Beginning with her break out hit series *Grey's Anatomy*, she has successfully debuted *Private Practice*, *Scandal*, *How to Get Away with Murder*, *The Catch*, *For the People*, and *Station 19*. Rhimes's work is attentive to identity politics, post-identity politics, power, and representation, addressing innumerable societal issues. Rhimes intentionally addresses these issues with diverse characters and story lines that center, for example, on interracial friendships and relationships, LGBTIQ relationships, and parenting, the impact of disability on familial and work dynamics, and complex representations of womanhood. This volume serves as a means to theorize Rhimes's contributions and influence by inspiring provocative conversations about television as a deeply politicized institution and exploring how Rhimes fits into the implications of twenty-first century television.

Guivernau, Mi-Sook Kim, Maria Newton, 2019-09-23 This book guides sport coaches, parents, and administrators in creating a caring and task-involving sport climate that helps athletes perform their best and have an enjoyable and meaningful sport experience. It introduces the concept of a caring and task-involving climate and provides a how-to guide to creating this climate in sport. Firstly, this guide introduces the caring and task-involving climate and summarizes research highlighting its many benefits. Secondly, the five features of this climate are presented along with the reflective exercises for developing them within a team. Coaches will see strategies in action, sample conversations, and a variety of ways to implement the features of a caring and task-involving experience. By describing how it may be implemented and methods for overcoming possible challenges, this book finally highlights how parents and sport administrators can support the creation and preservation of caring and task-involving climates. By helping teams develop caring climates that optimize athletes' sport experience and performance, this book is essential reading for coaches, sport administrators, parents, and sport psychology practitioners.
