and other Stoics presenting an opportunity to really come to grips with a complex and often contradictory mind

Rousseau's Theory of Freedom Matthew Simpson, 2006-03-08 Jean Jacques Rousseau has a claim to be ranked above even Karl Marx as the political philosopher who has most influenced everyday life His much read philosophy of education alone would qualify him for a high place but his political theory is even more important decisions affecting millions of people were made based on the reading of certain lines of the Social Contract Yet while politicians and scholars have studied this book for 250 years almost no agreement exists on how to interpret its central concept freedom Rousseau's theory of freedom has led him to be called everything from the greatest prophet of individual liberty to the designer of the first totalitarian state This book offers a new unifying interpretation of the theory of freedom in the Social Contract Simpson gives a careful analysis of Rousseau's theory of the social pact and then examines the kinds of freedom that it brings about showing how Rousseau's individualist and collectivist aspects fit into a larger and logically coherent theory of human liberty Simpson's book not only helps us to understand one of the pre eminent political minds of the 18th century but also brings us into closer conversation with those he influenced who have done so much to shape our world And in light of the interest in contemporary contractualist philosophers like Rawls Scanlon and Gauthier readers will find it worthwhile to return to the thinker who offers one of the most radical profound and insightful theories of the social contract ever devised

A New Modern Philosophy Eugene Marshall, Susanne Sreedhar, 2019-03-07 The seventeenth and eighteenth centuries are arguably the most important period in philosophy's history given that they set a new and broad foundation for subsequent philosophical thought Over the last decade however discontent among instructors has grown with coursebooks unwavering focus on the era's seven most well known philosophers all of them white and male and on their exclusively metaphysical and epistemological concerns While few dispute the centrality of these figures and the questions they raised the modern era also included essential contributions from women like Margaret Cavendish Elisabeth of Bohemia Mary Wollstonecraft and milie Du Ch telet as well as important non white thinkers such as Anton Wilhelm Amo

Julien Raimond and Ottobah Cugoano At the same time there has been increasing recognition that moral and political philosophy philosophy of the natural world and philosophy of race also vibrant areas of the seventeenth and eighteenth centuries need to be better integrated with the standard coverage of metaphysics and epistemology A New Modern Philosophy The Inclusive Anthology of Primary Sources addresses in one volume these valid criticisms Weaving together multiple voices and all of the era s vibrant areas of debate this volume sets a new agenda for studying modern philosophy It includes a wide range of readings from 34 thinkers integrating essential works from all of the canonical writers along with the previously neglected philosophers Arranged chronologically editors Eugene Marshall and Susanne Sreedhar provide an introduction for each author that sets the thinker in his or her time period as well as in the longer debates to which the thinker contributed Study questions and suggestions for further reading conclude each chapter At the end of the volume in addition to a comprehensive subject index the book includes 13 Syllabus Modules which will help instructors use the book to easily set up different topically structured courses such as The Citizen and the State Mind and Matter Education Theories of Perception or Metaphysics of Causation And an eresource offers a wide range of supplemental online resources including essay assignments exams quizzes student handouts reading questions and scholarly articles on teaching the history of philosophy

Rousseau's Platonic Enlightenment David Lay Williams,2010-11-01 In this sterling deeply researched study Williams explores how thinkers ranging from Hobbes to d Holbach highlight various sets of ideas that Rousseau combated in developing his philosophical teaching The account of Rousseau s predecessors who might be called Platonists is especially interesting as is the account of those who qualify as materialists Moreover Williams provides a good overview of Rousseau s teaching demonstrates a commendable grasp of the relevant secondary literature and argues ably for the superiority of his own interpretations Clearly written and superbly organized this book contributes much to Rousseau studies An indispensable book for Rousseau scholars this volume also will appeal to general readers and students at all levels C E Butterworth CHOICE

The Routledge Companion to Eighteenth Century Philosophy Aaron Garrett,2014-03-21 The Eighteenth century is one of the most important periods in the history of Western philosophy witnessing philosophical scientific and social and political change on a vast scale In spite of this there are few single volume overviews of the philosophy of the period as a whole The Routledge Companion to Eighteenth Century Philosophy is an authoritative survey and assessment of this momentous period covering major thinkers topics and movements in Eighteenth century philosophy Beginning with a substantial introduction by Aaron Garrett the thirty five specially commissioned chapters by an outstanding team of international contributors are organised into seven clear parts Context and Movements Metaphysics and Understanding Mind Soul and Perception Morals and Aesthetics Politics and Society Philosophy in relation to the Arts and Sciences Major Figures Major topics and themes are explored and discussed ranging from materialism free will and personal identity to the emotions the social contract aesthetics and the sciences including mathematics and biology The final section

examines in more detail three figures central to the period Hume Rousseau and Kant As such The Routledge Companion to Eighteenth Century Philosophy is essential reading for all students of the period both in philosophy and related disciplines such as politics literature history and religious studies A New Modern Philosophy Gwendolyn Marshall, Susanne J. Sreedhar, 2023-07-11 The seventeenth and eighteenth centuries are arguably the most important period in philosophy s history given that they set a new and broad foundation for subsequent philosophical thought Over the last decade however discontent among instructors has grown with coursebooks unwavering focus on the era s seven most well known philosophers all of them white and male and on their exclusively metaphysical and epistemological concerns While few dispute the centrality of these figures and the questions they raised the modern era also included essential contributions from women like Margaret Cavendish Elisabeth of Bohemia Mary Wollstonecraft and milie Du Ch telet as well as important non white thinkers such as Anton Wilhelm Amo Julien Raimond and Ottobah Cugoano At the same time there has been increasing recognition that moral and political philosophy philosophy of the natural world and philosophy of race also vibrant areas of the seventeenth and ighteenth centuries need to be better integrated with the standard coverage of metaphysics and epistemology The second edition of A New Modern Philosophy The Inclusive Anthology of Primary Sources addresses in one volume these valid criticisms Weaving together multiple voices and all of the era s vibrant areas of debate this volume sets a new agenda for studying modern philosophy It includes a wide range of readings from 36 thinkers integrating essential works from all of the canonical writers along with the previously neglected philosophers Editors Gwendolyn Marshall and Susanne Sreedhar provide an introduction for each author that sets the thinker in his or her time period as well as in the longer debates to which the thinker contributed Study questions and suggestions for further reading conclude each chapter At the end of the volume in addition to a comprehensive subject index the book includes 13 Syllabus Modules which will help instructors use the book to easily set up different topically structured courses such as The Citizen and the State Mind and Matter Education Theories of Perception or Metaphysics of Causation And an eResource offers a wide range of supplemental online resources including essay assignments exams quizzes student handouts reading questions and scholarly articles on teaching the history of philosophy Key Updates to the Second Edition Provides an expanded table of contents and the addition of new chapters on Galileo and Sor Juana Ines De La Cruz Expands readings and coverage in chapters on Spinoza and Descartes Offers improved Syllabus Modules at the back of the book Includes a new Student Introduction Updates bibliographic information **The European Philosophers from Descartes to Nietzsche** Monroe Beardsley, 2002-11-12 Between the earliest and the latest of the works included here we have two hundred and fifty years of vigorous and adventurous philosophizing Monroe Beardsley writes in his Introduction to this collection If the modern period can be only vaguely or arbitrarily bounded it can at least be studied and we can ask whether any dominant themes overall patterns of movement or notable achievements can be found within it This question is one that is best asked by the reader after he has

read or read around in these works This Modern Library Paperback Classic also includes a newly updated Bibliography

Uncover the mysteries within Crafted by is enigmatic creation, Discover the Intrigue in **Rousseau The Routledge Philosophers** . This downloadable ebook, shrouded in suspense, is available in a PDF format (PDF Size: *). Dive into a world of uncertainty and anticipation.
