Annual Meeting American Historical Association. Meeting, 2007     **American Literature and the Long Downturn** Dan Sinykin, 2020-02-20 Apocalypse shapes the experience of millions of Americans Not because they face imminent cataclysm however true this is but because apocalypse is a story they tell themselves It offers a way out of an otherwise irredeemably unjust world Adherence to it obscures that it is a story rather than a description of reality And it is old Since its origins among Jewish writers in the first centuries BCE apocalypse has recurred as a tempting and available form through which to express a sense of hopelessness Why has it appeared with such force in the US now What does it mean This book argues that to find the meaning of our apocalyptic times we need to look at the economics of the last five decades from the end of the postwar boom After historian Robert Brenner this volume calls this period the long downturn Though it might seem abstract the economics of the long downturn worked its way into the most intimate experiences of everyday life including the fear that there would be no tomorrow and this fear takes the form of neoliberal apocalypse The varieties of neoliberal apocalypse horror at the nation's commitment to a racist exclusionary economic system resentment about threats to white supremacy apprehension that the nation has unleashed a violence that will consume it claustrophobia within the limited scripts of neoliberalism suffocation under the weight of debt together form the discordant chord that hums under American life in the twenty first century For many of us for different reasons it feels like the end is coming soon and this book explores how we came to this and what it has meant for literature     Incarceration in the Poetry of Anna Mendelssohn Eleanor Careless, 2025-01-23 The first full length study of the poet artist and activist Anna Mendelssohn 1948 2009 this book consolidates Mendelssohn's reputation as one of the most important avant garde British poets of her generation and explores her contribution to the powerful tradition of women writing enclosure and escape Mendelssohn was herself incarcerated in

Holloway women s prison between 1971 76 and her bold and inventive poetry foregrounds and subverts but does not triumphantly overcome conditions of constraint Informed by extensive original archival research this book reads her highly experimental lyric alongside the poetry of her forerunners and contemporaries including Nancy Cunard Muriel Rukeyser and Denise Riley restoring to view a lost network of radical Jewish and feminist modernism With chapters on the poetry of the Spanish Civil War the legacy of the Holocaust the Women s Liberation Movement the transformation of HMP Holloway in the 1970s and prison abolitionism Incarceration in the Poetry of Anna Mendelssohn illuminates the historical political and literary contexts that shape this work and argues that Mendelssohn advances a poetics not of emancipation but of abolition

**United States Demographics - Part A**, *Warped Narratives* Melissa Kate Merry, 2020-01-06 The politics of gun policy in the United States are dramatic Against the backdrop of daily gun violence which claims more than 33 000 lives per year gun control groups push for stronger regulations while gun rights groups resist infringements upon their Second Amendment rights To illuminate the dynamics of this polarized debate *Warped Narratives* examines how and why interest groups frame the gun violence problem in particular ways exploring the implication of groups framing choices for policymaking and politics Melissa K Merry argues that the gun policy arena is warped and that both gun control and gun rights organizations contribute to the distortion of the issue by focusing on atypical characters and settings in their policy narratives Gun control groups emphasize white victims child victims and mass shootings in suburban locales while gun rights groups focus on self defense shootings highlighting threats to law abiding gun owners In reality most gun deaths are the result of suicide Homicides occur disproportionately in urban areas mainly affecting racial minorities While warping makes political sense in the short term it may lead to negative long term consequences including constraints on groups ability to build broad based coalitions and to reduce prospects for

compromise To demonstrate warping Merry analyzes nearly 67 000 communications by 15 national gun policy groups between 2000 and 2017 collected from blogs emails Facebook posts and press releases This book is the first to systematically assess the role of race in gun policy groups framing and offers the most comprehensive examination to date of interest groups presentation of this issue
