Haunted Property Sarah Gilbreath Ford, 2020-08-25 Winner of a 2021 South Central Modern Language Association Book Prize At the heart of America's slave system was the legal definition of people as property While property ownership is a cornerstone of the American dream the status of enslaved people supplies a contrasting American nightmare Sarah Gilbreath Ford considers how writers in works from nineteenth century slave narratives to twenty first century poetry employ gothic tools such as ghosts and haunted houses to portray the horrors of this nightmare Haunted Property Slavery and the Gothic thus reimagines the southern gothic which has too often been simply equated with the macabre or grotesque and then dismissed as regional Although literary critics have argued that the American gothic is driven by the nation's history of racial injustice what is missing in this critical conversation is the key role of property Ford argues that out of all of slavery's perils the definition of people as property is the central impetus for haunting because it allows the perpetration of all other terrors Property becomes the engine for the white accumulation of wealth and power fueled by the destruction of black personhood Specters often linger however to claim title and Ford argues that haunting can be a bid for property ownership Through examining works by
