Wooden, 2005 The exuberant recovery from obscurity of scores of British women writers has prompted professors and publishers to revisit publication of women s writings New curricular inclusion of these sometimes quirky often passionate writers profoundly disrupts traditional pedagogical assumptions about what constitutes literature This book addresses this radically changed educational landscape offering practical proven teaching strategies for newly recovered writers both in special topics courses and in traditional teaching environments Moreover it addresses the institutional issues confronting feminist scholars who teach women writers in a variety of settings and the kinds of career altering effects the decision to teach this material can have on junior and senior scholars alike Collectively these essays argue that teaching noncanonical women writers invigorates the curriculum as a whole not only by introducing the voices of women writers but by incorporating new genres by asking new questions about readers assumptions and aesthetic values and by altering the power relations between teacher and student for the better     Encyclopedia of the British Short Story Andrew

Maunder, 2015-04-22 Provides a comprehensive reference to short fiction from Great Britain Ireland and the British Commonwealth featuring some of the most popular writers and works     **The Cambridge History of the English Short Story** Dominic Head, 2016-11-14 The Cambridge History of the English Short Story is the first comprehensive volume to capture the literary history of the English short story Charting the origins and generic evolution of the English short story to the present day and written by international experts in the field this book covers numerous transnational and historical connections between writers modes and forms of transmission Suitable for English literature students and scholars of the English short story generally it will become a standard work of reference in its field     **The British Short Story** Emma Liggins, Andrew Maunder, Ruth Robbins, 2017-09-16 The short story remains a crucial if neglected part of British literary heritage This accessible and up to date critical overview maps out the main strands and figures that shaped the British short story and novella from the 1850s to the present It offers new readings of both classic and forgotten texts in a clear jargon free way     Edinburgh Companion to the Short Story in English Paul Delaney, 2018-02-01 Provides a clear introduction to

the key terms and frameworks in cognitive poetics and stylistics      Transformations of Electricity in Nineteenth-Century Literature and Science Stella Pratt-Smith, 2017-05-15 Throughout the nineteenth century practitioners of science writers of fiction and journalists wrote about electricity in ways that defied epistemological and disciplinary boundaries Revealing electricity as a site for intense and imaginative Victorian speculation Stella Pratt Smith traces the synthesis of nineteenth century electricity made possible by the powerful combination of science literature and the popular imagination With electricity resisting clear description even by those such as Michael Faraday and James Clerk Maxwell who knew it best Pratt Smith argues that electricity was both metaphorically suggestive and open to imaginative speculation Her book engages with Victorian scientific texts popular and specialist periodicals and the work of leading midcentury novelists including Charles Dickens Charlotte Bronte Emily Bronte William Makepeace Thackeray and Wilkie Collins Examining the work of William Harrison Ainsworth and Edward Bulwer Lytton Pratt Smith explores how Victorian novelists attributed magical qualities to electricity imbuing it with both the romance of the past and the thrill of the future She concludes with a case study of Benjamin Lumley's *Another World* which presents an enticing fantasy of electricity's potential based on contemporary developments Ultimately her book contends that writing and reading about electricity appropriated and expanded its imaginative scope transformed its factual origins and applications and contravened the bounds of literary genres and disciplinary constraints      The Facts on File Companion to the British Short Story Andrew Maunder, 2007 A comprehensive reference to short fiction from Great Britain Ireland and the British Commonwealth With approximately 450 entries this A to Z guide explores the literary contributions of such writers as Joseph Conrad James Joyce D H Lawrence Rudyard Kipling Oscar Wilde Katherine Mansfield Martin Amis and others      **Discourses of Ageing in Fiction and Feminism** J.

**The Finger** Angus Trumble, 2010-05-06 FROM THE AUTHOR OF A BRIEF HISTORY OF THE SMILE A COMPLETE INDEX OF THE DIGIT In this collision between art and science history and pop culture the acclaimed art historian Angus Trumble examines the finger from every possible angle His inquiries into its representation in art take us from Buddhist statues in Kyoto to the ceiling of the Sistine Chapel from cave art to Picasso's *Guernica* from Van Dyck's and Rubens's winning ways with gloves to the longstanding French taste for tapering digits But Trumble also asks intriguing questions about the finger in general How do fingers work and why do most of us have five on each hand Why do we bite our nails This witty odd and fascinating book is filled with diverse anecdotes about the silent language of gesture the game of love the spinning of balls superstitions relating to the severed fingers of thieves and systems of computation that were used on wharves and in shops markets granaries and warehouses throughout the ancient Roman world Side by side with historical

discussions of rings and gloves and nail polish are meditations on the finger's essential role in writing speech sports crime law sex worship memory scratching politely at eighteenth century French doors instead of crudely knocking or merely satisfying an itch and of course in the eponymous show of contempt Women & Theatre Occasional Papers, 1997 *The Urban Fantastic in Nineteenth-Century European Literature* Patricia García, 2022-01-17 The Urban Fantastic in Nineteenth Century European Literature explores transnational perspectives of modern city life in Europe by engaging with the fantastic tropes and metaphors used by writers of short fiction Focusing on the literary city and literary representations of urban experience throughout the nineteenth century the works discussed incorporate supernatural occurrences in a European city and the supernatural of these stories stems from and belongs to the city The argument is structured around three primary themes Architectures Encounters and Rhythms make reference to three axes of city life material space human encounters and movement This thematic approach highlights cultural continuities and thus supports the use of the label of urban fantastic within and across the European traditions studied here **Forthcoming Books** Rose Arny, 2003 **The Short Story Anthology and Women's Writing** Aleix Tura Vecino, 2025-08-14 Hundreds of anthologies of women's short stories have appeared in the literary market between the 1970s and now This publishing and cultural phenomenon is considered for the first time in this book which argues that during this period anthologies have become a literary technology used not only to make visible female short story writers but also to think about and mould ideas of womanhood Through creative and contextualised readings of the most important anthologies produced in this period this study shows that this literary form has contributed to and in some cases pioneered key developments in gender theory and feminist thought including questions of political combination among women which underlie contemporary global movements such as MeToo In doing so the book also develops the first book length conceptualisation of the features and meaning making mechanisms of the short story anthology as a literary form This book will benefit academics and students working in the fields of short fiction publishing and women's studies as well as feminist scholars and a growing number of specialists interested in the anthology as a literary form worldwide British Women Writers and the Short Story, 1850-1930 K.
