

prescription for the clergy's decline. The decline is all the more ironic in view of the state's original aim to "modernize" the church at all levels, to strengthen it while simultaneously integrating it into the framework of the new, secular state.

No brief review can do justice to the subtlety and comprehensiveness of Professor Freeze's efforts. His book is based on a phenomenal amount of research, much of it archival, and his lucid writing is a model of historical and sociological analysis. He has succeeded in making the maximum use of his research material without burdening the reader with excessive or irrelevant examples. More extensive reflection on what it means to "modernize" a clergy would have been desirable, but to insist would be to cavil. Professor Freeze's portrait of the clerical *soslovie* ranks with the best histories we have of other social groups of this period, whether nobility, townsmen, or the peasantry. It is a major contribution to our understanding of Russia's social and cultural history.

THE RUSSIAN ECCLESIASTICAL MISSION IN PEKING DURING THE EIGHTEENTH CENTURY. By *Eric Widmer*. Foreword by *John K. Fairbank*. Harvard East Asian Monographs, 69. Cambridge, Mass.: East Asian Research Center, Harvard University, 1976. xii, 262 pp. Map. \$15.00. Distributed by Harvard University Press, Cambridge, Mass.

A religious missionary enterprise ordinarily is sent across international boundaries as part of an outreach by religious zealots who sense some obligation to convert foreigners who are perceived to stand in need of spiritual enlightenment and salvation. The missionaries' arrival in the foreign society is seldom welcomed. The "Russian ecclesiastical mission in Peking" exhibited an ironic reversal of the usual roles in such an endeavor. The initiatives for the mission came from Peking and the Chinese emperor himself provided the resources to sustain the mission station for over a century. The "missionaries" made few converts, but manifested little concern about their poor showing. They even experienced what Widmer calls a "substantial fear of converting Chinese" (p. 150).

The truth is that the Russian ecclesiastical mission was no mission at all, but an ad hoc surrogate for regular diplomatic relations which, under the circumstances, were impossible even though they were imperative. What was called an "ecclesiastical mission" was in fact an impromptu creation which allowed China and Russia to resolve the problems surrounding the first contacts of the two expanding empires in a way which permitted both to maintain satisfactorily, for the time, their mutually incompatible views of relations between sovereignties. China, holding to its hierarchical view of such relations, accepted and even nurtured the Russian mission as a symbol of its "tributary" suzerainty over the peoples of the interior of the Asian continent; Russia, representing the Western view of the essential equality of sovereigns in international relations, considered the religious institution to be the equivalent of a diplomatic mission. Russia could thereby claim to have outdone the other Western powers in the attempt to establish orderly relations with the giant of the East. Widmer's argument is quite plausible, although considerable speculation is necessary to compensate for the lack of definitive documentation, from either Russian or Chinese sources, demonstrating precisely how the two governments viewed the arrangement.

In a narrative which is occasionally unchronological and confusing, Widmer painstakingly recounts the story of the mission from its remote beginnings in the capture of Russian adventurers in 1683 to the end of the eighteenth century. Widmer's major contribution lies in his discussion of events prior to 1728. There he ably documents the thesis that China treated Russia as an Inner Asian tributary rather than a
