business investment When I discovered that I just need to focus on the funnel and strategy I didn't want to stop learning Maybe in my position I don't have a choice to stop learning each day assuming I want to stay as an expert But the fact that it didn't bother me anymore was a huge advantage Sounds simple doesn't it Just two things And you already know what a sales funnel and strategy is right But don't worry we're going to get much more in depth than that as we go through this book As you'll see this book isn't about digital marketing tools and tactics I frankly couldn't care less whether you know how to code your own website design beautiful graphics or run detailed analytics I just want you to know two things digital sales funnels and strategy When it comes time to get something technical done you'll find that you can hire help to take care of those high skill technical and creative jobs And if you're cash strapped don't worry either I can't think of anything you'll ever need that hasn't been commoditized by the internet making potentially extremely expensive initiatives affordable for the solopreneur Here is a Preview of What You Will Get A Full Book Summary An Analysis Fun quizzes Quiz Answers Etc Get a copy of this summary and learn about the book
