The Scrapbook in American Life Susan Tucker, Katherine Ott, Patricia Buckler, 2006 This book explores the history of scrapbook making its origins uses changing forms and purposes as well as the human agents behind the books themselves Scrapbooks bring pleasure in both the making and consuming and are one of the most enduring yet simultaneously changing cultural forms of the last two centuries Despite the popularity of scrapbooks no one has placed them within historical traditions until now This volume considers the makers their artefacts And The viewers within the context of American culture The volume's contributors do not show the reader how to make scrapbooks or improve techniques but instead explore the curious history of what others have done in the past and why these splendid examples of material and visual culture have such a significant place in many households Earl Campbell Asher Price, 2019-09-01 Earl Campbell was a force in American football winning a state championship in high school rushing his way to a Heisman trophy for the University of Texas and earning MVP as he took the Houston Oilers to the brink of the Super Bowl An exhilarating blend of biography and history Earl Campbell chronicles the challenges and sacrifices one supremely gifted athlete faced in

his journey to the Hall of Fame The story begins in Tyler Texas and features his indomitable mother a crusading judge and a newly integrated high school then moves to Austin home of the University of Texas infamously the last all white national champion in college football where legendary coach Darrell Royal stakes his legacy on recruiting Campbell Later in booming Luv Ya Blue Houston Campbell reaches his peak with beloved coach Bum Phillips who celebrates his star runner s bruising style even as it takes its toll on Campbell s body Drawing on new interviews and research Asher Price reveals how a naturally reticent kid from the country who never sought the spotlight struggled with complex issues of race and health In an age when concussion revelations and player protest against racial injustice rock the NFL Campbell s life is a timely story of hard earned success and heart wrenching sacrifice

In Service Tim Rees,2013-08-01 In Service is the tale of one person s journey into manhood ultimately finding himself in the theatre of war It is a journey littered with colourful anecdotes and diverse experience from military training in the Guards Depot to Trooping the Colour from academic failure to intelligence work in Northern Ireland from helping Rudolf Hess out of an ambulance to being tasked with taking the Queen s portrait Tim Rees colours every experience with profound and often idiosyncratic observations that offer the reader a taste of the sometimes humorous often arduous and on too many occasions brutal reality of service But as Tim says The positive effect is the bond of common experience I share with men with whom I served in the army a type of bond that in his opinion is in danger of being lost in the modern age

Leaves from My Chinese Scrapbook Frederic Henry Balfour,1887 An eminent writer of the present century has hazarded the conjecture that in the unwritten history of the globe might be found the names of many great and distinguished men of whom the world knows nothing that in bygone ages and in distant lands there have been Ciceros and Caesars Hannibals and Homers may we suggest in all seriousness Beaconfields and Bismarcks whose fame has never reached the shores of Europe and whose memories have perished with their lives Strange to say we have heard this striking notion characterised as shallow The criticism seems ungracious profound it may not be but there can be no question of its truth nor of the fact that it is very little realised or thought of Pg 1

 Douglas Hunter, 2022-05-15 A captivating account of the formative years of one of Canada's best known artists Jackson's Wars follows A.Y. Jackson's education and progress as a painter before he was a well known artist and his time on the battlefield in Europe before he cast his lot in with a group of like minded Toronto artists Jackson fought many battles he was a feisty and opinionated combatant when he crossed swords with critics collectors museums galleries and fellow painters as an emerging artist Moving from Montreal to Toronto in 1913 he became a key figure in a landscape movement that was determined to depict Canada in a bold new way only to have a war dash the group's collective ambitions Alone among his close associates Jackson enlisted to fight with the 60th Infantry Battalion Wounded at Sanctuary Wood in 1916 he returned to the field of combat as an official war artist the first Canadian artist appointed the only infantryman in the program and militated for other Canadian appointments to what is now a storied moment of creation for such artists as F.H. Varley and Arthur Lismer Jackson produced some of Canada's most memorable depictions of the world's first industrial scale conflict even as he reckoned with the anguish caused by the mysterious death of his close friend Tom Thomson A life changing event for soldiers families and nations alike the First World War has been understood as a moment of stasis in the visual arts in Canada the dead ground from which the Group of Seven emerged in the early 1920s Douglas Hunter shows how Jackson's war was a moment of intense transformation and artistic development on the canvas as well as an experience that tempered a young man into a constructive elder statesman for Canadian art On his return home he was not only instrumental in the formation of the Group of Seven in Toronto but a key figure for the Beaver Hall Group in Montreal Jackson's Wars is a story of brotherhoods of painters and soldiers shot through with inspiration ambition trauma and loss on the home front as well as on the battlefield Hunter widens and deepens A.Y.
