Psychoanalytic Quarterly Cumulative Index ,1977-06

Psychoanalysis and the Psychoanalytic Review ,1978

The Inward Eye Laurie W. Raymond,Susan Rosbrow-Reich,2013-06-17 A central although unappreciated dimension of psychoanalysis is the complex oral tradition through which analysts verbally reconstruct their lives and careers The Inward Eye captures a significant portion of this tradition In a series of interviews initially conceived as an aspect of their psychoanalytic education Laurie Raymond and Susan Rosbrow Reich skillfully elicit the fascinating personal stories of 16 senior analysts The interviewees who represent diverse theoretical traditions and cultural backgrounds share a willingness to reflect candidly on their preanalytic years their formative influences their entry into psychoanalysis and their relationships with mentors and colleagues Out of this skillfully guided journey into the personal past emerges a vital human context for understanding the theoretical preferences and clinical styles of analysts as diverse as Arthur Valenstein Joseph and Anne Marie Sandler Jacob Arlow Andre Green Leo Stone Leo and Anita Rangell Edward Weinshel Merton M Gill Albert Solnit W Clifford M Scott James McLaughlin Rebecca Solomon Joyce McDougall M Robert Gardner and Janine Chasseguet Smirgel Raymond and Rosbrow Reich succeed in capturing the essential humanity of all their interview subjects in showing how their subjects lives outside the consulting room have shaped and in turn been shaped by the analytic identities they assume behind the couch An engrossing read wonderfully revelatory of its creative subjects The Inward Eye is also an invaluable contribution to psychoanalytic history

The Psychosocial Interior of the Family Gerald Handel,Gail G. Whitchurch,1994 This long awaited fourth edition has the same goal as the preceding editions to understand families in terms of the kinds of interaction through which family life is constructed The changes in the family as an institution have influenced these processes just as they have influenced the ways we understand and write about them But even in these postmodern circumstances an underlying premise of the volume is that two partners establish a family because they have selected each other as distinctively meaningful to one another They will affirm modify elaborate or retreat from various aspects of the relationship through interaction over time and in changing circumstances This volume contains the best available interdisciplinary work on the social psychology of the family More than half of the selections are new to this edition

which incorporates a variety of theoretical and research perspectives that provide the reader with a range of authoritative and up to date sources on the family and interpersonal relations The newer forms of family organization that have emerged in the more recent literature specifically single parent families stepfamilies and families of gay and lesbian domestic partners are included Authors have been drawn from a variety of disciplines including sociology communication family studies human development psychology anthropology and social work
