of the poet and with it an account of Northern Irish poetry vital to our understanding of the times      **Judging by**

Stevenson's printed and manuscript poems that have never been published in any collection The edition also identifies and  
restores various poems assembled by Stevenson in his Notebooks many of which were mutilated by members of The Boston  
Bibliophile Society The editor Roger Lewis has carefully studied Stevenson's manuscripts and letters identifying many  
variants in individual poems and in orders of his collections as well as in the editorial procedures of a succession of RLS's  
literary associates who claimed to be fulfilling his intentions or acting on his authority The ordering of this edition will follow  
Stevenson's own final arrangement over unauthorised editorial rearrangements or strict considerations of chronology  
Complete and accurate dates of composition and publication of individual poems and of collections are given wherever  
possible Appendices include bibliographical description and location for manuscript and printed sources of all poems in the  
edition poems in process how Stevenson sketched and revised during composition notebooks bibliographical history and  
significance chronology and ordonnance of poetic units There are also explanatory and textual notes Scots poems are glossed  
and annotated using The Concise Scots Dictionary and web resources of the SNDA A substantial introduction covers the
