Dietz, 2003 In the midst of significantly changing economic and political relations with the United States Puerto Rico is struggling to find a new and effective development path James Dietz examines the island's contemporary development trajectory providing a comprehensive and up to date analysis Dietz considers where Puerto Rico's economy is today why and how its challenging state of affairs might be improved Throughout building on his acclaimed *Economic History of Puerto Rico* he explores the historical social and political forces that have accompanied Puerto Rico's course from the 1940s to the first decade of the twenty first century *Cartographies of Transnationalism in Postcolonial Feminisms* Jamil Khader, 2013 This book proffers a new theory of the radical possibilities of contemporary postcolonial feminist writings from Africa the Middle East the Americas and the Caribbean against what can be described as actually existing colonialisms These writers include prominent and other less known postcolonial women writers such as Tsitsi Dangarembga Louise Erdrich Aurora Levins Morales Rosario Morales Esmeralda Santiago Raymonda Tawil Michelle Cliff and Rigoberta Mench Negotiating the contradictions among

gender nation and globalization postcolonial women writers construct extimate subjectivities that mark their excessive locations in the social field through the dialectical relation between the intimate and the external the intimately or internally external articulating these contradictions within the larger history and narratives of anti colonial internationalist struggle for liberation and emancipation Grounded in a commitment to the future of the postcolonial nation and the project of decolonization and liberation within the ever encroaching neocolonial global capitalist system postcolonial women s narratives of displacing offer not only an alternative mode of ideological critique of scripted and commonly inherited discourses of identity home culture that obfuscate the fundamental social antagonism but also ways of changing them through practices of radical politics The book thus charts four intersecting dialogic strategies by which postcolonial women writers produce extimate subjectivities travel unhomeliness multiple and shifting subject positions and transnational alliances First specific strategies of travel voluntary and involuntary within glocal networks of dispossession displacement and labor migration that foreground their extimate locations as internally external Second tactics of unhomeliness that uncover traces of the foreign and elsewhere in the edifice of the familiar that serve as the basis for interrogating dominant discourses of belonging Third techniques of multiple and shifting subject positions that recognize the excessive location of the extimate subject in order to unravel not only the contingency of the subject s ontic properties but also her locations in the interplay of oppression and privilege And fourth strategies for building political solidarity with transnational and transethnic communities of struggle that are grounded in the concrete Universality of the excluded communities This book bears witness to the radical possibility in contemporary postcolonial feminist writing and promises a way out of the impasse of the current culturalization of politics in the humanities that has resulted from the uncritical celebration of hybridity and the concomitant emphasis on diaspora postnationalism and cosmopolitanism in dominant discourses of postcolonial ethnic and transnational studies

(Post-)colonial Archipelagos Hans-Jürgen Burchardt, Johanna Leinius, 2022-02-22 The Puerto Rican debt crisis the challenges of social political and economic transition in Cuba and the populist politics of Duterte in the Philippines these topics are typically seen as disparate experiences of social reality Though these island territories were colonized by the same two colonial powers by the Spanish Empire and after 1898 by the United States research in the fields of history and the social sciences rarely draws links between these three contexts Located at the intersection of Postcolonial Studies Latin American Studies Caribbean Studies and History this interdisciplinary volume brings together scholars from the US Europe Latin America the Caribbean and the Philippines to examine the colonial legacies of the three island nations of Cuba Puerto Rico and the Philippines Instead of focusing on the legacies of US colonialism the continuing legacies of Spanish colonialism are put center stage The analyses offered in the volume yield new and surprising insights into the study of colonial and postcolonial constellations that are of interest not only for experts but also for readers interested in the social political economic and cultural dynamics of Cuba Puerto Rico and the Philippines during Spanish colonization and in the present The

empirical material profits from a rigorous and systematic analytical framework and is thus easily accessible for students researchers and the interested public alike

Puerto Rico and Ukraine from a Bird Two Wings- Self Political Determination Missing Guillermo González Román M.D.,2022-06-16 This book is written from my perspective as a psychiatrist in relation to my experiences of being an American born in Puerto Rico This may sound cognitively dissonant but is not There are fundamental differences between being an American and an American born in PR The intentions for this book are to denounce the hoax of the century in USA that the Puerto Ricans govern Puerto Rico Puerto Rico has no sovereignty of its own Since 1898 PR has been governed by the US Congress and the President of the USA With the Foraker Act of 1900 we were ordered to organize ourselves in a limited version of a republican type of government with only one chamber and a governor appointed by the President of the USA This civil government would replace the military government present since the invasion of our lands With the Jones Shafroth Act of 1917 we became American citizens and the new government was going to have two chambers Senate and House of Representatives The Act made it clear that the US has full control in matters of the economy immigration defense and the type of government for us in PR Government organization was designed by the USA and not by us Even our famous Commonwealth Constitution was ordered from the US Congress and was modified at their will without consent of the Puerto Ricans Until 1952 PR was on the list of colonies of the United Nations Decolonization Committee The people of PR were allowed to elect a governor in 1948 for the first time since total control of the US We were ordered to write a constitution subordinated to the US Constitution as approved by Congress and this act was presented to the United Nation as a proof of self government It proved unnecessary supervision by the UN they considered it a domestic manner and not an international matter it seems that they forgot the Treaty of Paris The US

ambassador asked for PR to be stricken from the list of colonies and for the requirements to present reports for the decolonization and self government development We have never had full self government and much less self determined government This hoax has led many to believe that PR is a Latin American nation We are a non incorporated territory that belongs to but is not part of the federation of states government As a territory that belongs to the USA they discriminated regarding which rights of their constitution extends to us For the past five years a board of seven members designated by the President and the House and the Senate of the USA has superseded our elected officials And they have the discretion and the power to change whatever they feel necessary including the constitution so we can pay the debt with Wall Street Seven Americans not Puerto Ricans have the full control of our monies Where is the self government Maybe it never existed and was just the hoax of the century for the US government **Congressional Record** United States. Congress,2002

Puerto Rico, a Colonial Experiment Raymond Carr,1984 *Ricanness* Sandra Ruiz,2019-07-09 Honorable Mention 2020 Barnard Hewitt Award for Outstanding Research in Theatre History given by the American Society for Theatre Research Argues that Ricanness operates as a continual performance of bodily endurance against US colonialism In 1954 Dolores Lolita Lebr n and other members of the Puerto Rican Nationalist Party led a revolutionary action on the chambers of Congress firing several shots at the ceiling and calling for the independence of the island Ricanness *Enduring Time in Anticolonial Performance* begins with Lebr n s vanguard act distilling the relationship between Puerto Rican subjectivity gender sexuality and revolutionary performance under colonial time Ruiz argues that Ricanness a continual performance of bodily endurance against US colonialism through different measures of time uncovers what s at stake politically for the often unwanted anticolonial racialized and sexualized enduring body Moving among theatre experimental video revolutionary protest photography poetry and durational performance art Ricanness stages scenes in which the philosophical social and psychic come together at the site of aesthetics against the colonization of time Analyzing the work of artists and revolutionaries like AD L Lebr n Papo Colo Pedro Pietri and Ryan Rivera Ricanness imagines a Rican future through the time travel extended in their aesthetic interventions illustrating how they have reformulated time itself through nonlinear aesthetic practices
