**Meghan and Harry** Lady Colin Campbell, 2024-04-16 Only in ebook An updated edition of this blockbuster narrative provides the first behind the scenes authoritative account of the Duke and Duchess of Sussex's marriage by the New York Times bestselling author of Diana in Private A Wall Street Journal bestseller Meghan and Harry The Real Story Persecutors or Victims presents the reader with a strikingly forthright analysis of what happens when a vulnerable male raised in the traditions of the Old World and protected by a lifetime of privilege falls head over heels in love with a steely and ambitious doyenne of the New who is careless of tradition ignorant of its purpose contemptuous of its consequences and convinced that her own way is the best way even as the evidence to the contrary mounts Sunday Times best selling author

Lady Colin Campbell scrutinizes with insight clarity and precision the evidence of the circumstances actions and motives of Meghan and Harry with an impeccable and aristocratically experienced vision honed by five decades in the public eye She catalogues in depth how this apparently brilliantly favoured couple came to lose their way how they exhibited profound contemptuousness for practices built up by a treasured institution over a millennium and how they were unable to understand the potential benefits of their destiny to such an extent that they managed to turn their fate on its head Contrary to their statements Meghan and Harry prove through their own actions that they are ill judged characters unable to bring the dynamism of the New to the Old or represent the dignity of the Old to the New Falling between these two stools they conspire time and again against themselves and others inviting nothing but unnecessary controversy and unintended failure despite the fact that the vast majority of onlookers originally wished them well and hoped they would successfully forge a unique way forward in their ground breaking union Lady Colin's pen allows the couple no escape from the consequences of their actions With her unrivalled access to a variety of worlds closed to most writers Lady Colin Campbell provides the reader with the opinions of diplomatic and political figures from all over the Commonwealth as well as representatives of royalty aristocracy functionaries in the political spectrum and members of the general public to whom she has access through her professional activities as a writer and broadcaster In the process she demonstrates how the couple's desire for freedom from accepted restraints allied to ambitions of a very mixed nature have led to the inevitable clashes which have characterized their activities and brought about their descent from being the most popular royal couple at the time of their marriage to the most unpopular now Meghan may well have brought her Prince in shining armour to a home in Montecito California but the author provides the reader with genuine insight into the consequences of the couple's choices through her recognition of what it has taken them to get there including infuriating the late Queen and jettisoning close family as well as friends and colleagues and she concludes that Harry and Meghan are truly their own worst enemies persecutors who present themselves as victims when a more constructive and positive approach to life would have assured them of an entirely different and more positive outcome

Royal is too independent to realize what she has. Begrudging neighbors Dot and Victoria scheme to inflict pain that will last a life time and cause scars that will never heal. Just wait until you see what caper this mother daughter tag team come up with against Royal and her boys. You can never stand outside your neighbors house and tell what s going on inside we are all just spectators. Outside Looking In *Paper Diver* Gary L. Pinkerton, 2024-06-25. Harry E Rieseberg s autobiographical writings include stories like being attacked by a giant octopus while recovering sunken treasure, defending himself from an attack by a 15 foot shark with only a diving knife and surviving a hurricane and a severely broken leg while at sea, all captivating tales for audiences in the 1940s and 1950s and all invented by a very successful charlatan. This is a biography of Harry E Rieseberg, a shameless self promoter who passed himself off as the world s greatest treasure salvor but who never got wet. His entire public persona was based on stories he retold in dozens of books and thousands of articles in which he made claims of feats that were fantasy but sold as fact. Despite the often obvious facts of his fabrication, his books influenced a generation of legitimate divers and underwater archaeologists like Sir Robert Marx and Robert Stenuit. Thoroughly researched, this book uses sources including his personal records and letters to his agents to provide deep insight into the nature of his life and the way he created a false persona for popular consumption. **New York** George Lippard, 1853 **Zoologist** , 1852 **The Zoologist** Edward Newman, James Edmund Harting, William Lucas Distant, Frank Finn, 1851
