## **Rousseau An Introduction To His Political Philosophy:**

*Rousseau* John C. Hall,1973      *Rousseau, an Introduction to His Political Philosophy* John Cecil Hall,1973

**Rousseau's Rejuvenation of Political Philosophy** Nelson Lund,2016-09-17 This book reads Jean Jacques Rousseau with a view toward deepening our understanding of many political issues alive today including the place of women in society the viability of traditional family structures the role of religion and religious freedom in nations that are becoming ever more secular and the proper conduct of American constitutional government Rousseau has been among the most influential modern philosophers and among the most misunderstood The first great philosophic critic of the Enlightenment he sought to revive political philosophy as it was practiced by Plato and to make it useful in the modern world His understanding of politics rests on deep and often prescient reflections about the nature of the human soul and the relationship between our animal origins and the achievements of civilization This book demonstrates that the implications Rousseau drew from those reflections continue to deserve serious attention      *Rousseau's Theory of Freedom* Matthew Simpson,2006-03-08 Jean Jacques Rousseau has a claim to be ranked above even Karl Marx as the political philosopher who has most influenced everyday life His much read philosophy of education alone would qualify him for a high place but his political theory is even more important decisions affecting millions of people were made based on the reading of certain lines of the Social Contract Yet while politicians and scholars have studied this book for 250 years almost no agreement exists on how to interpret its central concept freedom Rousseau s theory of freedom has led him to be called everything from the greatest prophet of individual liberty to the designer of the first totalitarian state This book offers a new unifying interpretation of the theory of freedom in the Social Contract Simpson gives a careful analysis of Rousseau s theory of the social pact and then examines the kinds of freedom that it brings about showing how Rousseau s individualist and collectivist aspects fit into a larger and logically coherent theory of human liberty Simpson s book not only helps us to understand one of the pre eminent political minds of the 18th century but also brings us into closer conversation with those he influenced who have done so much to shape our world And in light of the interest in contemporary contractualist philosophers like Rawls Scanlon and Gauthier readers will find it worthwhile to return to the thinker who offers one of the most radical profound and insightful theories of the social contract ever devised      **Rousseau** N. J. H. Dent,1989-01-01      **Western Political Thought** Robert Eccleshall,Michael Kenny,1995 This is a guide to the vast amount of literature on the history of political thought which has appeared in English since 1945 The editors provide an annotation of the content of many entries and where appropriate indicate their significance controversial nature and readability      *The Political Philosophy of Jean-Jacques Rousseau* Mads Qvortrup,2003 This title presents an overview of Rousseau s work from a political science perspective Was the great theorist of the French Revolution really a conservative The text argues that the author of The Social Contract was a constitutionalist closer to Montesquieu and Locke than to revolutionaries      **Rousseau's 'The Social Contract'** Christopher D.

Wraight,2009-01-01 A Reader's Guide to one of the most important and influential works of political thought in the history of philosophy      Philosophic Classics: From Plato to Derrida Forrest Baird,2023-09-04 Philosophic Classics From Plato to Derrida includes essential writings of the most important philosophers from almost two millennia of Western philosophy In updating this Seventh Edition editor Forrest E Baird has continued to follow the same criteria established by the late Walter Kaufmann when the Philosophic Classics series was first established 1 to use complete works or where more appropriate complete sections of works 2 in clear translations 3 of texts central to each thinker's philosophy or widely accepted as part of the canon To make the works more accessible to students most footnotes treating textual matters variant readings etc have been omitted and important words from antiquity have been transliterated and put in angle brackets In addition each thinker is introduced by a brief essay composed of three sections 1 biographical a glimpse of the life 2 philosophical a r sum of the philosopher's thought and 3 bibliographical suggestions for further reading A timeline places important philosophers alongside other important thinkers world leaders and major global events Photos and paintings with explanatory captions illuminate the ideas debates and places discussed in the text New to the Seventh Edition New translations Plato Euthyphro Apology Crito and Phaedo Aristotle Nichomachean Ethics Epicurus Letter to Menoeceus and Principal Doctrines Boethius The Consolation of Philosophy Anselm Proslogion Giovanni Pico Della Mirandola Oration on the Dignity of Man Ren Descartes Correspondence with Princess Elizabeth Gottfried Leibniz Monadology Jean Jacques Rousseau The Social Contract Immanuel Kant Prolegomena to Any Future Metaphysics and Groundwork of the Metaphysics of Morals Additional material Porphyry's Life of Plotinus in part Francis Bacon Aphorisms selections from Novum Organum Karl Marx Theses on Feuerbach A J Ayer Language Truth and Logic in part Updated annotated bibliographies with each bibliography now broken into two sections one for beginning and another for advanced students      Rousseau Nicholas John Henry Dent,2005      *A HISTORY OF POLITICAL THOUGHT* SUBRATA MUKHERJEE,SUSHILA RAMASWAMY,2011-08-09 This lucidly written text in its second edition continues to provide a comprehensive study of the classical political tradition from Plato to Marx The book elucidates the fascinating evolution of the history of political ideas through the works of thirteen key political thinkers which includes Plato Aristotle Machiavelli Hegel and Marx The text highlights the decline and revival of classical political theory and portrays the clash of universalism vs localism in the classical tradition It focuses on the recent interpretations of the classical texts for instance feasibility of the ideal State in Plato civic humanism and republicanism in Machiavelli the radicalism of Locke and the contributions to the woman's cause by John Stuart Mill The text is intended for the undergraduate and postgraduate students of Political Science of various universities and for all those who are appearing for the civil services examinations NEW TO THIS EDITION Inclusion of two important liberal thinkers Mary Wollstonecraft the founder of liberal feminism and Immanuel Kant a de ontological liberal Addition of an Appendix on John Rawls who is credited as a seminal thinker of contemporary times having played a crucial role in the revival of normative political theory      **Modern Political**

**Thinkers and Ideas** Tudor Jones, 2012-09-10 Modern Political Thinkers and Ideas is an exciting new text that provides students with a clearly presented introduction to some of the key areas of modern political thought. Uniquely combining historical and philosophical approaches to the subject, it describes the writings and ideas of the most influential thinkers of the modern era. Modern Political Thinkers and Ideas features the main concepts in modern political theory such as the State and Sovereignty, Political Obligation and Civil Disobedience, Liberty, Rights, Equality and Justice, Democracy, the ideas of key thinkers such as Machiavelli, Hobbes, Locke, Paine, Rousseau, Burke, Mill, Bentham, Marx, Rawls, Hayek, a clear and instructive framework for each chapter which provides students with a) the significance of each concept in modern political thought, b) what major political thinkers had to say about each concept, and c) the relevance of key concepts to contemporary argument and debate.

*Rousseau* Céline Spector, 2019-07-20 Jean-Jacques Rousseau is one of the most controversial philosophers of the eighteenth century and his groundbreaking work still provokes heated debate in contemporary political theory. In this book Céline Spector, one of the world's foremost experts on Rousseau's thought, provides an accessible introduction to his moral, social and political theory. She explores the themes and central concepts of his thought, ranging from the state of nature, the social contract and the general will, to natural and political freedom, religion and education. She combines a skilful exposition of Rousseau as a man of paradoxes with a discussion of his often overlooked ideas on knowledge, political economy and international relations. The book traces both the overall unity and the significant changes in Rousseau's philosophy, accounting for its complexity and for the importance of its legacy. It will be essential reading for scholars, students and general readers interested in the Enlightenment and more broadly in the history of modern political thought and philosophy.

*The Major Political Writings of Jean-Jacques Rousseau* Jean-Jacques Rousseau, 2012-10-17 This fresh new rendition of Rousseau's major political writings is a boon for scholars and students alike, with a critical introduction by the translator Richard Boyd, Georgetown University. Individualist and communitarian, Anarchist and totalitarian, Progressive and reactionary. Since the eighteenth century, Jean-Jacques Rousseau has been called all of these things. Few philosophers have been the subject of such intense debate, yet almost everyone agrees that Rousseau is among the most important political thinkers in history. Renowned Rousseau scholar John T. Scott highlights his enduring influence with this superb new edition of his major political writings. This volume includes authoritative and lucid new translations of the *Discourse on the Sciences and Arts*, the *Discourse on the Origin and Foundations of Inequality Among Men*, and *On the Social Contract*. The two *Discourses* show Rousseau developing his well-known conception of the natural goodness of man and the problems posed by life in society. With the *Social Contract*, Rousseau became the first major thinker to argue that democracy is the only legitimate form of political organization. Scott's extensive introduction enhances our understanding of these foundational writings, providing background information, social and historical context, and guidance for interpreting the works. Throughout, translation and editorial notes clarify ideas and terms that might not be immediately familiar to most readers.

**Rebellion and**

**Democracy in Meiji Japan** Roger W. Bowen,1980      *Natural Law and Political Realism in the History of Political Thought: From the seventeenth to the twenty-first century* R. W. Dyson,2005 Original Scholarly Monograph      **Fifty Major Political Thinkers** ,      Democracy Ross Harrison,2002-09-11 Democracy surrounds us like the air we breath and is normally taken very much for granted Across the world democracy has become accepted as an unquestionably good thing Yet upon further examination the merits of democracy are both paradoxical and problematic and the treasured values of liberty and equality can be used to argue both for and against it In the historical section of the book Ross Harrison clearly traces the history of democracy by examining the works of amongst others Plato and Aristotle Hegel and Marx Informed by facts and detailed knowledge of these famous thinkers Harrison provides a clear and cogent justification of democracy      **Social Contract and Political Obligation** Peter J. McCormick,2019-11-21 First published in 1987 This study is concerned with the problem of political obligation the normative question of why one should obey the law and with social contract thought as an answer to this question It is entitled a critique but the critique is not of social contract theory as such but rather of the orthodox treatment of contract that yields so readily to the rough handling and easy rejection that is the normal lot of contractarianism in contemporary treatments In its place will be suggested a reinterpretation of contract that sees it as making different assumptions and requiring different premises and that is proof against many of the orthodox refutations of social contract theory the reinterpretation is thus in the nature of a vindication First from an examination of the most commonly cited champions of contractarianism namely Hobbes Locke and Rousseau will be derive a reinterpretation of contract in the form of a new model or syllogism the features of which will be brought out by contrasting it first with the contemporary ideas of John Rawls and then with the orthodox model itself Democratic consent theory as the heir to the remnants of the orthodox model will be examined and the ideas of T H Green will be considered as embodying an important feature of contractarianism omitted or ignored by the orthodox model and hence by democratic theory Finally the new model of contract will be suggested as a potentially useful approach to the problem of political obligation in the modern context This title will be of interest to student of politics and philosophy      Freedom in French Enlightenment Thought Mary Efron Gregory,2010 Freedom in French Enlightenment Thought examines how five eighteenth century French theorists Montesquieu Diderot Rousseau Voltaire and Condorcet kindled the flame of freedom in America and France Each thinker laid down a building block that would eventually inspire the language in constitutions around the world They held that citizens have certain inalienable rights that are dictated by natural law and endowed to all by our Creator that these rights include equality before the law justice safety and security of persons and property and freedom of speech press assembly and religion Montesquieu recommended three separate branches of government that function independently of each other Diderot held that there is no true sovereign except the nation that there is no true legislator except the people Rousseau advised that the individual will must be subordinate to the general will and private interest to that of the community he warned against legislators who act

from their own financial interests and enact laws to aggrandize themselves Voltaire believed that selfishness greed and the desire for luxury are not only part of human nature but that they compel people to achieve trade with others search explore and invent the passions are the engine that makes capitalism run and that stimulate all human endeavor Condorcet a champion of civil rights boldly proclaimed equality for women blacks and the poor The philosophes held that free and universal public education will permit more citizens to participate in the progress of the arts and sciences and will improve the standard of living among all strata of society An unrestrained press permits citizens to make informed decisions Their polemics have indeed changed the face of the world
