The book calls for renewed engagement in efforts to challenge and change stereotypes of men to dismantle the structural barriers to gender equality and to mobilize men to build new alliances with women's movements and other movements for social and gender justice     **Ideología Construída**

Fernando Grasa,2022-06-01 Within the Mediterranean construction tradition sacred architecture has always played a very prominent role giving rise to the most numerous and best preserved historical buildings prior to the 18th century that have survived. Throughout 5 000 years the visual plot has been shown as the systematic alphabet that Mediterranean cultures have used to write multiple architectural accounts of a sacred and ceremonial nature. We will begin this memory a true travel notebook by presenting what the Christian temples of discipline have taught us. Then we travel to Egypt Rome and finally to Malta and Gozo. The systematicity and similarities in the crystallization of the ideological discourse were incredible and we invite the reader to verify those teachings. To facilitate this the text includes more than 360 sketches and 300 images of more than 200 buildings belonging to 17 countries     **Puntos de encuentro familiar** Jessica Piñero Peñalver,Fernando Vargas
