mechanisms of regional and national political representation providing a more comprehensive and comparative assessment of why and when representation works and fails for indigenous people This contributed volume is organized around one general and comparative chapter on indigenous political representation in Latin America followed by eight case studies divided into three main groups The first group includes cases with a more inclusive political environment such as Bolivia Ecuador and Guatemala The second group brings together cases with certain representation and or active indigenous elites Colombia Mexico and Paraguay Tthe third group presents outlier cases with potential indigenous issues Peru and Chile Finally the last chapter brings together reflections on how mechanisms for effective political representation can be improved and how indigenous organizations can be fostered to ensure effective political representation Indigenous Political Representation in Latin America will be of interest to political scientists sociologists and anthropologists studying both indigenous collective action and political representation by presenting a discussion on how to structure representation mechanisms capable of politically integrate the ethnic diversity of Latin American countries in order to build a multicultural citizenship It will also help policy makers and activists by discussing the successes and failures of effective indigenous political representation in Latin America

Ancestral Knowledges and Postcoloniality in Contemporary Ecuador Julia von Sigsfeld,2022-11-04 In light of an unprecedented constitutional acknowledgement of diverse epistemologies and stipulation making the protection and advancement of so called ancestral knowledges a duty of the state this research provides an analysis of the uptake of historically subalternised knowledges by the state during the government of Rafael Correa 2007 2017 as well as of the strive for epistemic justice by peoples and nationalities organisations in the context of struggles for social change decolonisation and self determination On the basis of rich empirical material the analysis traces state discourses and practices and mechanisms to govern ancestral knowledges in the framework of the government s Knowledge Society project and delineates how leaders of peoples and nationalities organisations struggle for the decolonisation of knowledge This monograph will be of interest to those concerned with relations between peoples and nationalities and Latin American states politics of recognition and collective rights the workings of purportedly post neoliberal governments and the possibilities and limits for alternatives to development the struggle of peoples and nationalities organisations for epistemic decolonisation as well as ongoing re conceptualisations of cosmopolitanisms against restructurations of the coloniality of knowledge and being

Venezuela Reframed Luis Fernando Angosto-Ferrández,2015-10-15 The role of the indigenous population in the formation of the Bolivarian constitution is one of Latin America s most important untold stories Considered a beacon of twenty first century socialism by many Venezuela is witnessing the paradoxical emergence of indigenous capitalisms as the government and various indigenous actors are driven by notions of development and enfranchisement grounded in the ideology of multiculturalism Venezuela Reframed shows that a considerable part of indigenous activism aligned with the Bolivarian governments has paved the way for development in

classical social democratic terms It looks at how in opposition to sectors of the indigenous population fighting for effective autonomy many legitimate claims are being usurped to consolidate capitalist relations Boldly arguing that romanticized notions of cultural indigeneity hide growing class struggle this book is essential reading not just for those interested in Venezuela but all those interested in the prospects of democracy contemporary states and alternatives to capitalism worldwide

The Routledge Handbook of Political Communication in Ibero-America Andreu Casero-Ripollés, Paulo Carlos López-López, 2024-10-31 The Routledge Handbook of Political Communication in Ibero America addresses the relationship between communication politics and digital technologies in Latin American and the Iberian Peninsula a geographical space linked by social cultural and linguistic aspects In recent years digital media have been central in the dialogue established by political parties institutions the media and citizens In this hybrid space emerged certain phenomena that are of interest particularly in the Ibero American landscape including disinformation and fake news protests on social media the organization of social movements the relationship between the press and the state political participation populism the role played by emotions and memes the impact of AI and platformization on politics and topics of debate in the public sphere This Handbook is structured into nine parts beginning with a historical contextualization and then exploring central aspects of the discipline It then goes on to study trends at the regional level increasing knowledge about how political communication and digital technologies are changing multiple aspects of Ibero American societies where political communication plays a fundamental role especially in electoral processes with its consequent effects on democracy This Handbook will be of interest to academics students and professionals in the fields of political science communication journalism advertising marketing and sociology as well as public opinion consulting It will be of particular interest to undergraduate and postgraduate students from Latin America Portugal and Spain

Mobilization and Conflict in Multiethnic States Manuel Vogt, 2019 Why are some multiethnic countries more prone to civil violence than others This book examines the occurrence and forms of conflict in multiethnic states It presents a theory that explains not only why ethnic groups rebel but also how they rebel It shows that in extremely unequal societies conflict typically occurs in non violent forms because marginalized groups lack both the resources and the opportunities for violent revolt In contrast in more equal but segmented multiethnic societies violent conflict is more likely The book traces the origins of these different types of multiethnic states to distinct experiences of colonial rule Settler colonialism produced persistent stratification and far reaching cultural and economic integration of the conquered groups as for example in Guatemala the United States or Bolivia By contrast in decolonized states such as Iraq Pakistan or Sri Lanka in which independence led to indigenous self rule the colonizers divide and rule policies resulted in deeply segmented post colonial societies Combining statistical analyses with case studies based on original field research in four different countries in Sub Saharan Africa and Latin America Vogt analyzes why and how colonial legacies have led to peaceful or violent ethnic movements
