Perspectives on Ecclesiology and Ethnography Pete Ward, 2012-03-15 Within the disciplines of religious studies systematic theology and practical theology there exists a divide between empirical and theological analyses of the church Each volume in the cross disciplinary series Studies in Ecclesiology and Ethnography attempts to address this gap by exploring the methodological and substantive issues that arise from both theological and empirical studies of the church's practices and social reality Perspectives on Ecclesiology and Ethnography the inaugural volume in the series proposes that if theology is to regain its relevance to the church today theologians must utilize ethnographical tools in order to provide more accurate disciplined research that is situated in real contexts Using ethnography in its broadest sense encompassing any form of qualitative

research this volume proposes that the church is both theological and social cultural which implies the need for a methodological shift for researchers in theology Contributions from twelve scholar practitioners lead the way forward Contributors Luke Bretherton Paul S Fiddes Nicholas M Healy Mary McClintock Fulkerson Alister E McGrath Richard R Osmer Elizabeth Phillips Christian Scharen John Swinton Pete Ward Clare Watkins John Webster Political Formation Jenny Leith,2023-01-31 What might it mean us to be formed as disciples not only by the church but also by the world In Political Formation Being Formed by the Spirit in Church and World Jenny Leith argues that ethical and political formation of Christians takes place through the work of the Spirit both in the church and in civic life and the church too has something to learn from wider political practices and movements This account of formation places centre stage a reckoning with the forms of exclusion and marginalisation that mar the church and yields an understanding of the church as not only ethically formative but also in constant need of being formed itself Offering a fresh vision for ecclesiology which grapples with the ethical failings of the church and takes seriously the need for the church to keep on recognising and repenting of its sins the book offers a major new contribution to discussions around Christian formation and the relationship between discipleship and ethics The Bonhoeffer Legacy ATF Press,2018-12-31 This collection of essays looks at a range of topics public theology why Chinese intellectuals are interested in engaging with Bonhoeffer Bonhoeffer's concept of the logos and public theology and Bonhoeffer's approach to social analysis Contributors Barry Harvey Robert Vosloo Jason Lam Joel Banman and Dustin Benac Gathering Disciples Myra Blyth,Andy Goodliff,2017-02-08 This collection of essays by British Baptists honors the work of Christopher Ellis amongst the Baptist community recognizing in particular the contribution he has made to the practice and theology of Free Church worship The book takes a selection of his hymns as a starting point for reflection on areas of worship discipleship the sacraments and theology **The Bible in Worship** Victoria Raymer ,2018-02-27 Biblical proclamation is central to Christian worship The Bible witnesses to the foundational experiences of the Church Its proclamation invites worshippers into encounter with Christ the living Word The Bible in Worship seeks to make visible how the Bible is encountered in the worship of mainstream Western churches Focusing in turn on the Roman Catholic Reformed and Anglican traditions Victoria Raymer offers a detailed and lively consideration of the contemporary practices of proclamation in each considers their respective patterns of reading the Bible as part of public worship and reflects on the place the Bible takes in daily prayer Raymer also draws our attention towards the role the psalms play in contemporary formal liturgy and offers a chapter on how the Bible is weaved into less formal forms of worship including contemporary sung worship Offering a truly holistic study of the scripture in worship the book will resource readers to reflect on how proclamation invites response in understanding and resolve and to consider how it might do so more effectively

Indigenous Australia and the Unfinished Business of Theology J. Havea,2014-06-05 This book engages a complex subject that mainline theologies avoid Indigenous Australia The heritages wisdoms and dreams of Indigenous Australians are

tormented by the discriminating mindsets and colonialist practices of non Indigenous peoples This book gives special attention to the torments due to the arrival and development of the church *Beyond the Academy* David Thang Moe,2024-10-11 The term public theology was introduced by Martin E Marty in a 1974 article Since then scholarly discussions on public theology have become more popular in academic circles This book however is about the invitation for moving beyond the academy It provides two reasons for doing so First an overtly academic public theology is in crisis today Although public theology may be flourishing in the academy its relevance for real life is limited Second there is the ecclesial flourishing among grassroots Christian communities across Asia who witness to their lived faith in public and hidden life Their voices are largely unheard due to the gaps between the academy and the church This volume argues that we should consider their voices as key sources for developing a relevant lived Asian public theology The author makes the case for reimagining the paradigm shifts in lived Asian public theology of religions and for bridging the unhappy gaps between the academic and grassroots voices *Christian Practical Wisdom* Dorothy C. Bass ,Kathleen A. Cahalan ,Bonnie J. Miller-McClemore ,James R. Nieman ,Christian B. Scharen ,2016 In this richly collaborative work five distinguished scholars examine the oft neglected embodied practical wisdom that is essential for true theological understanding and faithful Christian living After first showing what Christian practical wisdom is and does in several real life situations the authors tell why such practical wisdom matters and how it operates exploring reasons behind its decline in both the academy and the church and setting forth constructive cases for its renewal **The Life of Christian Doctrine** Mike Higton,2020-07-09 The lives of Christian churches are shaped by doctrinal theology That is they are shaped by practices in which ideas about God and God's ways with the world are developed discussed and deployed This book explores those practices and asks why they matter for communities seeking to follow Jesus Taking the example of the Church of England this book highlights the embodied affective and located reality of all doctrinal practices and the biases and exclusions that mar them It argues that doctrinal theology can in principle help the church know God better even though doctrinal theologians do not know God better than their fellow believers It claims that it can help the church to hear in Scripture challenges to its life including to its doctrinal theology It suggests that doctrinal disagreement is inevitable but that a better quality of doctrinal disagreement is possible And finally it argues that by encouraging attention to voices that have previously been ignored doctrinal theology can foster the ongoing discovery of God's surprising work **On Our Way Rejoicing** Norm Kohn,2008-01-23 To celebrate its sesquicentennial Central 1858 2008 has gathered a collection of histories memories and musings from its members as well as former staff and their families The result is a colorful patchwork quilt of both research and recollection that captures this venerable Atlanta congregation's rich array of ministries programs and activities through the years Members and visitors alike receive a warm welcome at Central Presbyterian Church in Atlanta a church well known for its inclusive hospitality Within this historic place at the heart of the old city all receive strength from the ministries of worship education and

congregational nurture and leave equipped to respond to the ever changing needs of the community and the world Central as it appeared in 1937 provides a backdrop for the Palm Sunday march on Capitol Hill **Liquid Ecclesiology** Pete

Ward,2017-06-06 In Liquid Ecclesiology Pete Ward explores the theological contours of the turn to ethnography in the study of the Christian Church His approach rests on a theology of culture that holds in tension and paradox the expression of the Church and divine presence This theological framework is then developed through an extended qualitative empirical case study examining the communicative practices of the contemporary evangelical Church The case study examines how the evangelical Gospel through expression has become marginalised in the everyday life of communities being replaced by a new more individual and personalised theology seen in worship songs The final section of the book returns to the debates around ethnographic forms of theology and the question of normativity This book will be of interest to all those engaged in empirical and theological work as well as those researching the contemporary Church and evangelicalism **Introducing Practical**

Theology Pete Ward,2017-10-17 This introduction to the field of practical theology reclaims a theological vision for the life and work of the church Pete Ward dispels the myth that practical theology is a distraction from the real tasks of ministry or from serious academic theological work He argues that practical theology is part of the everyday life of the church and that there are a variety of possible approaches helping readers evaluate the approach that is most appropriate to their ministerial context and theological tradition This reliable accessible resource will work well for those in training or in ministry
