Pulpit, Press, and Politics Scott McLaren, 2019-07-15 When American Methodist preachers first arrived in Upper Canada in the 1790s they brought with them more than an alluring religious faith They also brought

saddlebags stuffed with books published by the New York Methodist Book Concern North America's first denominational publisher to sell along their preaching circuits Pulpit Press and Politics traces the expansion of this remarkable transnational market from its earliest days to the mid nineteenth century a period of intense religious struggle in Upper Canada marked by fiery revivals political betrayals and bitter church schisms The Methodist Book Concern occupied a central place in all this conflict as it powerfully shaped and subverted the religious and political identities of Canadian Methodists particularly in the wake of the American Revolution The Concern bankrolled the bulk of Canadian Methodist preaching and missionary activities enabled and constrained evangelistic efforts among the colony's Native groups and clouded Methodist dealings with the British Wesleyans and other religious competitors north of the border Even more importantly as Methodists went on to assume a preeminent place in Upper Canada's religious cultural and educational life their ongoing reliance on the Methodist Book Concern played a crucial role in opening the way for the lasting acceptance and widespread use of American books and periodicals across the region
