Public Religion In American Culture

David Morris

Public Religion In American Culture:

Public Religion in American Culture John Frederick Wilson, 1979 **Religion and American Cultures** Gary Laderman, Luis León, 2014-12-17 This four volume work provides a detailed multicultural survey of established as well as new American religions and investigates the fascinating interactions between religion and ethnicity gender politics regionalism ethics and popular culture This revised and expanded edition of Religion and American Cultures Tradition Diversity and Popular Expression presents more than 140 essays that address contemporary spiritual practice and culture with a historical perspective The entries cover virtually every religion in modern day America as well as the role of religion in various aspects of U S culture Readers will discover that Americans aren't largely Protestant Catholic or Jewish anymore and that the number of popular religious identities is far greater than many would imagine And although most Americans believe in a higher power the fastest growing identity in the United States is the nones those Americans who elect none when asked about their religious identity thereby demonstrating how many individuals see their spirituality as something not easily defined or categorized The first volume explores America's multicultural communities and their religious practices covering the range of different religions among Anglo Americans and Euro Americans as well as spirituality among Latino African American Native American and Asian American communities The second volume focuses on cultural aspects of religions addressing topics such as film Generation X public sacred spaces sexuality and new religious expressions The new third volume expands the range of topics covered with in depth essays on additional topics such as interfaith families religion in prisons belief in the paranormal and religion after September 11 2001 The fourth volume is devoted to complementary primary source documents **The Routledge Handbook of Religion and American Culture** Chad E. Seales, 2025-03-31 The Routledge Handbook of Religion and American Culture explains where religion is made in the United States It offers essays profiling cultural sites including energy industry public life music arts and entertainment and life and death These sites organize the volume's 31 chapters demonstrating how cultural religion has been constructed and performed in specific historical and ethnographic case studies This volume offers a much needed resource for Religious Studies scholars and students interested in the study of religion and culture in the United States as well as those in American Studies Anthropology of Religion Sociology of Religion Material Culture Studies Environmental Studies and History **Public Religion and Urban Transformation** Lowell W Livezey, 2023-11-21 American cities are in the midst of fundamental changes De industrialization of large aging cities has been enormously disruptive for urban communities which are being increasingly fragmented Though often overlooked religious organizations are important actors both culturally and politically in the restructuring metropolis Public Religion and Urban Transformation provides a sweeping view of urban religion in response to these transformations Drawing on a massive study of over seventy five congregations in urban neighborhoods this volume provides the most comprehensive picture available of urban places of worship from mosques and gurdwaras to

churches and synagogues within one city Revisiting the primary site of research for the early members of the Chicago School of urban sociology the volume focuses on Chicago which provides an exceptionally clear lens on the ways in which religious organizations both reflect and contribute to changes in American pluralism From the churches of a Mexican American neighborhood and of the Black middle class to communities shared by Jews Christians Hindus and Muslims and the rise of megachurches Public Religion and Urban Transformation illuminates the complex interactions among religion urban structure and social change at this extraordinary episode in the history of urban America *Religion in American Public Life* Azizah al-Hibri, Jean Bethke Elshtain, Charles C. Haynes, 2001 How should the First Amendment guarantees apply to current controversies concerning religion in public life Should state religious institution partnerships be encouraged How should we live with our differences on such issues as sexual orientation abortion and physician assisted suicide What role should religion play in business and corporate governance not for profit organizations academia citizen action and science and technology BOOK JACKET **Public Religions in the Modern World** José Casanova, 2011-08-29 In a sweeping reconsideration of the relation between religion and modernity Jose Casanova surveys the roles that religions may play in the public sphere of modern societies During the 1980s religious traditions around the world from Islamic fundamentalism to Catholic liberation theology began making their way often forcefully out of the private sphere and into public life causing the deprivatization of religion in contemporary life No longer content merely to administer pastoral care to individual souls religious institutions are challenging dominant political and social forces raising questions about the claims of entities such as nations and markets to be value neutral and straining the traditional connections of private and public morality Casanova looks at five cases from two religious traditions Catholicism and Protestantism in four countries Spain Poland Brazil and the United States These cases challenge postwar and indeed post Enlightenment assumptions about the role of modernity and secularization in religious movements throughout the world This book expands our understanding of the increasingly significant role religion plays in the ongoing construction of the modern world *America's Religions* Peter W. Williams, 2008 A panoramic introduction to religion in America newly revised and updated **Public Religions in the Future World** David Morris, 2021-12 **Popular Evangelicalism in American Culture** Richard Kyle, 2017-09-18 Popular Evangelicalism in American Culture explores the controversies complexities and historical development of the evangelical movement in America and its impact on American culture Evangelicalism is one of the most dynamic and growing religious movements in America and has been both a major force in shaping American society and likewise a group which has resisted aspects of the modern world Organised thematically this book demonstrates the impact of American culture on popular evangelicalism by exploring the following topics politics economics salvation millennialism the megachurch and electronic churches and popular culture This accessible and thought provoking volume will interest anyone concerned with the modern day success of the Evangelical movement in America **The Transition of Religion to Culture in Law and Public**

Discourse Lori Beaman, 2020-03-27 This book explores the recent trend toward the transformation of religious symbols and practices into culture in Western democracies Analyses of three legal cases involving religion in the public sphere are used to illuminate this trend a municipal council chamber a town hall and town board meetings Each case involves a different national context Canada France and the United States and each illustrates something interesting about the shape shifting nature of religion specifically its flexibility and dexterity in the face of the secular the religious and the plural Despite the differences in national contexts in each instance religion is transformed into culture or heritage by the courts to justify or excuse its presence and to distance the state from the possibility that it is violating legal norms of distance from religion The cultural practice or symbol is represented as a shared national value or activity Transforming the Other into Us through reconstitution is also possible Finally anxiety about the Other becomes part of the story of rendering religion as culture resulting in the impugning of anyone who dares to question the putative shared culture The book will be essential reading for students academics and policy makers working in the areas of sociology of religion religious studies socio legal studies law and public policy constitutional law religion and politics and cultural studies

The Oxford Handbook of Church and State in the United States Derek H. Davis, 2010-10-19 Study of church and state in the United States is incredibly complex Scholars working in this area have backgrounds in law religious studies history theology and politics among other fields Historically they have focused on particular angles or dimensions of the church state relationship because the field is so vast The results have mostly been monographs that focus only on narrow cross sections of the field and the few works that do aim to give larger perspectives are reference works of factual compendia which offer little or no analysis The Oxford Handbook of Church and State in the United States fills this gap presenting an extensive multidimensional overview of the field Twenty one essays offer a scholarly look at the intricacies and past and current debates that frame the American system of church and state within five main areas history law theology philosophy politics and sociology These essays provide factual accounts but also address issues problems debates controversies and where appropriate suggest resolutions They also offer analysis of the range of interpretations of the subject offered by various American scholars This Handbook is an invaluable resource for the study of church state relations in the United States

Church and State in American History John Wilson, Donald Drakeman, 2019-10-31 Church and State in American History illuminates the complex relationships among the political and religious authority structures of American society and illustrates why church state issues have remained controversial since our nation's founding It has been in classroom use for over 50 years John Wilson and Donald Drakeman explore the notion of America as One Nation Under God by examining the ongoing debate over the relationship of church and state in the United States Prayers and religious symbols in schools and other public spaces school vouchers and tax support for faith based social initiatives continue to be controversial as are arguments among advocates of pro choice and pro life positions The updated 4th edition includes selections from colonial charters Supreme Court decisions and federal legislation along with

contemporary commentary and incisive interpretations by modern scholars Figures as divergent as John Winthrop Anne Hutchinson James Madison John F Kennedy and Sandra Day O Connor speak from these pages as do Robert Bellah Clarence Thomas and Ruth Bader Ginsberg The continuing public and scholarly interest in this field as well as a significant evolution in the Supreme Court's church state jurisprudence renders this timely re edition as essential reading for students of law American History Religion and Politics

One Holy and Happy Society Gerald McDermott, 1992-09-15 Jonathan Edwards 1703-58 was arguably this country's greatest theologian and its finest philosopher before the nineteenth century His school of disciples the New Divinity exerted enormous influence on the religious and political cultures of late colonial and early republican America Hence any study of religion and politics in early America must take account of this theologian and his legacy Yet historians still regard Edwards's social theory as either nonexistent or underdeveloped Gerald McDermott demonstrates to the contrary that Edwards was very interested in the social and political affairs of his day and commented upon them at length in his unpublished sermons and private notebooks McDermott shows that Edwards thought deeply about New England's status under God America's role in the millennium the nature and usefulness of patriotism the duties of a good magistrate and what it means to be a good citizen In fact his sociopolitical theory was at least as fully developed as that of his better known contemporaries and more progressive in its attitude toward citizens' rights Using unpublished manuscripts that have previously been largely ignored McDermott also convincingly challenges generations of scholarly opinion about Edwards The Edwards who emerges from this book is both less provincial and more worldly than the persona he is commonly given

The Holocaust's Ghost F. C. DeCoste, Bernard Schwartz, 2000-05 Numerous scholars explore the moral aesthetic and political outcomes of the Holocaust from the perspectives of various academic backgrounds including art literature political science education and history

Evangelical Dictionary of Theology (Baker Reference Library) Walter A. Elwell, 2001-05-01 Fifteen years after its original publication comes a thoroughly revised edition of the Evangelical Dictionary of Theology Every article from the original edition has been revisited With some articles being removed others revised and many new articles added the result is a completely new dictionary covering systematic historical and philosophical theology as well as theological ethics

International Development and Public Religion Haemin Lee, 2016-02-23 Over the past few decades Christianity in the global South has grown exponentially in size and influence with many centers emerging around the globe such as Brazil South Korea and Nigeria One remarkable phenomenon in this process is the rise of faith based humanitarian international and nongovernmental organizations NGOs While traveling to about seventy different countries in Africa Asia and Latin America Haemin Lee has witnessed the surge of faith based NGOs all around the world This book explores the role that religion plays in encountering secular society from various angles by drawing upon discourses in mission studies sociology of religion and anthropology of development Specifically it probes the development practices of two major Korean organizations Korea Food for the Hungry International and Good Neighbors This

book investigates the following hypothesis humanitarian care through international development NGOs appears to be the growing interest of Korean Christian mission and this shows a new direction of Korean Christianity as public religion However on closer examination a more complex reality emerges in which diverse theological and developmental ideals motivate the Korean NGOs humanitarian efforts *Presidential Temples* Benjamin Hufbauer,2005 This book explores the visual and material cultures of presidential commemoration memorials and monuments libraries and archives and the problematic ways in which presidents themselves have largely taken over their own commemoration The author sees these various commemorative sites as playing a key role in the construction of our collective political and cultural self images and as another sign of our preoccupation with celebrity culture Ultimately he contends these presidential temples reflect not only our civil religion but also the extraordinary expansion of executive authority and presidential self commemoration since FDR

Keywords for American Cultural Studies, Second Edition Bruce Burgett,Glenn Hendler,2014-12-19 The latest vocabulary of key terms in American Studies Since its initial publication scholars and students alike have turned to Keywords for American Cultural Studies as an invaluable resource for understanding key terms and debates in the fields of American studies and cultural studies As scholarship has continued to evolve this revised and expanded second edition offers indispensable meditations on new and developing concepts used in American studies cultural studies and beyond It is equally useful for college students who are trying to understand what their teachers are talking about for general readers who want to know what s new in scholarly research and for professors who just want to keep up Designed as a print digital hybrid publication Keywords collects more than 90 essays30 of which are new to this edition from interdisciplinary scholars each on a single term such as America culture law and religion Alongside community prison queer region and many others these words are the nodal points in many of today s most dynamic and vexed discussions of political and social life both inside and outside of the academy The Keywords website which features 33 essays provides pedagogical tools that engage the entirety of the book both in print and online The publication brings together essays by scholars working in literary studies and political economy cultural anthropology and ethnic studies African American history and performance studies gender studies and political theory Some entries are explicitly argumentative others are more descriptive All are clear challenging and critically engaged As a whole Keywords for American Cultural Studies provides an accessible A to Z survey of prevailing academic buzzwords and a flexible tool for carving out new areas of inquiry **Public Religion and the Politics of**

Homosexuality in Africa Adriaan van Klinken,Ezra Chitando,2016-04-14 Issues of same sex relationships and gay and lesbian rights are the subject of public and political controversy in many African societies today Frequently these controversies receive widespread attention both locally and globally such as with the Anti Homosexuality Bill in Uganda In the international media these cases tend to be presented as revealing a deeply rooted homophobia in Africa fuelled by religious and cultural traditions But so far little energy is expended in understanding these controversies in all their

complexity and the critical role religion plays in them This is the first book with multidisciplinary perspectives on religion and homosexuality in Africa It presents case studies from across the continent from Egypt to Zimbabwe and from Senegal to Kenya and covers religious traditions such as Islam Christianity and Rastafarianism The contributors explore the role of religion in the politicisation of homosexuality investigate local and global mobilisations of power critically examine dominant religious discourses and highlight the emergence of counter discourses Hence they reveal the crucial yet ambivalent public role of religion in matters of sexuality social justice and human rights in contemporary Africa

Does God Belong in Public Schools? Kent Greenawalt, 2007-05-06 Controversial Supreme Court decisions have barred organized school prayer but neither the Court nor public policy exclude religion from schools altogether In this book one of America's leading constitutional scholars asks what role religion ought to play in public schools Kent Greenawalt explores many of the most divisive issues in educational debate including teaching about the origins of life sex education and when or whether students can opt out of school activities for religious reasons Using these and other case studies Greenawalt considers how to balance the country's constitutional commitment to personal freedoms and to the separation of church and state with the vital role that religion has always played in American society Do we risk distorting students understanding of America's past and present by ignoring religion in public school curricula When does teaching about religion cross the line into the promotion of religion Tracing the historical development of religion within public schools and considering every major Supreme Court case Greenawalt concludes that the bans on school prayer and the teaching of creationism are justified and that the court should more closely examine such activities as the singing of religious songs and student papers on religious topics He also argues that students ought to be taught more about religion both its contributions and shortcomings especially in courses in history To do otherwise he writes is to present a seriously distorted picture of society and indirectly to be other than neutral in presenting secularism and religion Written with exemplary clarity and even handedness this is a major book about some of the most pressing and contentious issues in educational policy and constitutional law today
