Purity in the Gospel of John Wil Rogan,2023-06-15 Wil Rogan argues that contrary to twentieth century interpretation the Fourth Gospel did not replace purity with faith in Jesus Instead as with other early Jewish writings its discourse about purity functions as a way to make sense of life before God in the world He suggests that John s Gospel employs biblical and early Jewish traditions of purity associated with divine revelation and Israel s restoration to narrate how God s people are prepared for the coming of Jesus and enabled by him to have life with God characterized by love After evaluating different theories of purity for the interpretation of the Fourth Gospel Rogan explores John the Baptist as an agent of ritual purification Jesus as the agent of moral purification and the disciples of Jesus as ones who are or are not made morally pure by Jesus While purity is not one of the Fourth Gospel s primary focuses Rogan stresses that the concept figures into some of its most significant claims about Christology the doctrine of salvation and ethics Through purity the Fourth Gospel guards continuity with the past while placing surprising conditions on participation in Israel s future **The Thomas Watson**

Collection. Illustrated Thomas Watson,2021-06-14 Thomas Watson was a 17th century minister at the church of St Stephen Walbrook in London As a pastor he set himself two goals First he wanted unbelievers to grieve over their fate and realize the necessity of God s grace On the other hand he wanted believers to rejoice in the assurance that they had received God s grace His books are simple but exciting commentaries with many practical examples and applications He explains the paradox that both good and bad events contribute to the benefit of believers He spends a great deal of time explaining what it means to love God and be called by His will In this book Watson manages to answer one of the most plaguing theological questions of all time Why do bad things happen to good people This eBook includes the following 14 volumes by Thomas Watson Body of Practical Divinity The Ten Commandments The Lord s Prayer The Beatitudes The Godly Man s Picture The Art of Divine Contentment A Treatise Concerning Meditation The Great Gain of Godliness The Doctrine of Repentance The Mischief of Sin A Divine Cordial The Christian Soldier The Christian s Charter The Duty of Self Denial **Brightest Heaven**

of Invention Peter J. Leithart,1996 Shakespeare was as Caesar says of Cassius a great observer able to see and depict patterns of events and character He understood how politics is shaped by the clash of men with various colorings of self interest and idealism how violence breeds violence how fragile human beings create masks and disguises for protection how schemers do the same for advancement how love can grow out of hate and hate out of love Dare anyone say that these insights are irrelevant to living in the real world For many in an older generation the Bible and the Collected Shakespeare were the two indispensable books and thus their sense of life and history was shaped by the best and best told stories And

prominent public figures teachers clergymen and others received a set of ten religious questions from the BBC's Today programme All were predictable save one Will there be free will in heaven This book addresses this important question Simon Gaine sets out the arguments of two modern philosophers one who concludes that heaven is undesirable because it excludes freedom by excluding the possibility of sin Wall and the other who responds that an orthodox notion of heaven in fact implies the real possibility of sin Donnelly He shows how such modern concerns have arisen against the background of theologians such as Suarez who limits freedom in the face of heavenly impeccability and asks whether a high value placed on freedom can be successfully combined with heavenly impeccability He then goes on to investigate the theories of Duns Scotus and William of Ockham two theologians who hold a high view of freedom in general as well as heavenly impeccability but they are found wanting Gaine then introduces an alternative conception of freedom through an account of Servais Pinckaers connection of two different ideas of freedom indifference and excellence with two different moral theologies He applies these two conceptions to eschatology He concludes that the most pleasing theory combines freedom for excellence and an intrinsic theory of impeccability develops this suggestion by drawing on and developing some ideas found in Thomas Aquinas

The Corridor to Confidence Treveal C. W. Lynch, 2011-09 It's simple men lack confidence in prayer because men lack results from prayer The truth is men are attracted to results not theory A great man once said and I'm paraphrasing You show me your words I'll show you my actions we'll see which gets it done Yet there's an issue what are those actions and why am I doing them As with anything else men don't spend a great deal of time doing things they don't know how let alone why they're doing them and prayer is no exception The truth is desired results are only obtained through the proper execution of a set process or system The Corridor to Confidence was designed with this in mind By taking a systematic approach to learning the why and how of prayer I intend to help men lay the necessary foundation to build a life of confidence in God prayer and their ability through both to obtain the results they've longed for
