## **Royal Commissions Of Inquiry The Significance Of Investigations In British Politics:**

Royal Commissions of Inquiry Hugh McDowall Clokie, Joseph William Robinson, 1969      **Royal Commissions of Inquiry** Hugh McDowall Clokie, Joseph William Robinson, 1959      A Source Book of Royal Commissions and Other Major Governmental Inquiries in Canadian Education, 1787-1978 Cary F. Goulson, 1981-12-15 This is a comprehensive primary reference to a rich and often neglected storehouse of information on Canada's educational background. As the boundary between full fledged royal commissions and other official governmental inquiries is not always clear and many legislative committee inquiries and special department of education investigations have been as significant in educational development as regular commissions Goulson has included all major ministerial level governmental inquiries in Canadian education between 1787 and 1978. More than 300 inquiries are included among them general special interest judicial legislative parliamentary and other governmental committees. The information provided for each includes the type of commission or committee its size chairman purpose dates of appointment and reporting and primary source references as well as a selection of its major conclusions and or recommendations. Official governmental records and documents including the Reports themselves Legislative Journals House Debates and Hansard Sessional Papers Statutes and Department of Education records were used as the resource base. This volume will be of specific interest to teachers and students of the history of education and most educators no matter what their fields will find it useful.

**British Political Facts** David Butler, Anne Sloman, 1969-09-01      **British Political Facts 1900-1979** David Butler, Anne Sloman, 1980-02-01      **Social Research and Royal Commissions (Routledge Revivals)** Martin Bulmer, 2015-06-11 Social scientists have proposed several different models for the relationship between social science theory empirical social research and the actual making of public social policy. This book first published in 1980 seeks to provide a critical analysis of the impact of research on policy through the detailed examination of the part which research played in the work of Royal Commissions of Inquiry the bodies set up by government to consider gather evidence on report and make recommendations about specific policy areas. This title's varied and stimulating chapters will serve to shed considerable light not all of it positive upon the potential contribution of the social sciences to the practice of government. This book will be of interest to students of the social sciences particularly sociology and politics.

*British Political Facts 1900-1985* David Butler, 1986-02-01      **British Political Facts 1900-1968** NA NA, 2015-12-25      **The End of the Urban Ancient Regime in England** Frédéric Moret, 2015-01-12 The 1835 Municipal Reform Act is both a consequence and a continuation of the 1832 Reform Act. By dealing with those citadels of Toryism that were the municipal corporations the Whigs not only wanted to confirm their electoral victory but also to reform the local system that had been largely criticised for decades. Preceding the reform a thorough investigation was conducted by a group of twenty commissioners young liberal or radical lawyers who visited 285 municipal corporations in England and Wales. After public hearings they wrote for each borough a detailed report which provided an accurate picture of the

municipal institutions and their functioning over the preceding decades In describing the political organisation the administration the legal and law enforcement functions the reports showed that the municipal corporations were areas of privileges Beyond the overview provided by those in favour of reform of a system at breaking point the reports while taking into account local situations measured the role played in urban management by municipal corporations After an extensive campaign and several petitions the parliamentary debate resulted in a compromise bill that aimed at reforming only the main royal boroughs Small towns as well as large industrial cities which had not been granted the royal charter of incorporation were not affected by the reform Though it carefully treated certain former institutions the municipal reform fundamentally altered the way administration was run and marked the end of the urban Ancient Regime in England and in Wales

**Crime, Truth and Justice** George Gilligan, John Pratt, 2013-01-11 This book is concerned to analyse the production of criminological knowledge with particular reference to one of the most important institutions in the western world involved in this the official inquiry The core focus of this book is thus to investigate the structures and processes of official discourse and the ways in which this produces knowledge on crime and justice a much neglected topic in comparison to the attention that has been played to the role of the media in this process The mechanisms that produce official discourse vary according to different jurisdiction but some clear themes nevertheless emerge Routledge Handbook of Comparative Policy Analysis

Marleen Brans, Iris Geva-May, Michael Howlett, 2017-04-28 This Handbook presents the first comprehensive study of policy analytical practices in comparative perspective It explores emerging developments and innovations in the field and advances knowledge of the nature and quality of policy analysis across different countries and at different levels of government by all relevant actors both inside and outside government who contribute to the diagnosis of problems and the search for policy solutions Handbook chapters examine all aspects of the science art and craft of policy analysis They do so both at the often studied national level and also at the less well known level of sub national and local governments In addition to studying governments the Handbook also examines for the first time the practices and policy work of a range of non governmental actors including think tanks interest groups business actors labour groups media political parties and non profits Bringing together a rich collection of cases and a renowned group of scholars the Handbook constitutes a landmark study in the field

**The Role of International Exhibitions in Britain, 1850-1910** Anthony David Edwards, 2008 This book investigates these assumptions by systematically exploring the relationship between participation in international exhibitions the state of the economy and the issue of technical education from a British perspective between 1850 and 1910 Scientific Advice to the Nineteenth-Century British State Roland Jackson, 2023-11-14 In twenty first century Britain scientific advice to government is highly organized integrated across government departments and led by a chief scientific adviser who reports directly to the prime minister But at the end of the eighteenth century when Roland Jackson s account begins things were very different With this book Jackson turns his attention to the men of science of the day who derived their knowledge of the

natural world from experience observation and experiment focusing on the essential role they played in proffering scientific advice to the state and the impact of that advice on public policy At a time that witnessed huge scientific advances and vast industrial development and as the British state sought to respond to societal economic and environmental challenges practitioners of science engineering and medicine were drawn into close involvement with politicians Jackson explores the contributions of these emerging experts the motivations behind their involvement the forces that shaped this new system of advice and the legacy it left behind His book provides the first detailed analysis of the provision of scientific engineering and medical advice to the nineteenth century British government parliament the civil service and the military

**The Court as Archive** Ann Genovese, Trish Luker, Kim Rubenstein, 2019-02-19 Until the late 20th century an archive generally meant a repository for documents as well as the generic name for the wide range of documents the repository might hold An archive could be visited and then also searched to discover past actions or lives that had meaning for the present While historians and historiographers have long understood the contests that archives contain and represent the very idea of the archive has over the last 40 years become the subject and object of widening and intensified consideration This consideration has been intellectual from scholars in a wide range of disciplines and public from communities and individuals whose stories are held captive or sometimes hidden or excluded from official archives as well as institutional It has involved scrutiny and critique of official archives limitations and practices as well as symbolic affective and theoretical expansion and heightened expectation of what the archive is or should be The very language of the archive now carries freight as administrative practice normative value metaphor description and aspiration in different ways than it did in the 20th century This collection offers a unique contribution to these reinvigorated and sometimes new conversations about what an archive might be what it can do as a consequence and to whom it bears custodial responsibilities In particular this collection addresses what it means for contemporary Australian superior courts of record to not only have constitutional and procedural duties to documents as a matter of law but also to acknowledge obligations to care for those materials in a way that understands their public meaning and public value for the Australian people in the past in the present and for the future

**International Encyclopedia of Public Policy and Administration Volume 4** Jay Shafritz, 2019-03-01 This is the fourth volume of a four volume encyclopaedia which combines public administration and policy and contains approximately 900 articles by over 300 specialists This Volume covers entries from R to Z It covers all of the core concepts terms and processes of applied behavioural science budgeting comparative public administration devel

**Imagining the Public in Modern South Asia** Brannon Ingram, J. Barton Scott, SherAli K Tareen, 2018-02-02 In South Asia as elsewhere the category of the public has come under increased scholarly and popular

scrutiny in recent years To better understand this current conjuncture we need a fuller understanding of the specifically South Asian history of the term To that end this book surveys the modern Indian public across multiple historical contexts and sites with contributions from leading scholars of South Asia in anthropology history literary studies and religious studies As a whole this volume highlights the complex genealogies of the public in the Indian subcontinent during the colonial and postcolonial eras showing in particular how British notions of the public intersected with South Asian forms of publicity Two principal methods or approaches the genealogical and the typological have characterised this scholarship This book suggests more in the mode of genealogy that the category of the public has been closely linked to the sub continental history of political liberalism Also discussed is how the studies collected in this volume challenge some of liberalism s key presuppositions about the public and its relationship to law and religion

*Transitional Justice in Law, History and Anthropology* Lia Kent, Melissa Demian, 2020-06-09 Transitional justice seeks to establish a break between the violent past and a peaceful democratic future and is based on compelling frameworks of resolution rupture and transition Bringing together contributions from the disciplines of law history and anthropology this comprehensive volume challenges these frameworks opening up critical conversations around the concepts of justice and injustice history and record and healing transition and resolution The authors explore how these concepts operate across time and space as well as disciplinary boundaries They examine how transitional justice mechanisms are utilised to resolve complex legacies of violence in ways that are often narrow partial and incomplete and reinforce existing relations of power They also destabilise the sharp distinction between before and after war or conflict that narratives of transition and resolution assume and reproduce As transitional justice continues to be celebrated and promoted around the globe this book provides a much needed reflection on its role and promises It not only critiques transitional justice frameworks but offers new ways of thinking about questions of violence conflict justice and injustice It was originally published as a special issue of the Australian Feminist Law Journal

Legal Histories of Empire Lyndsay Campbell, Shaunnagh Dorsett, 2024-10-11 This collection brings together an international group of scholars in order to provide new insights into the diversity of imperial legalities Across empires legalities were produced not just or even through the imperial imposition of laws and legal forms but through local processes of negotiation and contestation Far from the metropolises local actors found ways to creatively navigate and subvert imperial frameworks and laws and to create space in which to shape new legalities responsive to local circumstance and need Covering topics as diverse as smuggling in eighteenth century Jersey the criminalisation of female market women in World War II era southern Nigeria and whiteness and race in sexual perversion cases in twentieth century Malaya the collection elaborates new legal histories of empire Drawing from Britain Ireland Australia Canada the USA India Sri Lanka Africa and Malaysia the collection brings together chapters that examine the stories of the peoples of empires and shows how they constituted experienced navigated and subverted the legal complexities of living under empire This book will be of interest to

scholars and researchers in law and history but also to those with relevant interests in post colonial and cultural studies as well as in criminology and sociology     Late Georgian and Regency England, 1760-1837 Robert A.
