Pulpit Speech Ministry Monographs For Modern Times:

The Prophet's Pulpit Patrick D. Gaffney, 2023-07-28 Muslim preaching has been central in forming public opinion building grassroots organizations and developing leadership cadres for the wider Islamist agenda Based on in depth field research in Egypt Patrick Gaffney focuses on the preacher and the sermon as the single most important medium for propounding the message of Islam He draws on social history political commentary and theological sources to reveal the subtle connections between religious rhetoric and political dissent Many of the sermons discussed were given during the rise of Islamic fundamentalism and Gaffney attempts to describe this militant movement and to compare it with official Islam Finally Gaffney presents examples of the sermons so readers can better understand the full range of contemporary Islamic expression Muslim preaching has been central in forming public opinion building grassroots organizations and developing leadership cadres for the wider Islamist agenda Based on in depth field research in Egypt Patrick Gaffney focuses on the preacher and the sermon

Power and the Pulpit in Puritan New England Emory Elliott, 2015-03-08 For years scholars have attempted to understand the powerful hold that the sermon had upon the imagination of New England Puritans In this book Emory Elliott puts forth a complex and striking thesis that Puritan religious literature provided the myths and metaphors that helped the people to express their deepest doubts and fears feelings created by their particular cultural situation and aroused by the crucial social events of seventeenth century America In his early chapters the author defines the psychological needs of the second and third generation Puritans arguing that these needs arose from the generational conflict between the founders and their children and from the methods of child rearing and religious education employed in Puritan New England In the later chapters he reveals how the ministers responded to the crisis in their society by reshaping theology and constructing in their sermons a religious language that helped to fulfill the most urgent psychological needs of the people Originally published in 1975 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

The Writings of Irenaeus saint Irenaeus (évêque de Lyon), 1868

The Force of Fantasy Ernest G. Bormann, 2001 In this book first published in 1985 Ernest G Bormann explores mass persuasion in America from 1620 to 1860 examining closely four rhetorical communities the revivals of 1739 1740 the hot gospel of the postrevolutionary period the evangelical revival and reform of the 1830s and the Free Soil and Republican parties Each community varies greatly but Bormann asserts that each succeeding community shares a rhetorical vision of restoring the American Dream that is essentially a modification of the previous visions Thus they form a family of rhetorical visions that constitutes a rhetorical tradition of importance in nineteenth century American popular

culture Pulpit Speech Jay Edward Adams, 2004-07-01 Timeless Texts introduces a monograph series for ministry The General categories introducing the series are Church Counseling Preaching and Theology Other categories will be added in the future The books are topical writings by contemporary authors addressed to those who are involved in ministry in today's church That would include Pastors Elders Deacons Counselors and active laymen **The Writings** Irenaeus (Lugdunensis.), 1868 **Ante-Nicene Christian Library** Alexander Roberts, Sir James Donaldson, 1868 *The Writings of Irenaeus* Saint Irenaeus (Bishop of Lyon.), 1868 **Ante-Nicene Christian Library: Irenaeus, v. 1 (1868)** Alexander Roberts, Sir James Donaldson, 1868 **Monograph Series**, 1983 The British Quarterly Review Henry Allon, 1868 **The Homiletic Review**, 1902 **Conscience, Consciousness and Ethics in Joseph Butler's Philosophy and Ministry** Bob Tennant, 2011 Offers a new interpretation of Butler's theology and suggests that exploration of his methods may contribute to modern thinking about ethics language the Church as well as religion and science Joseph Butler 1692-1752 is perhaps Britain's most powerful and original moral philosopher He exercised a profound influence over the contemporary Protestant Churches the English moralists and the Scottish philosophical school but his theory of the affections grounded in Newtonian metaphysics and presenting an account of human psychology also set the terms of engagement with questions of education slavery missions and even labour relations In the nineteenth century English speaking world he was an authority of first resort for Evangelicals Tractarians philosophers scientists psychologists economists sociologists lawyers and educationalists alike He remains a key reference point for modern American and British philosophers from Broad to Rawls and beyond Many analyses of Butler however have been distorted by aggressively secular readings This book is based on a comprehensive reassessment of his published work and the surviving manuscripts and archival materials These are set within an account of his spiritual and intellectual development and his ministerial vocation from the protracted and painful process of conforming to the Church of England to his initial observations on a social philosophy Demonstrating that even The Analogy originated in liturgical preaching this book offers a refreshed and detailed account of Butler's key terms conscience consciousness identity affections charity analogy probability tendency and suggests that exploration of his methods may contribute to modern thinking about ethics language the role of the Church and the religion and science debates BOB TENNANT taught English Literature at the University of Sussex spent many years as a senior manager in adult education and was a trade union and political activist serving leading organisations at local regional and national levels He has written on political economic and trade union matters for many newspapers and periodicals and is a founder of The British Pulpit Online seeking to create an online catalogue and database of all printed British sermons from 1660 to 1901 *The Oxford History of Protestant Dissenting Traditions, Volume III* Timothy Larsen, Michael Ledger-Lomas, 2017-04-28 The five volume Oxford History of Dissenting Protestant Traditions series is governed by a motif of migration out of England It first traces organized church traditions that arose in England as Dissenters distanced themselves from a state church

defined by diocesan episcopacy the Book of Common Prayer the Thirty Nine Articles and royal supremacy but then follows those traditions as they spread beyond England and also traces newer traditions that emerged downstream in other parts of the world from earlier forms of Dissent Secondly it does the same for the doctrines church practices stances toward state and society attitudes toward Scripture and characteristic patterns of organization that also originated in earlier English Dissent but that have often defined a trajectory of influence independent ecclesiastical organizations The Oxford History of Protestant Dissenting Traditions Volume III considers the Dissenting traditions of the United Kingdom the British Empire and the United States in the nineteenth century It provides an overview of the historiography on Dissent while making the case for seeing Dissenters in different Anglophone connections as interconnected and conscious of their genealogical connections The nineteenth century saw the creation of a vast Anglo world which also brought Anglophone Dissent to its apogee Featuring contributions from a team of leading scholars the volume illustrates that in most parts of the world the later nineteenth century was marked by a growing enthusiasm for the moral and educational activism of the state which plays against the idea of Dissent as a static purely negative identity This collection shows that Dissent was a political and constitutional identity which was often only strong where a dominant Church of England existed to dissent against

Literary World; Choice Readings from the Best New Books, with Critical Reviews ,1888 Calvinists and Catholics During Holland's Golden Age Christine Kooi,2012-04-30 This book examines the social political and religious relationships between Calvinists and Catholics during Holland s Golden Age Although Holland the largest province of the Dutch Republic was officially Calvinist its population was one of the most religiously heterogeneous in early modern Europe The Catholic Church was officially disestablished in the 1570s yet by the 1620s Catholicism underwent a revival flourishing in a semi clandestine private sphere The book focuses on how Reformed Protestants dealt with this revived Catholicism arguing that confessional coexistence between Calvinists and Catholics operated within a number of contiguous and overlapping social political and cultural spaces The result was a paradox a society that was at once Calvinist and pluralist Christine Kooi maps the daily interactions between people of different faiths and examines how religious boundaries were negotiated during an era of tumultuous religious change **The New York Times Index** ,1917 *The Congregationalist*

,1925 **The Independent** ,1911 *The Theology of Jonathan Edwards* Michael J. McClymond,Gerald R. McDermott,2012-01-05 Scholars and laypersons alike regard Jonathan Edwards 1703 58 as North America s greatest theologian The Theology of Jonathan Edwards is the most comprehensive survey of his theology yet produced and the first study to make full use of the recently completed seventy three volume online edition of the Works of Jonathan Edwards The book s forty five chapters examine all major aspects of Edwards s thought and include in depth discussions of the extensive secondary literature on Edwards as well as Edwards s own writings Its opening chapters set out Edwards s historical and personal theological contexts The next thirty chapters connect Edwards s theological loci in the temporally ordered way in

which he conceptualized the theological enterprise beginning with the triune God in eternity with his angels to the history of redemption as an expression of God's inner reality ad extra and then back to God in eschatological glory. The authors analyze such themes as aesthetics metaphysics typology history of redemption revival and true virtue. They also take up such rarely explored topics as Edwards's missiology treatment of heaven and angels sacramental thought public theology and views of non-Christian religions. Running throughout the volume are what the authors identify as five basic theological constituents: trinitarian communication creaturely participation necessitarian dispositionalism divine priority and harmonious constitutionalism. Later chapters trace his influence on and connections with later theologies and philosophies in America and Europe. The result is a multi-layered analysis that treats Edwards as a theologian for the twenty-first century global Christian community and a bridge between the Christian West and East Protestantism and Catholicism conservatism and liberalism and charismatic and non-charismatic churches.
