Royal Navy And The Palestine Control:

The Royal Navy and the Palestine Patrol Ninian Stewart, 2002 This is an entirely new Naval Staff History covering the period immediately after the Second World War and the Royal Navy operations to prevent illegal Jewish immigration into Palestine at the time under British Mandate from the United Nations The Palestine Patrol as it became known illustrates clearly the problems facing navies conducting operations other than war in particular those involving maritime embargo measures

Immigration to Palestine during the British Mandate (1922-1948) Yaacov Nir, 2021-10-19 This book explores the nature of the severe conflict over immigration in Palestine during the British Mandate 1922 1948 It considers the perspectives of the British authorities the Palestinian Jewish community and the Palestinian Arabs in their permanent opposition to Jewish immigration expressed through strikes demonstrations and revolt towards the Jewish community in Palestine as well as the British authorities It serves to contribute to a debate in the history of Palestine whilst seeping into other disciplines such as economics sociology law and maritime history

Extraterritorial Immigration Control Bernhard Ryan, Valsamis Mitsilegas, 2010 This work analyses the legal challenges posed by contemporary practices of extraterritorial immigration control visas pre embarkation checks and the interception of irregular migrants It examines the international law framework and provides case studies from Europe Australia and the United States

Britain's Naval and Political Reaction to the Illegal Immigration of Jews to Palestine, 1945-1949 Freddy Liebreich, 2004-10-07 This book provides an important shift in the analysis of Britain's policy towards the illegal postwar Jewish immigration into Palestine It charts the development of Britain's response to Zionist immigration from the initial sympathy as embodied in the Balfour Declaration through attempts at blockade refoulement and finally disengagement The book exposes differences in policy pursued by the great departments of state like the Foreign Colonial and War Offices and their legal advisors and those implemented by the Admiralty The book argues that the eventual failure of Britain's immigration policy was inevitable in view of the hostility shown by many European nations and America towards Britain's ambition to retain her position in the Middle East

The Secret of the Immortality of the Jews Tan Nget Hong, The great novelist Mark Twain once described the Jews this way If statistics are right the Jews constituted but one percent of the human race It suggests a nebulous dim puff of stardust lost in the blaze of the Milky Way Properly the Jews ought hardly to be heard of but he is heard of has always been heard of He is as prominent on the planet as any other people and his commercial importance is extravagantly out of proportion to the smallness of his bulk His contributions to the world's list of great names in literature science art music finance medicine and abstruse learning are also always out of proportion to the weakness of his numbers He has made a marvelous fight in this world in all the ages and has done it with his hands tied behind him He could be vain of himself and be excused for it The Egyptian the Babylonian and the Persian rose filled the planet with sound and splendor then faded to dream stuff and passed away the Greek and the Roman followed and made a vast noise and they are gone other people have

sprung up and held their torch high for a time but it burned out and they sit in twilight now or have vanished The Jew saw them all beat them all and is now what he always was exhibiting no decadence no infirmities of age no weakening of his parts no slowing of his energies no dulling of his alert and aggressive mind All things are mortal but the Jew all other forces pass but he remains What is the secret of his immortality What is the secret of the immortality of the Jews As Mark Twain wrote in 1897 the civilizations of Egypt Babylon Greece and Rome which flourished at the same time as the ancient Jewish civilization were once glorious but they all had long ceased to exist and today only some excavated artifacts are left in the museums to prove their existence But the ancient Jewish people are still as vigorous today as they were in ancient time Not only that but in the fifty years after Mark Twain wrote the article or two thousand years after the destruction of the nation by the Romans the nation Israel was miraculously reborn The Jews who had been exiled and scattered all over the world were miraculously regathered back to the land of their ancestor and today the nation is a strong and prosperous state in the Middle East Not only that Hebrew the Jewish language that had been declared dead for more than a thousand years was brought back to life again with the return of the Jews to Israel Today Hebrew is the official language of the State of Israel used by 10 million Israelis In human history no other nation that has been destroyed is ever restored after two thousand years nor has the language of any other nation that was dead for nearly two thousand years and then come back to life again What is the secret of the immortality of the Jews The answer to this question is actually quite simple the secret of the immortality of the Jews is that God s hand continues to be upon them because God is keeping them alive And this is because the Jews have a very important role to play in God s end times plan To put it simply the secret of the immortality of the Jews is the hand of God is on them That s the theme of this book Here the author will explore the roles of the Jews and the nation of Israel in God s plan for the end times in the Bible and provide more detailed historical facts about the restoration of the Jews in our generation These historical facts are evidences that the restoration of modern Israel is God s work In this book we will also explore the spiritual significance of Israel s restoration and how we as Christians should respond to God s work of restoration of Israel in these last days ABOUT THE AUTHOR Dr Tan Nget Hong is the Elder of the Chinese Church of the Petaling Jaya Evangelical Free Church in Malaysia He is also a council member of the Association of Malaysian Chinese Christian Writers He holds a BSc degree from National Taiwan University and a MSc and PhD degree in chemistry from the University of Chicago He was a professor at the Department of Molecular Medicine at the University of Malaya Malaysia He is also the author of The Call of Jerusalem The Iron Tree in Blossom The Restoration of Israel and Fulfillment of Biblical Prophecies O Istanbul My Heart Cries Decline of Middle Eastern Christianity He who has an Ear Let Him hear The Seven Churches of Revelation and Patmos Island Travel Journal and Reflectionsand Ancient Footsteps Following the Footsteps of St Paul in Greece and Rome

Books on the Palestinian conflict tend to focus on one historical period and blame one side or another for the Palestinians predicament This work fills the need for a source that tells a comprehensive story of the conflict since the nineteenth century when Zionism was conceived in Europe and Palestine was home for Arab majority and very small Jewish minority It reviews and analyzes the histories of Arab nationalism Zionism Palestinian nationalism and the roles played by Jordan and Egypt in the Palestinian conflict over the years **The Royal Navy's Air Service in the Great War** David Hobbs, 2017-09-30 In a few short years after 1914 the Royal Navy practically invented naval air warfare not only producing the first effective aircraft carriers but also pioneering most of the techniques and tactics that made naval air power a reality By 1918 the RN was so far ahead of other navies that a US Navy observer sent to study the British use of aircraft at sea concluded that any discussion of the subject must first consider their methods Indeed by the time the war ended the RN was training for a carrier borne attack by torpedo bombers on the German fleet in its bases over two decades before the first successful employment of this tactic against the Italians at Taranto Following two previously well received histories of British naval aviation David Hobbs here turns his attention to the operational and technical achievements of the Royal Naval Air Service both at sea and ashore from 1914 to 1918 Detailed explanations of operations the technology that underpinned them and the people who carried them out bring into sharp focus a revolutionary period of development that changed naval warfare forever Controversially the RNAS was subsumed into the newly created Royal Air Force in 1918 so as the centenary of its extinction approaches this

book is a timely reminder of its true significance Fighting the Great War at Sea Norman Friedman, 2014-10-15 While the overriding image of the First World War is of the bloody stalemate on the Western Front the overall shape of the war arose out of its maritime character It was essentially a struggle about access to worldwide resources most clearly seen in Germany's desperate attempts to counter the American industrial threat which ultimately drew the United States into the war This radical new book concentrates on the way in which each side tried to use or deny the sea to the other and in so doing describes rapid wartime changes not only in ship and weapons technology but also in the way naval warfare was envisaged and fought Melding strategic technical and tactical aspects Friedman approaches the First World War from a fresh perspective and demonstrates how its perceived lessons dominated the way navies prepared for the Second World War
