DAVID S. MASON

Public Opinion And Political Change In Poland 1980 1982

S. Kirschbaum

Public Opinion And Political Change In Poland 1980 1982:

Public Opinion and Political Change in Poland, 1980-1982 David Stewart Mason, 2009-12-03 This book draws on public opinion surveys conducted in Poland during the Solidarity era to examine popular attitudes on fundamental issues of political power and on the dramatic political events of 1980 1982 These surveys unprecedented for a communist regime offer a unique portrait of the values and attitudes of a population in a society undergoing profound social economic and political change The study focuses on the citizens who are often overlooked in studies of communist systems As such it provides a fresh look at the Solidarity experience from the public s point of view It details the sources of support and opposition for the regime the Solidarity leadership and the policies of each For example support for Solidarity declined during 1981 but it remained strong and there was little popular support for the hardline measures employed by the regime

Political Authority and Party Secretaries in Poland, 1975-1986 Paul G. Lewis, 1989-06-08 This book deals with the changing position and role of the Polish United Workers Party and its apparatus between 1975 and 1986 Their role and the way they perform it is seen as a major determinant of the nature of party leadership and more generally of the strength of political authority in communist states

Russia and Eastern Europe, 1789-1985 Raymond Pearson, 1989 **Public Opinion and Polling around the World** John G. Geer, 2004-07-21 Covering the intricate facets of America s most important democratic tradition this book serves as an important resource to understand how citizens views are translated into governmental action Public Opinion and Polling around the World presents a thorough review of public opinion from its roots in colonial America to its role in today s emerging democracies More than 100 entries prepared by top scholars examine the 200 year history of public opinion measurement methodologies with an emphasis on telephone interviews and Internet polls and key figures like George Gallup and Elmo Roper who created their own polling systems An analysis of theories compares schools of thought from the fields of psychology sociology and economics and explores how people form opinions A fascinating snapshot of the public s current views on economic issues foreign policy gender gay rights and other hot button topics observes patterns across genders race ethnic origins class and religion in regions all over the world Students academicians and political observers will discover answers to such questions as does public opinion shape the behavior of government

1978-1989 Heinz-Dietrich Fischer, 2020-01-20 No detailed description available for 1978 1989 *Popular Protest And Political Culture In Modern China* Jeffrey N Wasserstrom, 2018-02-07 This innovative and widely praised volume uses the dramatic occupation of Tiananmen Square as the foundation for rethinking the cultural dimensions of Chinese politics Now in a revised and expanded second edition the book includes enhanced coverage of key issues such as the political dimensions of popular culture addressed in a new chapter on Chinese rock and roll by Andrew Jones and the struggle for control of public discourse in the post 1989 era discussed in a new chapter by Tony Saich Two especially valuable additions to the second edition are art historian Tsao Tsing yuan s eyewitness account of the making of the Goddess of Democracy and an exposition of Chinese

understandings of the term revolution contributed by Liu Xiaobo one of China's most controversial dissident intellectuals The volume also includes an analysis by noted social theorist and historical sociologist Craig C Calhoun of the similarities and differences between the new social movements of recent decades and the old social movements of earlier eras TEXT
 CONCLUSION To facilitate classroom use the volume has been reorganized into groups of interrelated essays The editors introduce each section and offer a list of suggested readings that complement the material in that section *The Polish Road from Socialism: The Economics, Sociology and Politics of Transition* Walter D. Connor, Piotr Ploszajski, 2019-07-26 What the contributors to this volume offer is neither a romantic version of the course of Polish history nor a jubilant account of the recovery of national independence and political choice Rather they offer a variety of tough minded analytic perspectives on what comes when the party's over not just the PSPR but the celebration marking its downfall They focus on Poland's movement toward an internationally competitive market economy a political democracy in which plural interests compete and the constitution of a civil society that both tolerates and ameliorates conflict The multidisciplinary contributors include Jan Muzel Keith Crane Benjamin Slay Kazimierz Poznanski Jan Bossak Wojciech Bienkowski Włodzimierz Wesolowski Edmund Wnuk Lipinski Adam Sarapata Andrzej Sicinski Piotr Lukasiewicz Krzysztof Nowak David S Mason Andrzej Rychard Krzysztof Jasiewicz Jack Bielasiak Janusz Reykowski Stanisław Gebethner Mirosława Marody Edmund Mokrzycki and Michael D Kennedy **Poland's Journalists** Jane Leftwich Curry, 1990-02-22 Originally published in 1990 *Polish Journalists Professionalism and Politics* is a study of how in the face of constant political instructions and restrictions Polish journalists act as independent forces in their society **Patronage and Politics in the USSR** John P. Willerton, 1992 How do Soviet politicians rise to power How are national and regional regimes formed How are conflicting political interests brought together as policies are developed in the Soviet Union In *Patronage and Politics in the USSR* first published in 1991 Professor John Willerton offers major insights into the patronage networks that have dominated elite mobility regime formation and governance in the Soviet Union during the past twenty five years Using the biographical and career details of over two thousand national leaders and regional officials in Azerbaijan and Lithuania John Willerton traces the patron client relations underlying recruitment mobility and policymaking He explores the strategies of power consolidation and coalition building used by Soviet chief executives since 1964 as well as the institutional links and policy outcomes that have resulted from network politics The author also assesses the manner and extent to which leaders in politically stable and less stable settings spanning different national cultural contexts have relied upon patronage networks to consolidate power and to govern Finally Professor Willerton explores how in a period of dramatic change patron client networks may have given way to institutionalised interest groups and political parties *Soviet Strategic Arms Policy Before SALT* Christoph Bluth, 1992-03-12 In this book Dr Christoph Bluth presents an original analysis of the build up of Soviet strategic forces from the death of Stalin to the SALT I agreement The author is able to demonstrate how domestic priorities and internal power

struggles account for the seeming inconsistencies of Soviet military and foreign policy **The Czechoslovak Economy**

1948-1988 Martin Myant, 2010-06-24 Dr Myant presents a detailed account of the development and performance of the Czech economy over a period of forty years and reveals the problems and tensions created by the chosen system of centralised planning Dr Myant's conclusion is that any economic reform will have little substance unless accompanied by appropriate political change **The Democratization Disconnect** Brian K. Grodsky, 2016-08-25 The most recent wave of democratic revolutions has convinced many in the West of the triumph of political rights But in this provocative book Brian Grodsky argues forcefully that nothing could be further from the truth Today's revolutionaries both democratic and non democratic are much like those who preceded them throughout history They've all come into power promising enhanced political but especially economic rights higher wages better living standards more security The difference between today's pro democracy leaders and yesterday's non democratic ones the author demonstrates rests on the perceived international legitimacy of the democratic template Now when even the most abusive regimes feel the need to label themselves democracies opponents delegitimize rulers by calling them undemocratic This sets the stage for what Grodsky calls the democratization disconnect Leaders and followers fight for political change not as an end but as the most acceptable means to attain economic rights But by selling democracy as a panacea for the ills of the preceding regime new elites simultaneously cheapen the notion of democracy and by creating unrealistic popular expectations set it up for failure Putting a fresh new spin on hotly debated current events this clear eyed and informed book will be essential reading for all politically engaged readers **Problems of Communism**, 1992 **Materials for a Balance of the Soviet National Economy, 1928-1930** Soviet Union. Tsentral'noe upravlenie narodnokhoziaistvennogo ucheta, 1985 Newly translated materials from the years of mass collectivisation and the launching of the Soviet industrialisation drive *East Central Europe* Wojciech Roszkowski, 2015-01-01 What is East Central Europe Can it be defined with any precision The question of definition is a difficult one as is usually the case concerning borderlands whose historical developments show little continuity and an uncertain identity born of the conflict between aspirations and reality It is in East Central Europe that no peace settlement is ever final no frontiers are secure and each generation must begin its work anew Is there any chance that this definition will become out of date **The Jews of the Soviet Union** Benjamin Pinkus, 1988 This is a comprehensive and topical history of the Jews in the Soviet Union and is based on firsthand documentary evidence and the application of a pioneering research method into the fate of national minorities Within a four part chronological framework Professor Pinkus examines not only the legal political status of the Jews and their reciprocal relationship with the Soviet majority but also the impact of internal economic demographic and social processes upon the religious educational and cultural life of Soviet Jewry A second layer of analysis describes in depth the complex linkages between the Jews of the Soviet Union the Jews in other diasporas and the state of Israel itself The Jews of the Soviet Union marks a major contribution to the historiography and social analysis of its

subject and provides a worthy companion to Professor Pinkus's acclaimed documentary study *The Soviet Union and the Jews 1948-1967*. Imperial Russia's Jewish Question, 1855-1881 John Doyle Klier, 2005-11-17 John Klier examines Russian public opinion on the Jewish Question in the Russian Empire during a period of sweeping social and political reform. He studies the manner in which public opinion influenced and was influenced by state policy towards the Jews and traces the roots of modern antisemitism throughout Eastern Europe. Central European History and the European Union S.

Kirschbaum, 2015-12-11 This is a volume of scholarly essays that considers the meaning of Europe by examining aspects of Central European history as well as issues dealing with the EU's enlargement into Central Europe. These factors contribute to ideas of a definition of Europe that reflects the values and aspirations of all its citizens. **Soviet Workers and**

De-Stalinization Donald Filtzer, 2002-08-08 In this 1992 book Dr Filtzer demonstrates how labour policy under Khrushchev was limited to superficial gestures of liberalization and tinkering with incentive schemes. Rather than achieving any lasting effects, the Khrushchev period saw the consolidation of a long-term decline into economic stagnation. **The Routledge**

History Handbook of Central and Eastern Europe in the Twentieth Century Jochen Böhrer, Włodzimierz

Borodziej, Joachim von Puttkamer, 2022-02-15 Violence analyzes both the violence exerted on the societies of Central and Eastern Europe during the twentieth century by belligerent powers and authoritarian and/or totalitarian regimes and armed conflicts between ethnic, social and national groups as well as the interaction between these two phenomena. Throughout the twentieth century Central and Eastern Europe was hit particularly hard by war violence and repression with armed conflicts in the Balkans at the start and end of the period and two world wars in between. In the shadow of these full-scale wars ethnic, social and national conflicts were intensified, found new forms and were violently played out. The interwar period witnessed the emergence of authoritarian states who enforced their claim to power through continued violence against political opponents, stigmatized ethnic, national and social groups and were themselves fought with subversive or terrorist techniques. This volume focuses specifically on physical violence: war and civil war, ethnic cleansing, systematic starvation policies, deportations and expulsions, forced labour and prison camps, persecution by state security such as intensive surveillance which had an enormous impact on the lives of those it affected and other forms of government oppression and militant resistance. Geographically it considers the western regions of Belarus and Ukraine as sites of extreme violence that had a noticeable impact on neighbouring Central and Eastern European countries as well. The concluding volume in a four-volume set on Central and Eastern Europe in the twentieth century, it is the go-to resource for those interested in violence in this complex region.

Thank you for reading **Public Opinion And Political Change In Poland 1980 1982**. As you may know, people have look hundreds times for their chosen readings like this Public Opinion And Political Change In Poland 1980 1982, but end up in malicious downloads.
