Publisher Gene Pulliam Last Of The Newspaper Titans:

Publisher Gene Pulliam, Last of the Newspaper Titans Russell Pulliam, 1984 [Indiana Magazine of History](#) , 1913

The Encyclopedia of Indianapolis David J. Bodenhamer, Robert G. Barrows, 1994-11-22 A work of this magnitude and high quality will obviously be indispensable to anyone studying the history of Indianapolis and its region The Journal of American History absorbing and accurate Although it is a monument to Indianapolis do not be fooled into thinking this tome is impersonal or boring It is not It is about people interesting people The Encyclopedia of Indianapolis is as engaging as a biography Arts Indiana comprehensive and detailed might well become the model for other such efforts Library Journal With more than 1 600 separate entries and 300 illustrations The Encyclopedia of Indianapolis is a model of what a modern city encyclopedia should be From the city's inception through its remarkable transformation into a leading urban center the history and people of Indianapolis are detailed in factual and interpretive articles on major topics including business education religion social services politics ethnicity sports and culture [Encyclopedia of American Journalism](#) Stephen L. Vaughn, 2007-12-11 The Encyclopedia of American Journalism explores the distinctions found in print media radio television and the internet This work seeks to document the role of these different forms of journalism in the formation of America's understanding and reaction to political campaigns war peace protest slavery consumer rights civil rights immigration unionism feminism environmentalism globalization and more This work also explores the intersections between journalism and other phenomena in American Society such as law crime business and consumption The evolution of journalism's ethical standards is discussed as well as the important libel and defamation trials that have influenced journalistic practice its legal protection and legal responsibilities Topics covered include Associations and Organizations Historical Overview and Practice Individuals Journalism in American History Laws Acts and Legislation Print Broadcast Newsgroups and Corporations Technologies **American Journalism** W. David Sloan, Lisa Mullikin Parcell, 2014-01-10 News consumers made cynical by sensationalist banners AMERICA STRIKES BACK THE TERROR OF ANTHRAX and lurid leads might be surprised to learn that in 1690 the newspaper Publick Occurrences gossiped about the sexual indiscretions of French royalty or seasoned the story of missing children by adding that barbarous Indians were lurking about before the disappearance Surprising too might be the media's steady adherence to if continual tugging at its philosophical and ethical moorings These 39 essays written and edited by the nation's leading professors of journalism cover the theory and practice of print radio and TV news reporting Politics and partisanship press and the government gender and the press corps presidential coverage war reportage technology and news gathering sensationalism each subject is treated individually Appropriate for interested lay persons students professors and reporters Instructors considering this book for use in a course may request an examination copy here [American Newspaper Publishers, 1950-1990](#) Perry J. Ashley, 1993 Profiles more than forty American newspaper publishers from the period 1950 1990 presenting primary and secondary bibliographies and illustrated biographical essays

that chronicle each publisher's career in detail Robert F. Kennedy Ray E. Boomhower, 2018-11-01 This account of a dramatic moment and a classic speech is a must read for anyone interested in presidential politics Indiana Magazine of History On April 4 1968 Senator Robert F Kennedy Jr arrived in Indiana to campaign for the state's Democratic presidential primary As Kennedy prepared to fly from an appearance in Muncie to Indianapolis he learned that civil rights leader Dr Martin Luther King Jr had been shot outside his hotel in Memphis Tennessee Before his plane landed in Indianapolis Kennedy heard the news that King had died Despite warnings from Indianapolis police that they could not guarantee his safety and concerns from his own staff Kennedy decided to proceed with plans to address an outdoor rally to be held in the heart of the city's African American community On that cold and windy evening Kennedy broke the news of King's death in an impassioned extemporaneous speech on the need for compassion in the face of violence It has proven to be one of the great speeches in American political history This book explains what brought the politician to Indiana that day and explores the characters and events of the 1968 Indiana Democratic presidential primary in which Kennedy who had been an underdog would go on to a decisive victory **Desert Visions and the Making of Phoenix, 1860-2009** Philip

VanderMeer, 2010-12-16 Whether touted for its burgeoning economy affordable housing and pleasant living style or criticized for being less like a city than a sprawling suburb Phoenix by all environmental logic should not exist Yet despite its extremely hot and dry climate and its remoteness Phoenix has grown into a massive metropolitan area This exhaustive study examines the history of how Phoenix came into being and how it has sustained itself from its origins in the 1860s to its present status as the nation's fifth largest city From the beginning Phoenix sought to grow and although growth has remained central to the city's history its importance meaning and value have changed substantially over the years The initial vision of Phoenix as an American Eden gave way to the Cold War Era vision of a High Tech Suburbia which in turn gave way to rising concerns in the late twentieth century about the environmental social and political costs of growth To understand how such unusual growth occurred in such an improbable location Philip VanderMeer explores five major themes the natural environment urban infrastructure economic development social and cultural values and public leadership Through investigating Phoenix's struggle to become a major American metropolis his study also offers a unique view of what it means to be a desert city

Indiana's 200 Linda C. Gugin, James E. St. Clair, 2016-05-20 Part of the Indiana Historical Society's commemoration of the nineteenth state's bicentennial Indiana's 200 The People Who Shaped the Hoosier State recognizes the people who made enduring contributions to Indiana in its 200 year history Written by historians scholars biographers and independent researchers the biographical essays in this book will enhance the public's knowledge and appreciation of those who made a difference in the lives of Hoosiers the country and even the world Subjects profiled in the book include individuals from all fields of endeavor law politics art music entertainment literature sports education business industry religion science invention technology as well as the notorious Before the Storm Rick Perlstein, 2009-03-17 In an astute and surprising

history of the 1960s as the cradle of the conservative movement Perlstein's gutsy narrative history profiles the rise of Barry Goldwater the rich handsome Arizona Republican who scorned the federal bureaucracy and despised liberals on sight 16 pp of photos Sunbelt Capitalism Elizabeth Tandy Shermer,2013-01-09 Few Sunbelt cities burned brighter or contributed more to the conservative movement than Phoenix In 1910 eleven thousand people called Phoenix home now over four million reside in this metropolitan region In Sunbelt Capitalism Elizabeth Tandy Shermer tells the story of the city's expansion and its impact on the nation The dramatic growth of Phoenix speaks not only to the character and history of the Sunbelt but also to the evolution in American capitalism that sustained it In the 1930s Barry Goldwater and other members of the Phoenix Chamber of Commerce feared the influence of New Deal planners small businessmen and Arizona trade unionists While Phoenix's business elite detested liberal policies they were not hostile to government action per se Goldwater and his contemporaries instead experimented with statecraft now deemed neoliberal They embraced politics policy and federal funding to fashion a favorable business climate which relied on disenfranchising voters weakening unions repealing regulations and shifting the tax burden onto homeowners and consumers These efforts allied them with executives at the helm of the modern conservative movement whose success partially hinged on relocating factories from the Steelbelt to the kind of free enterprise oasis that Phoenix represented But the city did not sprawl in a vacuum All Sunbelt boosters used the same incentives to compete at a fever pitch for investment and the resulting drain of jobs and capital from the industrial core forced Midwesterners and Northeasterners into the brawl Eventually this Second War Between the States reoriented American politics toward the principle that the government and the citizenry should be working in the interest of business *Editor & Publisher* ,1985 The Irregulars Jennet Conant,2009-09-08 Following her bestselling accounts of the most guarded secrets of the Second World War Conant offers a rollicking true story of spies politicians journalists and intrigue in the highest circles of Washington during the tumultuous days of World War II *Campaign of the Century* Irwin F. Gellman,2022-01-04 Based on massive new research a compelling and surprising account of the twentieth century's closest election The 1960 presidential election between John F Kennedy and Richard Nixon is one of the most frequently described political events of the twentieth century yet the accounts to date have been remarkably unbalanced Far more attention is given to Kennedy's side than to Nixon's The imbalance began with the first book on that election Theodore White's *The Making of the President 1960* in which as he later admitted White deliberately cast Kennedy as the hero and Nixon as the villain and it has been perpetuated in almost every book since then Few historians have attempted an unbiased account of the election and none have done the archival research that Irwin F Gellman has done Based on previously unused sources such as the FBI's surveillance of JFK and the papers of Leon Jaworski vice presidential candidate Henry Cabot Lodge and many others this book presents the first even handed history of both the primary campaigns and the general election The result is a fresh engaging chronicle that shatters long held myths and reveals the strengths and weaknesses of both

candidates M. Stanton Evans Steven F. Hayward, 2022-03-22 M Stanton Evans d 2015 was one of the unsung heroes and key figures of the modern conservative movement offering a model to be remembered and emulated in both thought and deed A person of extraordinary breadth he combined the roles of journalist first rank thinker and political action often at the center of crucial events for the conservative movement from the mid 1950s to his last decade in the 2010s He was the principal author of the Sharon Statement the founding document of Young Americans for Freedom Evans was also a mentor to an entire generation of conservative writers and journalists including Ann Coulter John Fund Martin Morse Wooster Tim Carney Richard Miniter William McGurn and this author Evans was libertarian in economics and policy traditionalist in moral and social matters respectful of religion and resolutely anti Communist Over the years he wrote a number of elegant articles and one book *The Theme is Freedom* that reconciled many of the strains that often appear between these differing schools of conservative thought He also wrote a controversial defense of Joseph McCarthy *Blacklisted by History* which is one of many examples of his fearlessness in contesting the conventional wisdom Beyond his professional profile Stan was also known for his ironic dry wit which only came out in person as well as his personal modesty and kindness and fondness for fast food sports and classic rock and roll music trivia He was the conservative for the common man *John J. Rhodes* J. Brian Smith, 2005 The life of John Jacob Rhodes is in part the story of a man thrust from the relative obscurity of the House to the forefront of what became America's most serious constitutional crisis since the Civil War the drive to impeach President Richard M Nixon As House Republican Leader John Rhodes was compelled to balance the interests of his party against his sworn oath to preserve the U S Constitution The anguish he endured and the political and personal courage he displayed qualify John Rhodes as a true American patriot This book documents Rhodes's life journey from his hometown of Council Grove Kansas through his long and illustrious representation of Arizona in the U S House of Representatives to his active post Congressional career which lasted up until his death at age 86 in 2003 His was a full life in which he was an eyewitness to and participant in major events in our nation's history from the Vietnam and Cold wars to the civil rights movement from the normalization of diplomatic relations with China to Reaganomics and all the domestic and international upheaval that characterized the second half of the twentieth century John J Rhodes *Man of the House* is the engaging story of a man who is remembered by all who knew him as a quiet effective leader who accomplished extraordinary things for his state stood tall under enormous pressure at a time of grave national peril and left a legacy of statesmanship sadly missing in today's body politic John Rhodes's life reminds us how American politics once was and hopefully may one day be again *Mainline Christianity* Jason S Lantzer, 2023-11-21 Since the Revolutionary War Mainline Christianity has been comprised of the Seven Sisters of American Protestantism the Congregational Church the Episcopal Church the Evangelical Lutheran Church the Presbyterian Church the United Methodist Church the American Baptist Convention and the Disciples of Christ These denominations have been the dominant cultural representatives since the nineteenth century of how and where the majority

of American Christians worship Today however the Seven Sisters no longer represent most American Christians The Mainline has been shrinking while evangelical and fundamentalist churches as well as non denominational congregations and mega churches have been attracting more and more members In this comprehensive and accessible book Jason S Lantzer chronicles the rise and fall of the Seven Sisters documenting the ways in which they stopped shaping American culture and began to be shaped by it After reviewing and critiquing the standard decline narrative of the Mainline he argues for a reconceptualization of the Mainline for the twenty first century a new grouping of Seven Sisters that seeks to recognize the vibrancy of American Christianity

Agents of Chaos Sean Howe, 2023-08-29 The life and times of High Times enigmatic founder Thomas King For ade an underground newspaper editor and marijuana kingpin who between police raids smuggling runs and outrageous stunts battled both the US government and fellow radicals Cover illustration by legendary comics artist Bill Sienkiewicz At the end of the 1960s the mysterious Tom For ade suddenly appeared insinuating himself into the top echelons of countercultural politics and assuming control of the Underground Press Syndicate a coalition of newspapers across the country Weathering government surveillance and harassment he embarked on a landmark court battle to obtain White House press credentials But his audacious exploits pieing Congressional panelists stealing presidential portraits and picking fights with other activists led to accusations that he was an agent provocateur As the era of protest faded and the dark shadows of Watergate spread For ade hoped that marijuana could be the path to cultural and economic revolution Bankrolled by drug dealing profits High Times would be the Playboy of pot dragging a once taboo subject into the mainstream The magazine was a travelogue of globe trotting adventure a wellspring of news about the business and an overnight success But High Times soon threatened to become nothing more than the hip capitalism For ade had railed against for so long and he felt his enemies closing in Assembled from exclusive interviews archived correspondences and declassified documents Agents of Chaos is a tale of attacks on journalism disinformation campaigns governmental secrecy corporatism and political factionalism Its triumphs and tragedies mirror the cultural transformations of 1970s America wrought by forces that continue to clash in the spaces between activism and power

The President and the Apprentice Irwin F. Gellman, 2015-07-28 More than half a century after Eisenhower left office the history of his presidency is so clouded by myth partisanship and outright fraud that most people have little understanding of how Ike s administration worked or what it accomplished We know or think we know that Eisenhower distrusted his vice president Richard Nixon and kept him at arm s length that he did little to advance civil rights that he sat by as Joseph McCarthy s reckless anticommunist campaign threatened to wreck his administration and that he planned the disastrous 1961 Bay of Pigs invasion of Cuba None of this is true The President and the Apprentice reveals a different Eisenhower and a different Nixon Ike trusted and relied on Nixon sending him on many sensitive overseas missions Eisenhower not Truman desegregated the military Eisenhower and Nixon not Lyndon Johnson pushed the Civil Rights Act of 1957 through the Senate Eisenhower was determined to bring down

McCarthy and did so Nixon never contrary to recent accounts saw a psychotherapist but while Ike was recovering from his heart attack in 1955 Nixon was overworked overanxious overmedicated and at the limits of his ability to function A New Look at how the Indianapolis Star Covered the 1968 Democratic Presidential Primary Janet A. Fillmore, 1990

Publisher Gene Pulliam Last Of The Newspaper Titans Book Review: Unveiling the Power of Words
