questions and your devastating mistakes **Empower Ourselves with God** Tracy-Ann Tracy-Ann,2012-07-27 Empower ourselves with God was an assignment given to the Author by God Throughout this book the Author also shared her experiences her communications and her own personal relationship with the Lord This inspirational book will teach you about the importance of having and maintaining a relationship with God in order for you to have and maintain one with your friends families and even yourselves She also talked about faith and the miracles that can and will manifest into your lives even if you have one even as small as a mustard seed She talked about her own struggles with faith and her disobedience to God s commands and the power of love and forgiveness She also encourages you about parenting and the magnificent work of the earth angels that God send into our lives This book will teach you how to trust and obey God s commands how to love pray when to pray and what to pray for knowing that God is able to handle the impossible and he s bold enough to carry your troubles if you turn it over to him She talked about how to let go and let God and why it is important to build our own personal relationship with him The Chinese Classic of Family Reverence Henry Rosemont,Roger T. Ames,2008-11-30 Few if any philosophical schools have championed family values as persistently as the early Confucians and a great deal can be learned by attending to what they had to say on the subject In the Confucian tradition human morality and the personal realization it inspires are grounded in the cultivation of family feeling One may even go so far as to say that for China family reverence was a necessary condition for developing any of the other human qualities of excellence On the basis of the present translation of the Xiaojing Classic of Family Reverence and supplemental passages found in other early philosophical writings Professors Rosemont and Ames articulate a specifically Confucian conception of role ethics that in its emphasis on a relational conception of the person is markedly different from most early and contemporary dominant Western moral theories This Confucian role ethics takes as its inspiration the perceived necessity of family feeling as the entry point in the development of moral competence and as a guide to the religious life as well In the lengthy introduction two senior scholars offer their perspective on the historical philosophical and religious dimensions of the Xiaojing Together with this introduction a lexicon of key terms presents a context for the Xiaojing and provides guidelines for interpreting the text historically in China as well as suggesting its contemporary significance for all societies The inclusion of the Chinese text adds yet another dimension to this important study The Chinese Classic of Family Reverence is sure to appeal to specialists of comparative and Chinese philosophy and to all readers interested in the enduring importance of the family **Parenting Our Parents** Jane Wolf Frances,2019-09-17 This book is a must read for anyone who is presently caring for their aging parents anyone who will eventually care for their aging parents or anyone planning on growing older The author brings her decades of professional experiences as a psychotherapist an attorney a coach and a daughter to this book She simultaneously chronicles her own heart warming and touching journey as well as providing a comprehensive guide on doing effective family caregiving in the 21st century Many report feeling deeply understood reading this book as they resonated with the candid revelations of
