**Whiteness, Otherness and the Individualism Paradox from Huck to Punk** D. Traber,2007-02-19 Traber reexamines the practice of self marginalization in Euro American literature and popular culture that depict whites adopting varied markers of otherness to disengage from the dominant culture He draws on critical theory whiteness and cultural studies to counter an eager correlation between marginality and

agency The nonconformist cultural politics of these border crossings implode since the transgressive identity the protagonists desire relies upon is built from the center's values and definitions An orthodox notion of individualism underpins each act of sovereignty as it rationalizes exploiting stereotypes of an Other constructed by the center The work closes by positing a theory of identity based on Jean-Luc Nancy's concept of the emptied self In recognizing the already mixed quality of being identity is made a vacuous concept as the standards for determining self and difference become too slippery to hold

**Post-Punk Perception** Edmund Wong, 2013-07 Growing up in Singapore in the 80s has been challenging I didn't know much about life or economy I didn't know what I want to do apart from playing I know I had to study and get a job In school we had to write composition about our profession when we grow up I had never wanted to be a philosopher let alone writing about social philosophy It is just that growing up with a single parent is tough It is tougher when she is uneducated and I had to learn most things by myself After my National Service I decided to further studies That was when I was exposed to philosophy and psychology in the UK After graduation in 1999 with a degree in Electronics I came back home to resume my National Service I disrupt it and had about 2 months left The life in UK exposed me to something that I did not notice when growing up in Singapore I find local social scene unsatisfactory They are Confucians Muslims Christians freethinkers and humanists Most time they are preoccupied with how to earn more money Religion does not give me the fulfillment that it promised In addition most were based on Singaporeans interpretation of the Bible and Buddhism's dharma Most times I feel that everything that Singaporeans do has got to do with wealth creation or at least with the expenditure of it It end up like what Pope Francis referred to as the cult of money Organised religion involves more fear mongering than cultivating an inner grace and peace Hence this book is about how I relate an ancient thinker's ethics Aristotle to the present day I find Aristotle's ethics to most suit my needs as a man and lover It does not pretend to be more than what it seek the golden mean It does require us to think and explore the values to find balance and achieve wisdom with intellectual and moral virtues I also find other philosophers French or not particularly insightful and thought provoking They offer me explanation and exploration on subjects like love sex and death Freudian psychoanalysis are also very penetrating in their findings and insights Moreover I needed some contemporary psychological theory not in depth psychoanalysis to back Aristotle's model of ethics intellectual and moral virtues Hence the psychological background of my book I got acquainted with these psychological theories when I was preparing myself to be a financial consultant I later found out more about them and they became useful in my work and life Hence I would like to share it with people in Asia so that they can ask the right kind of questions in life in order to learn more about themselves and the social milieu they are living in Because everyone of us are affected by the social sciences politics economics and sociology This book will I hope allow us to understand why we are irrational and how we can make rational changes through reasonings in their life and achieving eudaimonia My wish is simply to share what I enjoy doing apart from creating useful ideas to improve the world Through my book I hope to make others understand religion science

and philosophy and how they play an increasingly integral part in the Asian century      *The Poetry of Punk* Gerfried Ambrosch, 2018-05-15 Punk bands have produced an abundance of poetic texts some crude some elaborate in the form of song lyrics These lyrics are an ideal means by which to trace the developments and explain the conflicts and schisms that have shaped and continue to shape punk culture They can be described as the community's collective poetic voice and they come in many different forms Their themes range from romantic love to emotional distress to radical politics Some songs are intended to entertain some to express strong feelings some to provoke some to spread awareness and some to foment unrest Most have an element of confrontation of kicking against the pricks Socially and epistemologically they play a central role in the scene's internal discourse shaping communities and individual identities The Poetry of Punk is an investigation into the Anglophone punk culture specifically in the UK and the US where punk originated in the mid 1970s its focus being on the song lyrics written and performed by punk rock and hardcore artists      **Hebdige and Subculture in the Twenty-First Century** Keith Gildart, Anna Gough-Yates, Sian Lincoln, Bill Osgerby, Lucy Robinson, John Street, Peter Webb, Matthew Worley, 2020-04-22 This book assesses the legacy of Dick Hebdige and his work on subcultures in his seminal work *Subculture The Meaning of Style* 1979 The volume interrogates the concept of subculture put forward by Hebdige and asks if this concept is still capable of helping us understand the subcultures of the twenty first century The contributors to this volume assess the main theoretical trends behind Hebdige's work critically engaging with their value and how they orient a researcher or student of subculture and also look at some absences in Hebdige's original account of subculture such as gender and ethnicity The book concludes with an interview with Hebdige himself where he deals with questions about his concept of subculture and the gestation of his original work in a way that shows his seriousness and humour in equal measure This volume is a vital contribution to the debate on subculture from some of the best researchers and academics working in the field in the twenty first century      *No Machos or Pop Stars* Gavin Butt, 2022-07-11 After punk's arrival in 1976 many art students in the northern English city of Leeds traded their paintbrushes for guitars and synthesizers In bands ranging from Gang of Four Soft Cell and Delta 5 to the Mekons Scritti Politti and Fad Gadget these artists turned musicians challenged the limits of what was deemed possible in rock and pop music Taking avant garde ideas to the record buying public they created Situationist antirock and art punk penned deconstructed pop ditties about Jacques Derrida and took the aesthetics of collage and shock to dark brooding electro dance music In *No Machos or Pop Stars* Gavin Butt tells the fascinating story of the post punk scene in Leeds showing how England's state funded education policy brought together art students from different social classes to create a fertile ground for musical experimentation Drawing on extensive interviews with band members their associates and teachers Butt details the groups who wanted to dismantle both art world and music industry hierarchies by making it possible to dance to their art Their stories reveal the subversive influence of art school in a regional music scene of lasting international significance      **Death Metal and Music Criticism** Michelle
