Pure As Sin:

The Works of Jonathan Edwards: Volume II □ VI Revised Jonathan Edwards, **Purity in the Gospel of John** Wil Rogan, 2023-06-15 Wil Rogan argues that contrary to twentieth century interpretation the Fourth Gospel did not replace purity with faith in Jesus. Instead, as with other early Jewish writings, its discourse about purity functions as a way to make sense of life before God in the world. He suggests that John's Gospel employs biblical and early Jewish traditions of purity associated with divine revelation and Israel's restoration to narrate how God's people are prepared for the coming of Jesus and enabled by him to have life with God, characterized by love. After evaluating different theories of purity for the interpretation of the Fourth Gospel, Rogan explores John the Baptist as an agent of ritual purification, Jesus as the agent of moral purification, and the disciples of Jesus as ones who are or are not made morally pure by Jesus. While purity is not one of the Fourth Gospel's primary focuses, Rogan stresses that the concept figures into some of its most significant claims about Christology, the doctrine of salvation, and ethics. Through purity, the Fourth Gospel guards continuity with the past while placing surprising conditions on participation in Israel's future.

The Essence of LOVE: Purity Anonymous Samaritan, 2020-09-01 This book is subsequent for and is based on the basic knowledge of the Bible and some philosophical thoughts. It includes new religious and philosophical concepts: that the righteous live by faith, sinners live by hope, and life lives by love. This book describes that the purity of love existentializes when the absoluteness of hope dwells in the martyrdom of faith. The love of God makes life exist; the love of Jesus makes sin born again into righteousness; and the love of the Holy Spirit makes the church the bride of Christ. Love is purity for righteousness to holiness.

Dogmatics II Emil Brunner, 2025-04-24 One of the great twentieth century works of theology, Emil Brunner's *Dogmatics* series presents a profoundly biblical systematic theology. Finding a path between Barth and Bultmann, Brunner explores key doctrines such as the doctrine of God, creation and redemption, and the doctrine of the church and of faith. These foundational texts from a leading theologian of the 20th century are crucial for scholars and students, illuminating how modern Protestant theology was formed in the last century. The first volume serves as an introduction to Brunner's view of dogmatics, setting out the nature, position, and necessity of dogmatics before exploring the many facets of the doctrine of God. In detailed, vigorous explanation, Brunner considers the nature and will of God, including his name, his holiness, his wisdom, and his glory. Thorough, insightful, and extensive, this first volume is an illuminating beginning to this series. The second volume explores the fundamental concepts of the Protestant doctrine from creation and the creator to man's position within creation, sin and its consequences, and the saving work of Jesus. Brunner explores all of the possibilities of these fundamentals, and his detailed, thoughtful arguments are designed, as he says, to set us free to have a faith which is based on nothing save the Love of God revealed in Jesus Christ. The third and final volume focusses on the theology of the Church as a reflection of God's self-revelation through the Holy Spirit and an eternal consummation of Divine self-communication. Drawing together the understanding gleaned in
