Michigan Ensian , *A commentary on 1 & 2 PETER* David Pawson, 2017-04-01 These two letters were written by the man who tried to persuade Jesus not to be crucified also wanted to erect three shrines on a mountain top for Moses Elijah and Jesus also was targeted by Satan to be sifted separated from the other disciples and whose self confident loyalty was shattered three times within twenty four hours But he had a special place on his Lord s prayer list which was undoubtedly a major cause of his transformation from a reed Simon into a rock Peter which enabled him to be the first pastor not pope of the church and the first preacher of the gospel after Pentecost This high calling qualified him to protect both the church from the persecution outside and the gospel from the corruption inside That is why his first epistle majors on suffering and the second on backsliding the latter containing the clearest warning against once saved always saved complacency His boldness led to his own crucifixion upside down at his own request Bear this in mind as you read both his pastoral letters *Morality and Power in a Chinese Village* Richard Madsen, 2024-03-29 This title is part of UC Press s Voices Revived program which

Reina Lewis and Sara Mills have assembled a brilliant selection of thinkers organizing them into six categories: Gendering Colonialism and Postcolonialism, Radicalizing Feminism, Rethink Rethinking Social Action through Music Geoffrey Baker, 2021-04-12 How can we better understand the past, present and future of Social Action through Music? SATM. This ground-breaking book examines the development of the Red de Escuelas de Música de Medellín, the Network of Music Schools of Medellín, a network of 27 schools founded in Colombia's second city in 1996 as a response to its reputation as the most dangerous city on Earth. Inspired by El Sistema, the foundational Venezuelan music education program, the Red is nonetheless markedly different: its history is one of multiple reinventions and a continual search to improve its educational offering and better realise its social goals. Its internal reflections and attempts at transformation shed valuable light on the past, present and future of SATM. Based on a year of intensive fieldwork in Colombia and written by Geoffrey Baker, the author of *El Sistema: Orchestrating Venezuela's Youth* (2014), this important volume offers fresh insights on SATM and its evolution both in scholarship and in practice. It will be of interest to a very varied readership: employees and leaders of SATM programs, music educators, funders and policy makers, and students and scholars of SATM, music education, ethnomusicology and other related fields.
