Altbach, Edith S. Hoshino, 2015-05-08 First Published in 1996 This encyclopedia is unique in several ways As the first international reference source on publishing it is a pioneering venture Our aim is to provide comprehensive discussion and analysis of key subjects relating to books and publishing worldwide The sixty four essays included here feature not only factual and statistical information about the topic but also analysis and evaluation of those facts and figures The chapters are significantly more comprehensive than those typically found in an encyclopedia     A Literary History of the American West Western Literature Association (U.S.), 1987 Literary histories of course do not have a reason for being unless there exists the literature itself This volume perhaps more than others of its kind is an expression of appreciation for the talented and dedicated literary artists who ignored the odds avoided temptations to write for popularity or prestige and chose to write honestly about the American West believing that experiences long known to be of historical importance are also experiences that need and deserve a literature of importance     *The Knowledge Context* Philip G. Altbach, J Donald Monan Sj Professor of Higher Education and Director Philip G Altbach, 1987-01-01 The Knowledge Context adds an important new dimension to the study of publishing and the distribution of knowledge in the international arena Drawing from more than a decade of research Philip G Altbach examines a variety of issues including international copyright textbooks technological developments in publishing and the role of book distribution Those interested in publishing and the dissemination of knowledge will find this a helpful resource for understanding this critical enterprise     **Poet Power** Thomas A. thousands of pages of letters and manuscripts The Literary Mafia offers striking new discoveries about celebrated figures such as Lionel Trilling and Gordon Lish and neglected fiction by writers including Ivan Gold Ann Birstein and Trudy Gertler In the end we learn how the success of one minority group has lessons for all who would like to see American literature become more equitable *The Romance of Publishing* Alex Jackson, 1987 The author shares anecdotes about the world of publishing discusses the business aspects of the industry and explains how writers get their works published *Resources in Education* ,1974 **The Wayward Writer** Ariel Gore, 2022-10-11 When your dream and creative passion is to write how do you succeed without selling out or selling yourself short Ariel Gore has spent her life trying to solve this puzzle writing and organizing her way towards a creative utopian vision where storytelling is a form of resistance and writing is an outsider art In this follow up to her national bestseller *How to Become a Famous Writer Before You're Dead* Gore offers a lyrical call to literary revolution paired with practical exercises Through her own experiences and interviews with other authors publishers and agents she shows you how to chart your own creative education vanquish shame and imposter syndrome cast off oppression cast a spell on your readers step into your unique powers and build your own literary community where respect and honesty reign and where you can be a writer and survive Gore presents an alternative narrative structure to the patriarchal hero's journey with a focus on tapping into myths and hidden places She urges us to not be precious about where or when we write or to apologize for who and what we are or to stop short of telling the truth about our lives The result is an impossible to ignore rallying cry for writing dangerously to create a liberatory literary utopia and a helpful guide through the thorny landscape of publishing your work **Wisconsin Library Bulletin** ,1973 *Writing with Power* Peter Elbow, 1998 A classic handbook for anyone who needs to write *Writing with Power* provides readers and writers with various methods for getting words down on paper for revising for dealing with an audience for getting feedback and other recipes for approaching the mystery of power in writing **Research in Education** ,1974 **The Editor Function** Abram Foley, 2021-08-31 Offering the everyday tasks of literary editors as inspired sources of postwar literary history Michel Foucault famously theorized the author function in his 1969 essay *What Is an Author* proposing that the existence of the author limits textual meaning Abram Foley shows a similar critique at work in the labor of several postwar editors who sought to question and undo the corporate editorial industrial complex Marking an end to the powerful trope of the editor as gatekeeper *The Editor Function* demonstrates how practices of editing and publishing constitute their own kinds of thought calling on us to rethink what we read and how *The Editor Function* follows avant garde American literary editors and the publishing practices they developed to compete against the postwar corporate consolidation of the publishing industry Foley studies editing and publishing through archival readings and small press and literary journal publishing lists as unique sites for literary inquiry Pairing histories and analyses of well and lesser known figures and publishing formations from Cid Corman's *Origin* and Nathaniel Mackey's *Hambone* to Dalkey Archive Press and Semiotext e Foley offers the first in depth

engagement with major publishing initiatives in the postwar United States The Editor Function proposes that from the seemingly mundane tasks of these editors routine editorial correspondence line editing list formation emerge visions of new better worlds and new textual and conceptual spaces for collective action
