Pulpit Politics Faces Of American Protestant Nationalism In The Twentieth Century

Mark Juergensmeyer

Pulpit Politics Faces Of American Protestant Nationalism In The Twentieth Century:

Pulpit Politics Warren L. Vinz,1997-10-27 *Pulpit Politics* discusses the manner in which nationalistic expression forged a new religious relevance to the American experience and the extent to which these diverse styles of religious nationalism created and reflected tension in twentieth century America Vinz identifies the form of American nationalism as the nationalism of messianism but demonstrates that Protestant leadership throughout the twentieth century gave no consistent voice on what America should be messianic about displaying a cacophonous mix of nationalistic expressions that both reflected and contributed to societal confusion This book enables the reader to understand the American struggle to focus on national meaning to appreciate the long standing polarization of absolutes inherent in the American experience and suggests potential scenarios of resolution

Religion and Politics John W. Storey,Glenn H. Utter,2002-02-01 Focusing on religions such as Islam and Buddhism this volume shows how religion influences politics and vice versa Delving into such subjects as the separation of church and state in the United States the domination of the state by religion in Iran and the control of religion by the state in China this survey illuminates cultural differences This book gives a revealing look at the numerous relationships between religion and politics In the Church of England for example the 26 most senior Anglican bishops have seats in the House of Lords Religion and Politics also includes biographical sketches of thinkers and doers whose careers intersected religion and politics in significant ways from the Berrigan brothers to Osama bin Laden Also included are data and quotes a directory of politically active religious groups and a 150 page annotated bibliography

Conservative Christians and Political Participation Glenn H. Utter,James L. True,2004-11-23 A timely exploration of the political history growth and impact of one of the most powerful religious groups in the United States *Conservative Christians and Political Participation* examines the involvement and influence of the growing number of Conservative Christians in America A historical overview of the interaction of religion and politics from colonial times to today sets the stage for a deeper exploration into the demographics of this group the concerns they share and the creative methods they employ to achieve their goals through protests political activity leadership and group organization Case studies tackle highly emotional issues like same sex marriage decency in the mass media school prayer euthanasia and American foreign policy toward Israel The book also covers leaders such as Pat Buchanan and Ralph Reed and discusses how they have been effective in their lobbying efforts through organizations like the Christian Action Network and the American Family Association

Return to Greatness Alan Wolfe,2009-02-09 Has America in its quest for goodness sacrificed its sense of greatness In this sharp witted historically informed book veteran political observer Alan Wolfe argues that most Americans show greater concern with saving the country s soul than with making the nation great Wolfe castigates both conservatives and liberals for opting for small mindedness over greatness Liberals who at their best insisted on policies of national solidarity have convinced themselves that small is beautiful prefer multiculturalism to one nation and are mistrustful of executive political power

Conservatives who once embraced strong active central government and an ideal of national citizenship now support huge tax cuts that undermine America's future ability to undertake any ambitious long term project at home or abroad No great society in Wolfe's view has ever been built on the cheap Wolfe notes that neither the conservatives call for small scale faith based initiatives nor the recent embrace on the left of a grassroots civil society can provide health care to tens of millions of uninsured Americans or ensure national security in an age of terrorism To find better solutions Wolfe looks back at specific moments in our national experience when in the face of sharp resistance aspirations for the idea of national greatness shaped American history He demonstrates how a bold and ambitious political agenda championed at various times by Alexander Hamilton John Marshall Abraham Lincoln and the two Roosevelts steered the country toward periods of national strength and unity Steeped in a colorful panoramic reading of history Return to Greatness offers a fresh take on American national identity and purpose A call to action for a renewed embrace of the ideal of an activist federal government and bold policy agendas it is sure to become a centerpiece of national debate

An American Stand Eric R. Crouse, 2010-07-17 Margaret Chase Smith was the first woman in American history elected in both the House of Representatives and the Senate the first politician to take a public stand against McCarthyism and the first woman of a major political party to run for president of the United States An American Stand Senator Margaret Chase Smith and the Communist Menace 1948-1972 explores her engagement with the masculine issue of national defense An unyielding foe of global communism this Republican senator was the first female Cold Warrior During the Korean War she voiced strident anti communist rhetoric in her newspaper column Her energetic support for nuclear superiority in the fifties and sixties caused Nikita Khrushchev to describe her as Satan in the guise of a woman In the face of growing opposition to America's involvement in Vietnam Smith remained committed to a clear stand against violent communist expansion This book examines the exposition of the communist menace and the Cold War as a fight between good and evil without sanitization of communist leaders' ruthless actions For Smith and many others America's fight against global communism despite appalling sacrifices of lives and money made sense because they believed that communism was a vicious expansionist system with little respect for human life and freedom

Pluralism Comes of Age Charles H. Lippy, 2015-05-20 This acclaimed work surveys the varied course of religious life in modern America Beginning with the close of the Victorian Age it moves through the shifting power of Protestantism and American Catholicism and into the intense period of immigration and pluralism that has characterized our nation's religious experience

Faith and War David E. Settje, 2011 Throughout American history Christianity has shaped public opinion guided leaders in their decision making and stood at the center of countless issues To gain complete knowledge of an era historians must investigate the religious context of what transpired why it happened and how Yet too little is known about American Christianity's foreign policy opinions during the Cold and Vietnam Wars To gain a deeper understanding of this period 1964-75 David E Settje explores the diversity of American Christian responses to the Cold and Vietnam Wars to

determine how Americans engaged in debates about foreign policy based on their theological convictions Settje uncovers how specific Christian theologies and histories influenced American religious responses to international affairs which varied considerably Scrutinizing such sources as the evangelical Christianity Today the mainline Protestant Christian Century a sampling of Catholic periodicals the African Methodist Episcopal Church the Southern Baptist Convention and the United Church of Christ Faith and War explores these entities commingling of religion politics and foreign policy illuminating the roles that Christianity attempted to play in both reflecting and shaping American foreign policy opinions during a decade in which global matters affected Americans daily and profoundly Sword of the Spirit, Shield of Faith Andrew

Preston, 2012-02-28 A richly detailed profoundly engrossing story of how religion has influenced American foreign relations told through the stories of the men and women from presidents to preachers who have plotted the country's course in the world Ever since John Winthrop argued that the Puritans' new home would be a city upon a hill Americans' role in the world has been shaped by their belief that God has something special in mind for them But this is a story that historians have mostly ignored Now in the first authoritative work on the subject Andrew Preston explores the major strains of religious fervor liberal and conservative pacifist and militant internationalist and isolationist that framed American thinking on international issues from the earliest colonial wars to the twenty first century He arrives at some startling conclusions among them Abraham Lincoln's use of religion in the Civil War became the model for subsequent wars of humanitarian intervention nineteenth century Protestant missionaries made up the first NGO to advance a global human rights agenda religious liberty was the centerpiece of Franklin Roosevelt's strategy to bring the United States into World War II From George Washington to George W Bush from the Puritans to the present from the colonial wars to the Cold War religion has been one of America's most powerful sources of ideas about the wider world When just days after 9/11 George W Bush described America as a prayerful nation a nation that prays to an almighty God for protection and for peace or when Barack Obama spoke of balancing the just war and the imperatives of a just peace in his Nobel Peace Prize acceptance speech they were echoing four hundred years of religious rhetoric Preston traces this echo back to its source Sword of the Spirit Shield of Faith is an unprecedented achievement no one has yet attempted such a bold synthesis of American history It is also a remarkable work of balance and fair mindedness about one of the most fraught subjects in America **America's Right** Robert B.

Horwitz, 2013-07-10 Conservatism has been the most important political doctrine in the United States for nearly four decades It has dominated the intellectual debate and largely set the policy agenda even during years of Democratic electoral control But 21st century conservatism has moved far beyond even the Reagan Revolution of small government lower taxes and a respect for tradition The alliance of libertarians neoconservatives and the Christian right has launched anxious and angry attacks on the purported homosexual agenda the hoax of climate change the rule by experts and elites and the banishment of religion from the public realm In the foreign policy arena it has tried to remake the world through the cleansing fire of

violence Contemporary American conservatism practices a politics that is disciplined uncompromising utopian and enraged seeking to take back our country This is anti establishment conservatism whose origin can be traced back to the right wing that battled both the reigning post World War II liberal consensus and the moderate establishment Republican Party This book examines the nature of anti establishment conservatism traces its development from the 1950s to the Tea Party and explains its political ascendance **The Arab-Israeli Conflict in American Political Culture** Jonathan

Rynhold,2015-02-23 This book surveys discourse and opinion in the United States toward the Arab Israeli conflict since 1991 Contrary to popular myth it demonstrates that U S support for Israel is not based on the pro Israel lobby but rather is deeply rooted in American political culture That support has increased since 9 11 However the bulk of this increase has been among Republicans conservatives evangelicals and Orthodox Jews Meanwhile among Democrats liberals the Mainline Protestant Church and non Orthodox Jews criticism of Israeli policies toward the Palestinians has become more vociferous This book works to explain this paradox **Religion in American History** Amanda Porterfield,John Corrigan,2010-04-26 This student

friendly introduction combines both thematic and chronological approaches in exploring the pivotal role religion played in American history and of its impact across a range of issues from identity formation and politics to race gender and class A comprehensive introduction to American religious history that successfully combines thematic and chronological approaches aiding both teaching and learning Brings together a stellar cast of experts to trace the development of theology the political order practice and race ethnicity gender and class throughout America s history Accessibly structured in to four key eras Exploration and Encounter 1492 1676 The Atlantic World 1676 1802 American Empire 1803 1898 and Global Reach 1898 present Investigates the role of religion in forming people s identities emotional experiences social conflict politics and patriotism *Embattled Ecumenism* Jill Gill,2011-09-01 The Vietnam War and its polarizing era challenged splintered and

changed The National Council of the Churches of Christ in the U S A NCC which was motivated by its ecumenical Christian vision to oppose that war and unify people The NCC s efforts on the war exposed its strengths and imploded its weaknesses in ways instructive for religious institutions that bring their faith into politics *Embattled Ecumenism* explores the ecumenical vision anti Vietnam War efforts and legacy of the NCC Gill s monumental study serves as a window into the mainline Protestant manner of engaging political issues at a unique time of national crisis and religious transformation In vibrant prose Gill illuminates an ecumenical institution vision and movement that has been largely misrepresented by the religious right dismissed by the secular left misunderstood by laity and ignored by scholars outside of ecumenical circles At a time when the majority of scholarly work is committed to looking at the religious right Gill s groundbreaking study of the Protestant Left is a welcome addition *Embattled Ecumenism* will appeal to scholars of U S religion politics and culture as well as historians of evangelicalism and general readers interested in U S history and religion *Smashing the Liquor Machine*

Mark Lawrence Schrad,2021 When most people think of the prohibition era they think of speakeasies gin runners and

backwoods fundamentalists railing about the ills of strong drink In other words in the popular imagination it is a peculiarly American event Yet as Mark Lawrence Schrad shows in *Smashing the Liquor Machine* the conventional scholarship on prohibition is extremely misleading for a simple reason American prohibition was just one piece of a global wave of prohibition laws that occurred around the same time Schrad's counterintuitive global history of prohibition looks at the anti alcohol movement around the globe through the experiences of pro temperance leaders like Thomas Masaryk founder of Czechoslovakia Vladimir Lenin Leo Tolstoy and anti colonial activists in India Schrad argues that temperance wasn't American exceptionalism at all but rather one of the most broad based and successful transnational social movements of the modern era In fact Schrad offers a fundamental re appraisal of this colorful era to reveal that temperance forces frequently aligned with progressivism social justice liberal self determination democratic socialism labor rights women's rights and indigenous rights By placing the temperance movement in a deep global context he forces us to fundamentally rethink all that we think we know about the movement Rather than a motley collection of puritanical American evangelicals the global temperance movement advocated communal self protection against the corrupt and predatory liquor machine that had become exceedingly rich off the misery and addictions of the poor around the world from the slums of South Asia to central Europe to the Indian reservations of the American west Unlike many traditional dry histories *Smashing the Liquor Machine* gives voice to minority and subaltern figures who resisted the global liquor industry and further highlights that the impulses that led to the temperance movement were far more progressive and variegated than American readers have been led to believe

Catholic Borderlands Anne M. Martinez, 2014-08-21 In 1905 Rev Francis Clement Kelley founded the Catholic Church Extension Society of the United States of America Drawing attention to the common link of religion Kelley proclaimed the Extension Society's duty to be that of preventing American Protestant missionaries public school teachers and others from separating people from their natural faith Catholicism Though domestic evangelization was its founding purpose the Extension Society eventually expanded beyond the national border into Mexico in an attempt to solidify a hemispheric Catholic identity Exploring international racial and religious implications Anne M Martinez's *Catholic Borderlands* examines Kelley's life and actions including events at the beginning of the twentieth century that prompted four exiled Mexican archbishops to seek refuge with the Archdiocese of Chicago and befriend Kelley This relationship inspired Kelley to solidify a commitment to expanding Catholicism in Mexico Puerto Rico and the Philippines in response to the national plan of Protestantization which was indiscreetly being labeled as Americanization Kelley's cause intensified as the violence of the Mexican Revolution and the Cristero Rebellion reverberated across national borders Kelley's work with the U S Catholic Church to intervene in Mexico helped transfer cultural ownership of Mexico from Spain to the United States thus signaling that Catholics were considered not foreigners but heirs to the land of their Catholic forefathers

Global Rebellion Mark Juergensmeyer, 2008-05-16 Why has the turn of the twenty first century been rocked by a new religious rebellion From al

Qaeda to Christian militias to insurgents in Iraq a strident new religious activism has seized the imaginations of political rebels around the world Building on his groundbreaking book *The New Cold War Religious Nationalism Confronts the Secular State* Mark Juergensmeyer here provides an up to date road map through this complex new religious terrain Basing his discussion on interviews with militant activists and case studies of rebellious movements Juergensmeyer puts a human face on conflicts that have become increasingly abstract He revises our notions of religious revolution and offers positive proposals for responding to religious activism in ways that will diminish the violence and lead to an accommodation between radical religion and the secular world *Faith-based Radicalism* Christiane Timmerman, 2007 Terror attacks against Western symbols of power suicide terrorism in Chechnya or bombing of abortion clinics in the United States these are a few of the violent religious outbursts that the media never seem to stop broadcasting While these outbursts are mostly linked to Islamic extremism it should however be acknowledged that every religion has its own violent side Despite all the events the media are too prompt to show us it would be dishonest and insensible not to accept that every religion has also a potential for religious peace building and communal renewal How can it be explained then that religions sometimes react violently against the society surrounding them by trying to overthrow it while at some other times they willingly help and try to build a better world for everyone The University Centre Saint Ignatius Antwerp organised an interdisciplinary summer seminar in September 2005 and gathered senior scholars all experts in their own fields and junior scholars who will be the experts of tomorrow from all over the world to discuss these burning issues The seminar focused on miscellaneous topics all pointing towards the question of religion and society like literalism and the Holy texts the ambivalence of faith based radicalism the psychology of religion and terrorism nationalism and religion and religious social movements Publisher *The Straight Mind in Corinth* Gillian Townsley, 2017-07-28 A new reading that troubles and transgresses the normal with regard to biblical studies and our understandings of gender and sexuality Despite its lack of both historical and exegetical clarity 1 Corinthians 11 2 16 has often been fundamental to understandings of gender and sexuality in many Christian traditions In particular a hierarchical model of gender and a heterosexual model of sexuality tend to dominate and are presented as natural and God ordained With the materialist lesbian theory of Monique Wittig providing the theoretical basis for discussion this book intersects various biblical theological and queer lines of inquiry across 1 Corinthians 11 2 16 in order to reveal and challenge these models of gender and sexuality that lie behind both the text itself and its various interpretations Features Reveals the complex relationship between effeminacy masculinity and sexual relations in the first century Greco Roman environment of the New Testament Explores the ideologies of sexuality that underlie much of the debate within evangelical circles Examines Karl Barth's theology on the binary pairing of man and woman as asymmetrically related to each other and to God through the notion of the imago dei revealing and challenging the ways in which this reflects androcentric and patriarchal ideologies *Wayward Christian Soldiers* Charles Marsh, 2008-10-27 In *Wayward Christian Soldiers* leading evangelical theologian

Charles Marsh offers a powerful indictment of the political activism of evangelical Christian leaders and churches in the United States. With emphasis on repentance and renewal, this important work advises Christians how to understand past mistakes and to avoid making them in the future. Over the past several years, Marsh observes, American evangelicals have achieved more political power than at any time in their history. But access and influence have come at a cost to their witness in the world and the integrity of their message. The author offers a sobering contrast between the contemporary evangelical elite, which forms the core of the Republican Party, and the historic Christian tradition of respect for the mystery of God and appreciation for human fallibility. The author shows that the most prominent voices in American evangelicalism have arrogantly redefined Christianity on the basis of partisan politics rather than scripture and tradition. The role of politics in distorting the Christian message can be seen most dramatically in the invasion of Iraq, he argues. Some 87% of American evangelicals supported going to war, while every single evangelical church outside the United States opposed it. The Jesus who storms into Baghdad behind the wheel of a Humvee, Marsh points out, is not the Jesus of the Gospel. Indeed, not since the nazification of the German church under Hitler has the political misuse of Christianity led to such catastrophic global consequences. Is there an alternative? This book proposes that the renewal of American churches requires a season of concentrated attention to faith's essential affirmations: a time of hospitality, peacemaking, and contemplative prayer. Offering an authentic Christian alternative to the narcissistic piety of popular evangelicalism, *Wayward Christian Soldiers* represents a unique entry into the increasingly pivotal debate over the role of faith in American politics. With *Wayward Christian Soldiers*, Charles Marsh again shows that he is one of the most astute observers of evangelicalism today. Jim Wallis, author of *God's Politics*

Evangelicals and Liberation Revisited Joao B. Chaves, 2013-03-18. Despite the fact that the theological gains of Latin American Liberation Theology (LALT) have been incorporated into several theologies around the world, many North Atlantic evangelicals still consider LALT a heresy. The underlying reason for the lack of positive engagement between North Atlantic Evangelical Theology in general and American Evangelical Theology in particular and LALT is the mistaken perception that LALT and evangelical theology are necessarily contradictory. In *Evangelicals and Liberation Revisited*, Joao Chaves analyzes instances of the evangelical liberationist interaction and examines the generally suspicious responses given to LALT by North Atlantic Evangelicals. Evangelicals who think of LALT as a heresy have failed to look not only into the diversity that exists among liberationists but also into the different theological expressions within their own movement. Joao Chaves argues convincingly that if evangelicals think about both liberation theology and their own theological commitments critically, then they will be able to recognize that LALT can be an indispensable ally in their commitment to following God.

Terror in the Mind of God Mark Juergensmeyer, 2003-09. Completely revised and updated, this new edition incorporates the events of September 11, 2001, into Mark Juergensmeyer's landmark study of religious terrorism.

Pulpit Politics Faces Of American Protestant Nationalism In The Twentieth Century Introduction

In this digital age, the convenience of accessing information at our fingertips has become a necessity. Whether its research papers, eBooks, or user manuals, PDF files have become the preferred format for sharing and reading documents. However, the cost associated with purchasing PDF files can sometimes be a barrier for many individuals and organizations. Thankfully, there are numerous websites and platforms that allow users to download free PDF files legally. In this article, we will explore some of the best platforms to download free PDFs. One of the most popular platforms to download free PDF files is Project Gutenberg. This online library offers over 60,000 free eBooks that are in the public domain. From classic literature to historical documents, Project Gutenberg provides a wide range of PDF files that can be downloaded and enjoyed on various devices. The website is user-friendly and allows users to search for specific titles or browse through different categories. Another reliable platform for downloading Pulpit Politics Faces Of American Protestant Nationalism In The Twentieth Century free PDF files is Open Library. With its vast collection of over 1 million eBooks, Open Library has something for every reader. The website offers a seamless experience by providing options to borrow or download PDF files. Users simply need to create a free account to access this treasure trove of knowledge. Open Library also allows users to contribute by uploading and sharing their own PDF files, making it a collaborative platform for book enthusiasts. For those interested in academic resources, there are websites dedicated to providing free PDFs of research papers and scientific articles. One such website is Academia.edu, which allows researchers and scholars to share their work with a global audience. Users can download PDF files of research papers, theses, and dissertations covering a wide range of subjects. Academia.edu also provides a platform for discussions and networking within the academic community. When it comes to downloading Pulpit Politics Faces Of American Protestant Nationalism In The Twentieth Century free PDF files of magazines, brochures, and catalogs, Issuu is a popular choice. This digital publishing platform hosts a vast collection of publications from around the world. Users can search for specific titles or explore various categories and genres. Issuu offers a seamless reading experience with its user-friendly interface and allows users to download PDF files for offline reading. Apart from dedicated platforms, search engines also play a crucial role in finding free PDF files. Google, for instance, has an advanced search

feature that allows users to filter results by file type. By specifying the file type as "PDF," users can find websites that offer free PDF downloads on a specific topic. While downloading Pulpit Politics Faces Of American Protestant Nationalism In The Twentieth Century free PDF files is convenient, it's important to note that copyright laws must be respected. Always ensure that the PDF files you download are legally available for free. Many authors and publishers voluntarily provide free PDF versions of their work, but it's essential to be cautious and verify the authenticity of the source before downloading Pulpit Politics Faces Of American Protestant Nationalism In The Twentieth Century. In conclusion, the internet offers numerous platforms and websites that allow users to download free PDF files legally. Whether it's classic literature, research papers, or magazines, there is something for everyone. The platforms mentioned in this article, such as Project Gutenberg, Open Library, Academia.edu, and Issuu, provide access to a vast collection of PDF files. However, users should always be cautious and verify the legality of the source before downloading Pulpit Politics Faces Of American Protestant Nationalism In The Twentieth Century any PDF files. With these platforms, the world of PDF downloads is just a click away.

FAQs About Pulpit Politics Faces Of American Protestant Nationalism In The Twentieth Century Books

What is a Pulpit Politics Faces Of American Protestant Nationalism In The Twentieth Century PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Pulpit Politics Faces Of American Protestant Nationalism In The Twentieth Century PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Pulpit Politics Faces Of American Protestant Nationalism In The Twentieth Century PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Pulpit Politics Faces Of American Protestant Nationalism In The Twentieth Century PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobat's export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Pulpit Politics Faces Of American Protestant Nationalism In The Twentieth Century PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to

restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
