Michael Kitson,Jonathan Michie

Political Economy Of Competitiveness Essays On Employment Public Policy And Corporate Performance:

The Political Economy of Competitiveness Michael Kitson,Jonathan Michie,2015-12-22 The Political Economy of Competitiveness offers an original perspective on the relationship between economic theory and policy It places the issues within an accessible political economy perspective Rejecting the narrowness of mainstream economics the authors deploy an interdisciplinary approach to the problem of economic growth placing it in its historical and political context Issues covered include trade theory and policy industrial decline and policy markets competition and innovation globalisation unemployment and government policy The book provides a valuable guide to the major economic policy issues for both economists and business students

The Political Economy of Competitiveness Michael Kitson,Jonathan Michie,2000 This volume offers an original perspective on the relationship between economic theory and policy It discusses the lessons of economic theory and policy from a broad political economy perspective

Political Economy of the Environment Simon Dietz,Jonathan Michie,Christine Oughton,2011-02-01 This book is the culmination of several years work by a group of academics policy makers and other professionals looking to understand how alternative economic thinking and indeed thinking from quite different social scientific disciplines could enhance the mainstream economic approach to environmental and natural resource problems Of the editors Dietz comes from the mainstream economics tradition while Michie and Oughton draw explicitly on institutional and evolutionary economics The various authors represent a range of disciplinary backgrounds and approaches This book draws on the strengths of each and all of these approaches to analyse environmental issues and what can be done to tackle these through corporate and public policy The book argues that the need for an inter disciplinary approach Two themes which emerge repeatedly throughout the book are the need for an interdisciplinary theory of technological change and the need for a similarly interdisciplinary approach to the study of human behaviour and how it influences both production and consumption choices The two themes are of course related Resolving environmental questions requires an understanding of their nature of their causes and to the extent that they are anthropogenic of how to change human behaviour These fundamental issues are the focus of the four chapters that form Part 1 of this volume The remainder of the volume develops them in more detail

The Handbook of Pluralist Economics Education Jack Reardon,2009-09-10 With contributions from a wide array of economists from Julie Nelson to Phil O Hara the book presents the pluralist economics state of play and is an essential reference tool for those charged with bringing the next generations of economists to the forefront

Industrial and Labour Market Policy and Performance Daniel Coffey,Carole Thornley,2005-06-27 Industrial issues are often inextricably linked with labour market concerns and policy approaches that attempt to consider production and employment separately are inherently flawed This controversial statement sums up the heart of this important book With contributions from such scholars as Keith Cowling Malcolm Sawyer and Michael Kitson Industrial and Labour Market Policy and Performance covers such topics as the increasing inequality between rich and poor

the links between innovation competition and collaboration education skills formation and human resource management The evidence led nature of the book will make it an important and useful read for students and academics involved in labour economics industrial economics and industrial policy The controversial findings of many of the chapters and its readable style will also appeal to informed policy commentators as well as policy makers themselves *Reader's Guide to the Social Sciences* Jonathan Michie,2014-02-03 This 2 volume work includes approximately 1 200 entries in A Z order critically reviewing the literature on specific topics from abortion to world systems theory In addition nine major entries cover each of the major disciplines political economy management and business human geography politics sociology law psychology organizational behavior and the history and development of the social sciences in a broader sense **The Handbook of Globalisation, Third Edition** Jonathan Michie,2019 The past 30 years are often depicted as an era of globalisation and even more so with the recent rise of global giants such as Google and Amazon This updated and revised edition of The Handbook of Globalisation offers novel insights into the rapid changes our world is facing and how best we can handle them **New Perspectives on Industrial Policy for a Modern Britain** David Bailey,Keith Cowling,Philip Tomlinson,2015-04-02 In the aftermath of the global financial crisis of 2008 and the ensuing Great Recession of 2008 to 2013 the economic debate has begun to shift towards rebalancing the UK economy away from an over reliance upon consumerism and the financial sector to generate growth towards more sustainable productive activities The fallout from the financial crisis exposed the systemic failings of the dominant neo liberal model to deliver balanced growth and there is now increasing recognition this rebalancing might best be achieved through the state pursuing an active industrial policy Thus after a long hiatus industrial policy is back in vogue at regional national and EU levels driven by concerns over competitiveness globalisation de industrialisation unemployment and the comparatively slow growth of the British and EU economies especially in this post recession phase At the same time industrial policy has been seen as a catalyst for designing economic recovery strategies at regional national and EU levels as well as being a concerted strategy to develop new clean tech industries to tackle environmental challenges This book brings together leading European based experts each with a long standing interest in industrial policy The chapters offer a broad set of perspectives on the many facets of industrial policy including reflections upon past experiences of industrial policy from across the globe and critical analysis and advice upon contemporary UK industrial policy issues They aim to critically inform and challenge policy makers policy think tanks industrialists trade unions academics and other stakeholders in framing the future course for industrial policy in the UK and indeed more widely

Advanced Introduction to Globalisation Jonathan Michie,2017-05-26 Globalisation impacts almost all aspects of our lives Smart phones give access to news documents and communications instantaneously and globally It is said that change is accelerating and the nation state is increasingly anachronistic This book challenges that consensus Globalisation is as old as capitalism as is technological change The reduced power of national governments is due to the free market form of

globalisation created by the 1980s administrations of Thatcher and Reagan leading to the 2008 2009 global financial crisis and recession We need to move beyond this taxing wealth and speculation to create a new era of sustainable development globally *The World Economy and National Economies in the Interwar Slump* T. Balderston, 2002-12-13 The functioning of the gold standard has recently been at the heart of explanations of the interwar depression particularly as a result of the research of Professors Barry Eichengreen and Peter Temin In *The World Economy and National Economies in the Interwar Slump* the interaction between the gold standard and the Great Depression in seven countries is examined by an international team of economists and economic historians The editor s introduction critically evaluates the Eichengreen Temin thesis and Eichengreen and Temin themselves contribute an Afterword
