Rich Losers Gursimran Bindra,2014-05-14 Its about the life of an inquisitive teenager who appreciates living life in her own way People consider teenage as the age where one either spoils or makes his life by getting serious but she disagrees and describes that this is the age to do crazy and interesting things and avoid becoming a dead duck She explains that interruptions are like pimples on skin Her parents dont notice what she likes to do and this makes her believe that family makes her miserable by drawing lines in her own life She prefers independence though she is smart and aware of all that she does Her attitude towards life is you mess with me Ill make your life hell because she thinks that the one who doesnt know to protect himself can never live a peaceful life therefore its necessary to be bold She concentrates on living her present and likes being with people who make

her feel needed because there is joy in abundance After realising that this is what she really wants to have in her life and not brawls she alters herself and learns to be better person and tackle situations thoughtfully without causing harm to inner peace
