Toronto Sketches 9 Mike Filey, 2006-04-01 Mike Filey's column The Way We Were first appeared in the Toronto Sunday Sun not long after the first edition of the paper hit the newsstands and front porches on September 16 1973 Since that day more than three decades ago Mike's column has enjoyed an uninterrupted stretch as one of the paper's most popular features In 1992 a number of his columns were reprinted in Toronto Sketches The Way We Were by Dundurn Press Since then another seven volumes of Toronto Sketches have been published each of which has attained great success both with Toronto book buyers and with former Torontonians wishing to relive an earlier gentler time in the city's past This ninth volume features a variety of stories including a look at Toronto's 1904 inferno the birth of Rex Heslop's Rexdale community a visit to Sunnyside Amusement Park and a few fascinating tales about the city's streetcars **The Dundurn Group** The Dundurn Group, **Undressed Toronto** Dale Barbour, 2021-10-01 Undressed Toronto looks at the life of the swimming hole and considers how Toronto turned boys skinny dipping into comforting anti-modernist folk figures By digging into the vibrant social life of these spaces Barbour challenges narratives that pollution and industrialization in the nineteenth century destroyed the relationship between Torontonians and their rivers and waterfront Instead we find that these areas were co-opted and transformed into recreation spaces often with the acceptance of indulgent city officials While we take the beach for granted today it was a novel form of public space in the nineteenth century and Torontonians had to decide how it would work in their city To create a public beach bathing needed to be transformed from the predominantly nude male privilege that it had been in the mid-nineteenth century into an activity that women and men could participate in together That transformation required negotiating and establishing rules for how people would dress and behave when they bathed and setting aside or creating distinct environments for bathing Undressed Toronto challenges assumptions about class the urban environment and the presentation of the naked body It explores anxieties about modernity and masculinity and the weight of nostalgia in public perceptions and municipal regulation of public bathing in five Toronto environments that showcase distinct moments in the transition from vernacular bathing to the public beach the city's central waterfront Toronto

unique opportunity to examine how the city has been transformed from a provincial industrial city into one of North America's largest and most diverse regions. Streetcars and the Shifting Geographies of Toronto studies the city's urban transformations through an analysis of photographs taken by streetcar enthusiasts beginning in the 1960s. These photographers did not intend to record the urban form, function, or social geographies of Toronto; they were accidental archivists whose main goal was to photograph the streetcars themselves. But today their images render visible the ordinary day-to-day life in the city in a way that no others did. These historic photographs show a Toronto before gentrification, globalization, and deindustrialization. Each image has been re-photographed to provide fresh insights into a city that is in a constant state of flux. With gorgeous illustrations, this unique book offers an understanding of how Toronto has changed and the reasons behind these urban shifts. The visual exploration of historic and contemporary images from different parts of the city helps to explain how the major forces shaping the city affect its form, functions, neighbourhoods, and public spaces.

Hurricane Hazel Jim Gifford, 2004-08-03 On October 15, 1954, Hurricane Hazel battered southern Ontario, leaving in its wake a terrible toll: thousands homeless, 25 million in property damage, and worst of all, 81 people dead. Hazel destroyed bridges, submerged towns, and drowned unsuspecting Ontarians. After the storm, people walked the surreal streets: cars upside down, iceboxes and dead cows hanging from trees, houses flattened, toys and furniture floating past. On its fiftieth anniversary, Jim Gifford has captured that fatal night in the voices of those who survived it. Including more than 100 never-before-published photographs, Hurricane Hazel: Canada's Storm of the Century documents one of the worst natural disasters in Canadian history.
