The Origins of Modern Financial Crime Sarah Wilson, 2014-06-05 The recent global financial crisis has been characterised as a turning point in the way we respond to financial crime Focusing on this change and crime in the commercial sphere this text considers the legal and economic dimensions of financial crime and its significance in societal consciousness in twenty first century Britain Considering how strongly criminal enforcement specifically features in identifying the post crisis years as a turning point it argues that nineteenth century encounters with financial crime were transformative for contemporary British societal perceptions of crime and its perpetrators and have lasting resonance for legal responses and societal reactions today The analysis in this text focuses primarily on how Victorian society perceived and responded to crime and its perpetrators with its reactions to financial crime specifically couched within this It is proposed that examining how financial misconduct became recognised as crime during Victorian times makes this an important contribution to nineteenth century history Beyond this the analysis underlines that a historical perspective is essential for comprehending current issues raised by the fight against

financial crime represented and analysed in law and criminology as matters of enormous intellectual and practical significance even helping to illuminate the benefits and potential pitfalls which can be encountered in current moves for extending the reach of criminal liability for financial misconduct Sarah Wilson's text on this highly topical issue will be essential reading for criminologists legal scholars and historians alike It will also be of great interest to the general reader

**The Origins of Modern Financial Crime** was short listed for the Wadsworth Prize 2015

**Protecting Children in Time** Harry Ferguson, 2004-06-11 Protecting Children in Time provides a highly original analysis of the origins and development of the taken for granted notion that it is possible through social intervention to protect children from avoidable harm and even death to protect children in time By using case studies which span the past 120 years of modern practices and drawing on the work of leading social theorists of modernity and risk society it provides a new way of thinking about constructions of child abuse as a social problem and child protection as a late modern expert system and experience It proposes new ways of conceptualizing relationships between professionals children at risk and families and deepens our understanding of what effective interventions have to involve

**Punish and Expel** Emma Kaufman, 2015 In 2006 after a scandal that gripped the country the British government began to transform its prison system Under pressure to find and expel foreigners Her Majesty's Prison Service began concentrating non citizens in prisons with embedded border agents Today prison officers refer anyone suspected of being foreign to immigration authorities and prisoners facing deportation are detained in special prisons devoted to confining non citizens Those who cannot be deported linger sometimes for years indefinitely detained behind prison walls The British approach to foreign nationals reflects a broader trend in punishment Over the past decade penal institutions across England the United States and Western Europe have become key sites for border control Offering the first comprehensive account of the imprisonment of non citizens in the United Kingdom Punish and Expel Border Control Nationalism and the New Purpose of the Prison draws on extensive empirical data based on fieldwork in five men's prisons to explore the relationship between punishment and citizenship Using first hand testimonies from hundreds of prisoners prison officers and high level policy makers it describes how prisons create a national identity and goes inside citizenship classes and all foreign prisons documenting the treatment of non citizens by other prisoners and staff Passionately argued and meticulously researched Punish and Expel links prisons to the history of British colonialism and the contemporary politics of race whilst challenging the reader to rethink their approach to prisons and to the people held inside them

Prisons, Punishment, and the Family Rachel Condry, Peter Scharff Smith, 2018-11-10 Every year millions of families are affected by the imprisonment of a family member Children of imprisoned parents alone can be counted in millions in the USA and in Europe It is a bewildering fact that while we have had prisons for centuries and the deprivation of liberty has been a central pillar in the Western mode of punishment since the early nineteenth century we have only relatively recently embarked upon a serious discussion of the severe effects of imprisonment for the families and relatives of offenders and the implications this

has for society This book draws together some of the excellent research that addresses the impact of criminal justice and incarceration in particular upon the families of offenders It assembles examples of recent and ongoing studies from eight different countries in order to not only learn about the secondary effects and collateral consequences of imprisonment but also to understand what the experiences and lived realities of prisoners families means for the sociology of punishment and our broader understanding of criminal justice systems While punishment and society scholarship has gained significant ground in recent years it has often remained silent on the ways in which the families of prisoners are affected by our practices of punishment This book provides evidence of the importance of including families within this scholarship and explores themes of legitimacy citizenship human rights marginalization exclusion and inequality **Civic Repentance**

Amitai Etzioni, 1999 This collection of essays by scholars of diverse backgrounds explores the notion of repentance in our culture focusing on individuals who have been excluded from society as a result of violating its laws What must these individuals do to gain redemption and be readmitted Amitai Etzioni argues that the lack of a well grounded concept of civic repentance has significant negative social consequences for our society Denying people the opportunity to regain their social standing and membership in their communities is simply unfair and the absence of such opportunities for restoration through repentance exacts heavy social costs The essays in this collection address these issues from a variety of perspectives and discuss possible ways of filling this void including restorative justice physician rehabilitation programs and religious reconciliation rituals *The Routledge Handbook of the Philosophy and Science of Punishment* Farah Focquaert, Elizabeth Shaw, Bruce N. Waller, 2020-10-14

Philosophers legal scholars criminologists psychiatrists and psychologists have long asked important questions about punishment What is its purpose What theories help us better understand its nature Is punishment just Are there effective alternatives to punishment How can empirical data from the sciences help us better understand punishment What are the relationships between punishment and our biology psychology and social environment How is punishment understood and administered differently in different societies The Routledge Handbook of the Philosophy and Science of Punishment is the first major reference work to address these and other important questions in detail offering 31 chapters from an international and interdisciplinary team of experts in a single comprehensive volume It covers the major theoretical approaches to punishment and its alternatives emerging research from biology psychology and social neuroscience and important special issues like the side effects of punishment and solitary confinement racism and stigmatization the risk and protective factors for antisocial behavior and victims rights and needs The Handbook is conveniently organized into four sections I Theories of Punishment and Contemporary Perspectives II Philosophical Perspectives on Punishment III Sciences Prevention and Punishment IV Alternatives to Current Punishment Practices A volume introduction and a comprehensive index help make The Routledge Handbook of the Philosophy and Science of Punishment essential reading for upper undergraduate and postgraduate students in disciplines such as philosophy law

**China** Han Peng, 2020-12-29 This book adopts Durkheim's legal perspective to treat law as a symbol of social solidarities to examine Chinese society The work analyzes changes in the nature of social solidarity from observing changes in laws thus drawing together western socio legal theory and distinctive Chinese conditions It draws on Durkheim's theoretical framework and methodology to develop a more comprehensive understanding of the role of law using theories of others such as Habermas and by taking into account the discussion of power and the conflicts of interests in analyzing key social features during transition The analysis of social anomie in terms of the changes of juridical rules as well as the changes in the nature of social solidarity provides an inspiring perspective to look into contemporary social problems The book will be essential reading for researchers and academics working in the areas of socio legal studies legal theory and law and society in China

**Penal Practice and Culture, 1500-1900** Paul Griffiths, Simon Devereaux, 2003-11-12 The English were punished in many different ways in the five centuries after 1500 This collection stretches from whipping to the gallows and from the first houses of correction to penitentiaries Punishment provides a striking way to examine the development of culture and society through time These studies of penal practice explore violence cruelty and shame while offering challenging new perspectives on the timing of the decline of public punishment the rise of imprisonment and reforms of the capital code Norbert Elias and Empirical Research T. Landini, F. Dépelteau, 2014-07-17 Norbert Elias has been recognized as one of the key social scientists of the 20th century at least in sociology political science and history This book will address Norbert Elias's approach to empirical research the use of his work in empirical research and compare him with other theorists **Crime,**

**Social Control and Human Rights** David Downes, Paul Rock, Christine Chinkin, Conor Gearty, 2013-06-17 The work of Stanley Cohen over four decades has come to acquire a classical status in the fields of criminology sociology and human rights His writing research teaching and practical engagement in these fields have been at once rigorously analytical and intellectually inspiring It amounts to a unique contribution immensely varied yet with several unifying themes and it has made and continues to make a lasting impact around the world His work thus has a protean character and scope which transcend time and place This book of essays in Stanley Cohen s honour aims to build on and reflect some of his many sided contributions It contains chapters by some of the world s leading thinkers as well as the rising generation of scholars and practitioners whose approach has been shaped in significant respects by his own *The Political Economy of Punishment Today* Dario Melossi, Máximo Sozzo, José Brandariz García, 2017-11-03 Over the last fifteen years the analytical field of punishment and society has witnessed an increase of research developing the connection between economic processes and the evolution of penalty from different standpoints focusing particularly on the increase of rates of incarceration in relation to the transformations of neoliberal capitalism Bringing together leading researchers from diverse geographical contexts this book reframes the theoretical field of the political economy of punishment analysing penalty within the current economic situation and connecting contemporary penal changes with political and cultural processes It challenges the traditional and common sense understanding of imprisonment as exclusion and posits a more promising concept of imprisonment as a differential or subordinate form of inclusion This groundbreaking book will be a key text for scholars who are working in the field of punishment and society as well as reaching a broader audience within law sociology economics criminology and criminal justice studies

**Realist Perspectives on Management and Organisations** Stephen Ackroyd, Steve Fleetwood, 2003-09-02 Realism has been one of the most powerful new developments in philosophy and the social sciences and is now making an increasing impact in business and management studies This is the first book length treatment of critical realism in business and management It pulls together a wide range of material which is all explicitly or implicitly rooted in philosophical realism and combines theoretical writing with substantive contributions addressing issues such as the nature of the firm and the labour process which together demonstrates that realism is a powerful alternative to postmodernism and positivism

**From Social Justice to Criminal Justice** William C. Heffernan, John Kleinig, 2000-04-20 The economically deprived come into contact with the criminal court system in disproportionate number This collection of original interactive essays written from a variety of ideological perspectives explores some of the more troubling questions and ethical dilemmas inherent in this situation The contributors including well known legal and political philosophers Philip Pettit George Fletcher and Jeremy Waldron examine issues such as heightened vulnerability indigent representation and rotten social background defenses

**Corporal Punishment** Patrick Lenta, 2017-09-14 The aim of this book is to assess the moral permissibility of corporal punishment and to enquire into whether or not it ought to be legally prohibited Against the

widespread view that corporal punishment is morally legitimate and should be legally permitted provided it falls short of abuse Patrick Lenta argues that all corporal punishment even parental spanking is morally impermissible and ought to be legally proscribed The advantages claimed for corporal punishment over alternative disciplinary techniques he contends are slight or speculative and are far outweighed by its disadvantages He presents in addition a rights based case against corporal punishment arguing that children possess certain fundamental rights that all corporal punishment of them violates namely the right to security of the person and the right not to be subjected to degrading punishment Lenta s approach is unique in that it engages with empirical literature in the social sciences in order to fully examine the emotional and psychological effects of corporal punishment on children Corporal Punishment A Philosophical Assessment is a philosophically rigorous and engaging treatment of a hitherto neglected topic in applied ethics and social philosophy
