

# Political Elites

---

- **Political elites:** those who have a disproportionate amount of some valued resource
- Elites influence public opinion by framing issues and stating norms
- But elite influence only goes so far; they do not define problems that are rooted in personal experience

# Political Socialization Of The Urban Political Elites

**United States. Congress. Senate.

## **Political Socialization Of The Urban Political Elites:**

Political Socialization of the Urban Political Elites Shyama Prasad Guru,1991 Study relates to Bolangir Town in Orissa

**Ibss: Political Science: 1992** British Library of Political and Economic Science,1993 The IBSS is the essential tool for librarians university departments research institutions and any public or private institution whose work requires access to up to date and comprehensive knowledge of the social sciences *The Political Elite in a Developing Society* Anup Kumar Dash,1994 Study with reference to Orissa India *Urban Growth and Political Socialization in India* Sitaram Akinchan,1982

**Electoral Politics and Hindu Nationalism in India** Koushiki Dasgupta,2019-12-06 This book analyses the rise and growth of the Hindu nationalist party Bharatiya Jana Sangh in post independent India tracking the electoral journey of the party from 1951 to 1971 Offering a comprehensive analysis of the party Bharatiya Jana Sangh its origin ideas and electoral performances in the first two decades of its journey the book provides an overview of the state wise electoral record of the party mobilizing Hindu support and managing factional disputes It surveys the issues of conflicts between the intraparty factions dominated by the recruits from the Rastriya Swayamseyak Sangh and the others The author also presents a critique of the Hindutva politics of the Bharatiya Jana Sangh on account of its somewhat imperfect appeal among the masses and its problems in raising real issues of socio economic concern With a special emphasis on the states situated outside the Hindi language belt of Northern India the electoral outcome of the Jana Sangh during each national and state legislative elections are analysed Based on the dialectics of ideology and exigency this book makes a thorough investigation of the leadership succession crises in the party patterns of vote sharing at the regional level and trends of coalition with the non Congress parties in the states Providing a nuanced understanding of the processes leading to the strengthening of right wing political parties in India the book will be of interest to academics working in the fields of nationalism party politics and South Asian Politics Independent Offices and Department of Housing and Urban Development Appropriations for Fiscal Year 1969

United States. Congress. Senate. Committee on Appropriations,1968 Urban Latin America Alejandro Portes,John Walton,2014-09-10 Much research on the city in developing societies has focused mainly on one of three areas planning demography or economics and has emphasized either power elites or the masses but not both The published literature on Latin America has reflected these interests and has so far failed to provide a comprehensive view of Latin American urbanization Urban Latin America is an attempt to integrate research on Latin American social organization within a single theoretical framework development as fundamentally a political problem Alejandro Portes and John Walton have included material on both elites and marginal populations and on the three major areas of research in order to formulate and address some of the key questions about the structure of urban politics in Latin America Following an introduction that delineates the scope of Latin American urban studies Portes discusses the Latin American city as a creation of European colonialism He goes on to examine political behavior among the poor with central reference to system support and countersystem potential

Walton provides material for a comparative study of four cities Monterrey and Guadalajara in Mexico and Medellín and Cali in Colombia He also summarizes a large number of urban elite studies and develops a theoretical interpretation of their collective results based on class structure and vertical integration Material in each chapter is cross referenced to other chapters and the authors have used a common methodological approach in synthesizing and interpreting the research literature In the final chapter they generalize current findings elaborating on the interface between elite and mass politics in the urban situation They make some observations on approaching changes and pinpoint possible research strategies for the future

Local Elites In Western Democracies Samuel J. Eldersveld, 2019-03-07 Much insightful scholarship has been devoted to the elaboration of the nature and functions of elites in modern societies The theories and paradigms which have emerged have evoked both strong support as well as considerable criticism Testing this conception of the role of elites is a primary goal of the analysis presented here We investigate in great detail in these three democratic systems the level of elites concern for their problems their sense of responsibility and power to act their relations with community groups and the public and their values And throughout the analysis we keep in mind the question of effective action This study both builds on and diverges from the early comparative research on local elites

The Politics of the Elite Modesto Gayo, María Luisa Méndez, 2023-11-24 This book is a study of class formation at the top of the social hierarchies during the turbulent and changing early twenty first century Contrary to perceptions that privileged individuals exist according to little more than market and economic logics the book provides evidence that they are by no means absent from politics and civic engagement Adopting a focus on reproduction distinction and politics it delves into the complex relationship between cohesion and fragmentation that exists within the most privileged groups formed over the course of the contemporary neoliberal period By knitting a dialogue between spatial analysis multiple correspondence analysis and in depth interviews the book provides insights into the intricate relations between institutions and political subjectivities and the role of space and mothering in the political socialisation of Chile's most privileged families The result is a dense description of a social class fragmented by subtle ideological lines based upon economic inheritance socialisation within homogeneous family environments paths into the labour market and social and political activities This book will constitute a much needed research resource for academics students and professionals in areas such as elite studies social stratification inequality social reproduction accumulation political socialisation and contemporary conservative progressive views

*Politics and Government in Israel* Gregory S. Mahler, 2016-03-03 This balanced and comprehensive text explores Israeli government and politics from both institutional and behavioral perspectives After briefly discussing Israel's history and the early development of the state Gregory Mahler then examines the social religious economic cultural and military contexts within which Israeli politics takes place He makes special note of Israel's geopolitical situation of sharing borders with and being proximate to several hostile Arab nations The book explains the operation of political institutions and behavior in Israeli domestic politics including the constitutional

system and ideology parliamentary government the prime minister and the Knesset political parties and interest groups the electoral process and voting behavior and the machinery of government Mahler also considers Israel's foreign policy setting and apparatus the Palestinians and the Israeli Palestinian conflict the particularly sensitive questions of Jerusalem and the Israeli settlement movement and the Middle East peace process overall This clear and concise text provides an invaluable starting point for all readers needing a cogent introduction to Israel today

**Political Culture and Participation in Rural China** Yang Zhong, 2013-06-17 Despite China's rapid urbanisation and industrialisation most Chinese still live in the vast countryside or have rural household registration Although there was significant economic improvement in rural areas in the 1980s the rural economy has been stagnating or deteriorating since then and the book argues that the rural urban income gap is giving rise to the potential for political instability throughout China This book based on extensive original research including interview fieldwork in rural areas examines the nature of political culture and participation in rural China discussing issues such as the support or lack of it for democratic values levels of political interest the ways in which Chinese peasants interact with village and local officials subjective factors that motivate them to vote or not to vote in village elections and rural people's views on market oriented economic reforms local and national government and the Communist Party The book argues that although hitherto peasants riots sit ins and demonstrations have been localised and uncoordinated they are frequent and have the potential to cause serious political crises for China's rulers It concludes by considering the future political development of China's vast countryside

**Catalog of Copyright Entries. Third Series** Library of Congress. Copyright Office, 1971

*Urban Political Geographies* Ugo Rossi, Alberto Vanolo, 2011-11-10 Ugo Rossi and Alberto Vanolo take us on a journey around the ascent and crisis of urban liberalism providing a clear and highly readable analysis of key issues and debates in the field of urban political geography Ola S derstr m Universit de Neuch tel It is in the city trenches that the crises contradictions and counterpolitics of neoliberalization are finding some of their most vivid and consequential expressions where new worlds are being imagined made and unmade This has yet to be mapped But in *Urban Political Geographies* we have a timely and astute field guide to this unfolding process Jamie Peck University of British Columbia How can we think about the urban within a political and geographical framework This compelling textbook scrutinizes urban politics through a theoretical and empirical lens to provide readers with a clear understanding of the relationship between political spatial and economic issues relating to the urban environment Taking a truly global analysis the book uses international comparative case studies from cities across the world including London Beijing Austin and Vancouver It draws on ideas and theories from human geography politics sociology economics and development Engaging in style and thorough in its coverage of the key issues the book is essential reading for students and scholars looking for a book that deals with contemporary urban debates from a political economic and geographical perspective

South Asia Library of Congress. Library of Congress Office, New Delhi, 1991-07

**Political Violence and Terror** Peter H.

Merkel,2023-04-28 This title is part of UC Press's Voices Revived program which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1986      **Political Elite of Iran** Marvin Zonis,2015-03-08 In interviews with 170

politically active Iranians the author reveals that politics in Iran are based on interpersonal relationships marked by insecurity cynicism and mistrust He then assesses the significance of these characteristics for Iran's future development Originally published in 1971 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905      Elites and Change in the Kentucky Mountains H.

Dudley Plunkett,Mary Jean Bowman,2014-07-15 Many Americans who trace their roots to communities similar to those of Appalachian Kentucky are becoming aware of the extent to which the problems of such communities represent the price paid for keeping alive traditions that are beginning to be missed in the wider society Using fresh data and ingenious ways of letting local people speak for themselves Mary Jean Bowman and H Dudley Plunkett have thrown light on how isolated small town people respond to the encroachment of modern America with its organized economy mass communications media reliance on more and more schooling and persistent drive for social change The study reveals a pervasive tension between old ways and new aspirations Sometimes the new is in alliance with the national culture but often tensions between regional and national ways are acute The authors put little faith in naive attempts to engineer social change in Appalachia attempts they suggest are based on dubious cultural assumptions and misconceived strategies This study of one region in one nation can be a model for the study of similar patterns of change elsewhere      **Power, Politics, and Society** Betty A

Dobratz,2015-10-14 Power Politics Society An Introduction to Political Sociology discusses how sociologists have organized the study of politics into conceptual frameworks and how each of these frameworks foster a sociological perspective on power and politics in society This includes discussing how these frameworks can be applied to understanding current issues and other real life aspects of politics The authors connect with students by engaging them in activities where they complete their own applications of theory hypothesis testing and forms of inquiry      **Zionist Israel and Apartheid South Africa**

Amneh Badran,2009-09-10 This book is a comparison of two ethnic national apartheid states South Africa and Israel which have been in conflict and how internal dissent has developed In particular it examines the evolution of effective white protest in South Africa and explores the reasons why comparably powerful movements have not emerged in Israel The book reveals patterns of behaviour shared by groups in both cases It argues that although the role played by protest groups in peace

building may be limited a tipping point or magic point can become as significant as other major factors It highlights the role played by intermediate variables that affect the pathways of protest groups such as changes in the international system the visions and strategies of resistance movements and their degree of success the economic relationship between the dominant and dominated side and the legitimacy of the ideology in power apartheid or Zionism Although the politics and roles of protest groups in both cases share some similarities differences remain Whilst white protest groups moved towards an inclusive peace agenda that adopts the ANC vision of a united non racial democratic South Africa the Jewish Israeli protest groups are still by majority entrenched in their support for an exclusive Jewish state And as such they support separation between the two peoples and a limited division of mandatory Palestine Eretz Israel This timely book sheds light on a controversial and explosive political issue Israel being compared to apartheid South Africa

**Regional Russia in Transition** Jeffrey W. Hahn, 2001-10-25 From the John Holmes Library collection

## The Enigmatic Realm of **Political Socialization Of The Urban Political Elites**: Unleashing the Language is Inner Magic

In a fast-paced digital era where connections and knowledge intertwine, the enigmatic realm of language reveals its inherent magic.
