Levy, 2014-12-01 Most studies of Puerto Rico s relations with the United States have focused on the sugar industry recounting a tale of victimization and imperial abuse driven by the interests of U S sugar companies But in *Puerto Ricans in the Empire* Teresita A Levy looks at a different agricultural sector tobacco growing and tells a story in which Puerto Ricans challenged U S officials and fought successfully for legislation that benefited the island Levy describes how small scale politically involved independent landowners grew most of the tobacco in Puerto Rico She shows how to gain access to political power tobacco farmers joined local agricultural leagues and the leading farmers association the Asociaci n de Agricultores Puertorrique os AAP Through their affiliation with the AAP they successfully lobbied U S administrators in San Juan and Washington participated in government sponsored agricultural programs solicited agricultural credit from governmental sources and sought scientific education in a variety of public programs all to boost their share of the tobacco leaf market in the United States By their own efforts Levy argues Puerto Ricans demanded and won inclusion in the empire in terms that were defined not only by the colonial power but also by the colonized The relationship between Puerto Rico and

the United States was undoubtedly colonial in nature but as Puerto Ricans in the Empire shows it was not unilateral It was a dynamic elastic and ever changing interaction where Puerto Ricans actively participated in the economic and political processes of a negotiated empire *The American New Woman Revisited* Martha H. Patterson, 2008-05-01 In North America between 1894 and 1930 the rise of the New Woman sparked controversy on both sides of the Atlantic and around the world As she demanded a public voice as well as private fulfillment through work education and politics American journalists debated and defined her Who was she and where did she come from Was she to be celebrated as the agent of progress or reviled as a traitor to the traditional family Over time the dominant version of the American New Woman became typified as white educated and middle class the suffragist progressive reformer and bloomer wearing bicyclist By the 1920s the jazz dancing flapper epitomized her Yet she also had many other faces Bringing together a diverse range of essays from the periodical press of the late nineteenth and early twentieth centuries Martha H Patterson shows how the New Woman differed according to region class politics race ethnicity and historical circumstance In addition to the New Woman s prevailing incarnations she appears here as a gun wielding heroine imperialist symbol assimilationist icon entrepreneur socialist anarchist thief vamp and eugenicist Together these readings redefine our understanding of the New Woman and her cultural impact **Memorial Services Held in the House of Representatives of the United States** United States.
