The person's hair is dark and appears to be blowing in the wind. The sky is a mix of light blue and white, with soft, billowy clouds. On the left side of the slide, there is a large, solid blue shape that serves as a design element, partially overlapping the text boxes.

Life-study of John, Witness Lee, 2023-09-26

Although the language of the Gospel of John is simple, this book is deep and profound. In this life study, Witness Lee shows that the Bible is a book of life and building and that the Gospel of John also is focused on life and building. The Gospel of John reveals that in Christ, the Word of God is life; that He came that man may have life and that He Himself is life. Furthermore, this Gospel shows that Christ is the bread of life; that He has the water of life; that He gives life to man and that He even lives in man as life. The Gospel of John also unfolds the divine building. In 1:14, we see that Christ in the flesh was the tabernacle for God's habitation among men on earth. In 2:19-21, Christ's human body was also the temple of God on earth. Through His death, His body in the flesh was destroyed and in His resurrection, He raised up His mystical body, the church, to be the enlarged temple of God. This is God's building in the universe. Furthermore, this Gospel reveals that the believers are to be built up to be the Father's house, the dwelling place of the Triune God. This is adequately and fully disclosed in John 14. According to that chapter, all the believers will be built together as God's eternal habitation with many abodes. Thus, as the Lord's last prayer in John 17 indicates, all His believers must be built up into one. The first section of the Gospel of John, composed of the first 13 chapters, is on the coming of the Lord Jesus to bring God into man and to declare God to man. The second section, composed of the last eight chapters, is on the Lord's going in death and coming back in
