## **Public Testimony Poems:**

Contemporary American Poetry Lloyd M. Davis, 1985 Lists over 5 200 titles of books published by American poets between 1973 and 1983      **The Testimonies of Russian and American Postmodern Poetry** Albena Lutzkanova-Vassileva, 2016-06-30 This book challenges the belief in the purely linguistic nature of contemporary poetry and offers an interpretation of late twentieth century Russian poetry as a testimony to the unforeseen annulment of communist reality and its overnight displacement by a completely unfathomable post totalitarian order Albena Lutzkanova Vassileva argues that because of the sudden invalidation of a reality that had been largely seen as unattained and everlasting this shift remained secluded from the mind and totally resistant to cognition thus causing a collectively traumatic psychological experience The book proceeds by inquiring into a school of contemporary American poetry that has been likewise read as cut off from reality Executing a comparative analysis Vassileva advances a new understanding of this poetry as a testimony to the overwhelming and traumatic impact of contemporary media which have assailed the mind with far more signals than it can register digest and furnish with semantic weight      **The Palgrave Handbook of Testimony and Culture** Sara Jones, Roger Woods, 2023-04-19 This Palgrave Handbook examines the ways in which researchers and practitioners theorise analyse produce and make use of testimony It explores the full range of testimony in the public sphere including perpetrator testimony testimony presented through social media and virtual reality A growing body of research shows how complex and multi layered testimony can be how much this complexity adds to our understanding of our past and how creators and users of testimony have their own complex purposes These advances indicate that many of our existing assumptions about testimony and models for working with it need to be revisited The purpose of this Palgrave Handbook is to do just that by bringing together a wide range of disciplinary theoretical methodological and practice based perspectives      *Poetry from Sojourner* Ruth Lepson, 2004 Collection of poems from 25 years of Sojourner For much of its history Sojourner was the most widely circulated feminist literary journal in America and more than 1 200 poems have appeared in its pages since it began publication in 1975 Nearly 150 of those poems are collected in this volume where together they form a powerful testament to the vibrancy wit and diversity of feminist poetry In addition to works by such well known poets as Molly Peacock Nikki Giovanni Betsy Sholl and Adrienne Rich this collection includes poems by women from a host of different backgrounds including many whose work appeared in print for the first time in Sojourner Some of these poems explode with energy others speak with a haiku like softness some discuss love lust and sexuality while others deal with loss divorce and revenge The voices collected here are old and young rural and urban straight and gay from mothers and daughters to wives lovers and countless others all contributing to this anthology's wide ranging conversation about feminism and feminist poetics      *The Poems ... Sixth edition* Mr. Jerningham (Edward), 1786      **Chicorel Index to Poetry in Anthologies and**

**Collections in Print** Marietta Chicorel, 1975      **Situating Poetry** Joshua Logan Wall, 2022-10-11 A retelling of American modernism through the lines of solidarity and division within and among ethnic and religious identities found in poetry What happens if we approach the reading and writing of poetry not as an individual act but as a public one Answering this question challenges common assumptions about modern poetry and requires that we explore the important questions that define genre Where is this poem situated and how did it get there Joshua Logan Wall's *Situating Poetry* studies five poets of the New York literary scene rarely considered together James Weldon Johnson Charles Reznikoff Lola Ridge Louis Zukofsky and Robert Hayden Charting their works and careers from 1910-1940 Wall illustrates how these politically marginalized writers from drastically different religious backgrounds wrestled with their status as American outsiders These poets produced a secularized version of America in which poetry rather than God governed individual obligations to one another across multiethnic barriers Adopting a multiethnic and pluralist approach Wall argues that each of these poets two Black two Jewish and one Irish American anarchist shares a desire to create more truly democratic communities through art and through the covenantal publics created by their poems despite otherwise sitting uncomfortably at best within a more standard literary history In this unique account of American modernist poetics religious pluralism creates a lens through which to consider the bounds of solidarity and division within and among ethnic identities and their corresponding literatures      Langston's Salvation Wallace D. Best, 2019-02-01 Winner of the 2018 Award for Excellence in the Study of Religion in Textual Studies presented by the American Academy of Religion 2018 Outstanding Academic Title given by Choice Magazine A new perspective on the role of religion in the work of Langston Hughes Langston's *Salvation* offers a fascinating exploration into the religious thought of Langston Hughes Known for his poetry plays and social activism the importance of religion in Hughes work has historically been ignored or dismissed This book puts this aspect of Hughes work front and center placing it into the wider context of twentieth century American and African American religious cultures Best brings to life the religious orientation of Hughes work illuminating how this powerful figure helped to expand the definition of African American religion during this time Best argues that contrary to popular perception Hughes was neither an avowed atheist nor unconcerned with religious matters He demonstrates that Hughes religious writing helps to situate him and other black writers as important participants in a broader national discussion about race and religion in America Through a rigorous analysis that includes attention to Hughes's unpublished religious poems Langston's *Salvation* reveals new insights into Hughes's body of work and demonstrates that while Hughes is seen as one of the most important voices of the Harlem Renaissance his writing also needs to be understood within the context of twentieth century American religious liberalism and of the larger modernist movement Combining historical and literary analyses with biographical explorations of Langston Hughes as a writer and individual Langston's *Salvation* opens a space to read Langston Hughes writing religiously in order to fully understand the writer and the world he inhabited      Poems Hannah More, 1816      *Collected Poems* Edwin Rolfe, 1997 This long overdue

collection which gathers together more than two hundred poems written over a span of six decades along with an extended biographical analysis by Fred Whitehead permits a comprehensive assessment of the work of a man Thomas McGrath described as one of the very best of the revolutionary poets Don Gordon made his name in the 1930s as a passionate and outspoken political poet his work being published in the most prestigious American journals In spite of his growing literary reputation he was called before the Un American Activities Committee of the U S House of Representatives in September 1951 Due to his openly communist views and his reluctance to give the committee names of fellow radical writers Gordon was blacklisted from employment in the film industry He devoted his time to writing poems despite the difficulty of finding a wide audience for them Many of Gordon s poems are suffused with themes of revolution and political activism but this collection showcases the breadth of the subjects he addressed in his sixty years of writing expressed with a rigorous aesthetic sensibility in a style that incorporates diverse influences including modernism and surrealism Don Gordon is great Meridel LeSueur wrote because he shows the vigorous and wondrous strength of the people With this complete collection of his poems readers can at last experience the full range of this vigorous and challenging writer Miscellaneous poems

Poets in the Public Sphere Paula Bennett,2003-04-06 Based entirely on archival research Poets in the Public Sphere traces the emergence of the New Woman by examining poetry published by American women in newspapers and magazines between 1800 and 1900 Using sources like the Kentucky Reporter the Cherokee Phoenix the Cincinnati Israelite and the Atlantic Monthly Bennett is able to track how U S women from every race class caste region and religion exploited the freedom offered by the nation s periodical press especially the poetry columns to engage in heated debate with each other and with men over matters of mutual concern Far from restricting their poems to the domestic and personal these women addressed a significant array of political issues abolition Indian removals economic and racial injustice the Civil War and not least their own changing status as civil subjects Overflowing with a wealth of heretofore untapped information their poems demonstrate conclusively that ordinary nineteenth century women were far more influenced by the women s rights movement than historians have allowed In showing how these women turned the sentimental and ideologically saturated conventions of the period s verse to their own ends Bennett argues passionately and persuasively for poetry s power as cultural and political discourse As much women s history as literary history this book invites readers to rethink not only the role that nineteenth century women played in their own emancipation but the role that poetry plays in cultural life *Poems*

*on Various Subjects*; Samuel Bowden, 1754      **Handbook of American Poetry** Sabine Sielke, 2025-01-27 This handbook offers scholars an overview of the state of research and students a sense of how American poetry from its first forms evolving in the 17th century settler colonies to its current digital modes has addressed issues and experiences central to human consciousness and to political life over five centuries of cultural practice At the same time it aims to show how poetry philosophy and theory have always been involved in productive dialogues
