Transactions of the Royal Historical Society, 2009 *The Life of Permafrost* Pey-Yi Chu, 2020-12-07 In the Anthropocene the thawing of frozen earth due to global warming has drawn worldwide attention to permafrost Contemporary scientists define permafrost as ground that maintains a negative temperature for at least two years But where did this particular conception of permafrost originate and what alternatives existed The Life of Permafrost provides an intellectual history of permafrost placing the phenomenon squarely in the political social and material context of Russian and Soviet science Pey Yi Chu shows that understandings of frozen earth were shaped by two key experiences in the Russian Empire and the Soviet Union On one hand the colonization and industrialization of Siberia nourished an engineering perspective on frozen earth that viewed the phenomenon as an aggregate physical structure ground On the other a Russian and Soviet tradition of systems thinking encouraged approaching frozen earth as a process condition and space tied to planetary exchanges of energy and matter Aided by the US militarization of the Arctic during the Cold War the engineering view of

frozen earth as an obstacle to construction became dominant The Life of Permafrost tells the fascinating story of how permafrost came to acquire life as Russian and Soviet scientists studied named and defined it **Allegorical Bodies** Daisy Delogu, **The London Charterhouse** Stephen Porter, 2009 Thomas Sutton's reputation as the wealthiest commoner in England at the time of his death in 1611 was matched by the scale of the charity which he founded at the Charterhouse in Clerkenwell This work examines the Charterhouse's significance as England's leading charity and the support and opposition that it attracted **Church And Society In England 1000-1500** Andrew Brown, 2017-03-14 What impact did the Church have on society How did social change affect religious practice Within the context of these wide ranging questions this study offers a fresh interpretation of the relationship between Church society and religion in England across five centuries of change Andrew Brown examines how the teachings of an increasingly universal Church decisively affected the religious life of the laity in medieval England However by exploring a broad range of religious phenomena both orthodox and heretical including corporate religion and the devotional practices surrounding cults and saints Brown shows how far lay people continued to shape the Church at a local level In the hands of the laity religious practices proved malleable Their expression was affected by social context status and gender and even influenced by those in authority Yet as Brown argues religion did not function simply as an expression of social power hierarchy patriarchy and authority could be both served and undermined by religion In an age in which social mobility and upheaval particularly in the wake of the Black Death had profound effects on religious attitudes and practices Brown demonstrates that our understanding of late medieval religion should be firmly placed within this context of social change **P. S. O'Hegarty (1879-1955)** Keiron Curtis, 2012-10 P S O Hegarty 1879 1955 provides an informative and lively biography of the Irish nationalist P S O Hegarty a major historical figure in the modern separatist movement At the same time the book explores important issues within nationalism and Irish history such as what is meant by nation and national identity cultural and political tolerance Republican Liberalism and the nature as well as the clash of religion and state **Going to Market** Professor David Pennington, 2015-10-28 Going to Market rethinks women's contributions to the early modern commercial economy A number of previous studies have focused on whether or not the early modern period closed occupational opportunities for women By attending to women's everyday business practices and not merely to their position on the occupational ladder this book shows that they could take advantage of new commercial opportunities and exercise a surprising degree of economic agency Through an investigation of a broad range of primary sources including popular literature criminal records and civil litigation depositions the study reconstructs how women did business and negotiated with male householders authorities customers and competitors **The Times and Appeasement** Aubrey Leo Kennedy, 2000 A L Kennedy the son of a British diplomat began a long career in journalism with The Times before the First World War When he returned to the newspaper in 1919 as Captain Kennedy he began to keep a journal of his activities and ideas his conversations with politicians officials and journalists This book is an edited and

annotated selection from his journals between 1932 and 1939 during which period he served as The Times assistant foreign editor and in which capacity he was responsible for most of the leading articles on foreign affairs His journals provide a fascinating insight into the complicated relationship between The Times and the government intriguing to read they are an extremely valuable source for historians of diplomacy politics and journalism in Britain between the wars and help to illuminate our understanding of appeasement Masters and Servants Scott P. Stephen, 2020-01-09 Stephen offers fresh insight into the path a historic fur trading business took to become one of Canada's most recognizable retailers Literary Review of Canada In Masters and Servants Scott P. Stephen reveals startling truths about Hudson's Bay Company HBC workers Rather than dedicating themselves body and soul to the Company's interests these men were hired like domestic servants joining a household with its attendant norms of duty and loyalty The household system produced a remarkably stable political economic entity connecting early North American resource extraction to larger trends in British imperialism Through painstaking research Stephen shines welcome light on the lives of these largely overlooked individuals An essential book for labor historians Masters and Servants will appeal to scholars of early modern Britain the North American fur trade Western social history business history and anyone intrigued by the reach of the HBC Blacksmiths bookkeepers loggers tanners coopers cooks sail makers interpreters surveyors clergy the list goes on as Stephen marches us through the lives of the early Hudson's Bay worker The Ormsby Review Overall the book reflects the work of a historian comfortable with the hard work of archival research and with an eye for detail and insightful quotations In many respects it does for Hudson's Bay Company employees what Carolyn Podruchny's Making the Voyageur World did for employees of the Montreal based fur trade companies in recreating their values worldview and distinctive work environment Michael Payne Prairie History

The History of the Irish Famine Christine Kinealy, Gerard Moran, 2018-09-20 The Great Irish Famine remains one of the most lethal famines in modern world history and a watershed moment in the development of modern Ireland socially politically demographically and culturally In the space of only four years Ireland lost twenty five per cent of its population as a consequence of starvation disease and large scale emigration Certain aspects of the Famine remain contested and controversial for example the issue of the British government's culpability proselytism and the reception of emigrants However recent historiographical focus on this famine has overshadowed the impact of other periods of subsistence crisis both before 1845 and after 1852 This volume seeks to counterbalance the recent historiographical focus on the Great Irish Famine which has overshadowed the impact of other periods of subsistence crisis both before 1845 and after 1852 As occurred during the Great Famine they often resulted in increased levels of evictions emigration disease and death although the scale was lower While the Great Famine brought major economic social and demographic changes large areas of the country retained pre famine structures with many communities continuing to have a subsistence existence and consequently regular crop failures and famines These lesser known famines are examined in this volume along with the causes and why

they did not achieve the scale of the Great Famine *The English Catalogue of Books ...* Sampson Low,1907 **The Great Tradition** Anthony Brundage,Richard A. Cosgrove,2007 This book examines the prominent role played by constitutional history from 1870 to 1960 in the creation of a positive sense of identity for Britain and the United States **Religious Space in Reformation England** Susan Guinn-Chipman,2015-10-06 The dissolution of the monasteries in England during the 1530s began a turbulent period of religious restructuring Focusing on the counties of Wiltshire and Cheshire Guinn Chipman looks at the changing nature of religion over the next two centuries Man of the Century John Ramsden,2002 Man of the Century is the often surprising story of how Winston Churchill in the last years of his life carefully crafted his reputation for posterity revealing him to be perhaps the twentieth century s first and most gifted spin doctor Ramsden draws on fresh material and extensive research on three continents to argue that the statesman s force of personality and romantic imperial notion of Britain has contributed directly to many of the political debates of the last decades including American involvement in Vietnam and the role of the Anglo American alliance in promoting and protecting a certain vision of world order **Sentiment and Self** Peter Robb,2011-09-15 Richard Blechynden was a surveyor architect and builder in early colonial Bengal This volume and its companion Sex and Sensibility use 80 volumes of his diaries and other archival material along with anecdotes extracts and stories to recreate histories of everyday life While Sex and Sensibility deals with larger issues of sexuality concubines and dynamics of households in colonial Bengal this volume deals with life in Calcutta and the re creation of a British identity It explores issues like interactions between Europeans and Indians race and tolerance laws and legal system and establishment of colonial city and government giving a bird s eye view of colonial Calcutta and its dynamic society This book will interest scholars and students of modern Indian history gender studies cultural studies and British Imperialism as well as those interested in biographies
