Hobbies Through Children's Books and Activities Nancy A. Jurenka, 2001-08-15. Help students develop their own special talents and interests while supporting student literacy, social development, and a lifelong interest in reading through connecting books to children's hobbies. Each of the book's 30 chapters focuses on a different hobby through an annotation of a picture book in which the targeted hobby has a key role. Jurenka further explores each hobby ranging from bird watching to tap dancing through a starter activity, a language arts activity, a poem citation, a glossary of associated vocabulary, references to related societies and associations, and five annotations of nonfiction informational books. Not only will students enthusiastically read about their chosen hobbies; they will develop healthy lifelong passions for activities that positively affect their social and intellectual development.
