Recipes Of A Lifetime A Collection From Readers:

Recipes of a Lifetime Catherine Tripalin Murray,1995 *Reading and writing recipe books, 1550-1800* Michelle DiMeo,Sara Pennell,2018-09-30 This collection of essays provides an overview of new scholarship on recipe books one of the most popular non fiction printed texts in and one of the most common forms of manuscript compilation to survive from the pre modern era c 1550 1800 This is the first book to collect together the wide variety of scholarly approaches to pre modern recipe books written in English drawing on varying approaches to reveal their culinary medical scientific linguistic religious and material meanings Ten scholars from the fields of culinary history history of medicine and science divinity archaeology and material culture and English literature and linguistics contribute to a vibrant mapping of the aspirations invested in and uses of recipes and recipe books By exploring areas as various as the knowledge economies of medicine Anglican feasting and fasting practices the material culture of the kitchen and table London publishing and concepts of authorship and the aesthetics of culinary styles these eleven essays including a critical introduction to recipe books and their historiography position recipe texts in the wider culture of the sixteenth seventeenth and eighteenth centuries They illuminate their importance to both their original compilers and users and modern scholars and graduate students alike **The Recipe Reader** Janet Floyd,Laurel Forster,2017-03-02 Over the last decade there has been an intense and widespread interest in the writing and publishing of cookery books yet there remains surprisingly little contextualized analysis of the recipe as a generic form This essay collection asserts that the recipe in all its cultural and textual contexts from the quintessential embodiment of lifestyle choices to the reflection of artistic aspiration is a complex distinct and important form of cultural expression In this volume contributors address questions raised by the recipe its context its cultural moment and mode of expression Examples are drawn from such diverse areas as nineteenth and twentieth century private publications official government documents campaigning literature magazines and fictions as well as cookery writers themselves cookbooks and TV cookery In subjecting the recipe to close critical analysis The Recipe Reader serves to move the study of this cultural form forward It will interest scholars of literature popular culture social history and women s studies as well as food historians and professional food writers Written in an accessible style this collection of essays expands the range of writers under consideration and brings new perspectives contexts and arguments into the existing field of debate about cookery writing *The Richard & Judy Book Club Reader* Jenni Ramone,Helen Cousins,2011 The Richard Judy Book Club Reader is the first book to consider the impact of the televised book club on reading practices and the publishing and promotion of books in the UK in comparison with other reading groups including Oprah s Book Club and online reading communities The club the books and their readers are considered from the perspectives of literary cultural and media studies in this compelling collection Reading Autobiography Sidonie Smith,Julia Watson,2010 projects and an extensive bibliography Book Jacket **The Man Who Ate Too Much: The Life of James Beard** John Birdsall,2020-10-06 A Finalist for the 2022 James Beard

Foundation Cookbook Award Writing The definitive biography of America's best known and least understood food personality and the modern culinary landscape he shaped In the first portrait of James Beard in twenty five years John Birdsall accomplishes what no prior telling of Beard's life and work has done He looks beyond the public image of the Dean of American Cookery to give voice to the gourmet's complex queer life and in the process illuminates the history of American food in the twentieth century At a time when stuffy French restaurants and soulless Continental cuisine prevailed Beard invented something strange and new the notion of an American cuisine Informed by previously overlooked correspondence years of archival research and a close reading of everything Beard wrote this majestic biography traces the emergence of personality in American food while reckoning with the outwardly gregarious Beard's own need for love and connection arguing that Beard turned an unapologetic pursuit of pleasure into a new model for food authors and experts Born in Portland Oregon in 1903 Beard would journey from the pristine Pacific Coast to New York's Greenwich Village by way of gay undergrounds in London and Paris of the 1920s The failed actor turned Manhattan canap hawker turned author and cooking teacher was the jovial bachelor uncle presiding over America's kitchens for nearly four decades In the 1940s he hosted one of the first television cooking shows and by flouting the rules of publishing would end up crafting some of the most expressive cookbooks of the twentieth century with recipes and stories that laid the groundwork for how we cook and eat today In stirring novelistic detail *The Man Who Ate Too Much* brings to life a towering figure a man who still represents the best in eating and yet has never been fully understood until now This is biography of the highest order a book about the rise of America's food written by the celebrated writer who fills in Beard's life with the color and meaning earlier generations were afraid to examine

Practice Melissa Reynolds,2024-08-19 Through portraits of readers and their responses to texts Reading Practice reconstructs the contours of the knowledge economy that shaped medicine and science in early modern England Reading Practice tells the story of how ordinary people grew comfortable learning from commonplace manuscripts and printed books such as almanacs medical recipe collections and herbals From the turn of the fifteenth century to the close of the sixteenth century these were the books English people read when they wanted to attend to their health or understand their place in the universe Before then these works had largely been the purview of those who could read Latin Around 1400 however medical and scientific texts became available in Middle English while manuscripts became less expensive These vernacular manuscripts invited their readers into a very old and learned conversation Hippocrates and Galen weren t distant authorities whose word was law they were trusted guides whose advice could be excerpted rearranged recombined and even altered to suit a manuscript compiler s needs This conversation continued even after the printing press arrived in England in 1476 Printers mined manuscripts for medical and scientific texts that they would publish throughout the sixteenth century though the pressures of a commercial printing market encouraged printers to package these old texts in new ways Without the weight of authority conditioning their reactions and responses to very old knowledge and with so many editions of practical books to choose from English readers grew into confident critics and purveyors of natural knowledge in their own right Melissa Reynolds reconstructs shifting attitudes toward medicine and science over two centuries of seismic change within English culture attending especially to the effects of the Reformation on attitudes toward nature and the human body Her study shows how readers learned to be discerning and selective consumers of knowledge gradually through everyday interactions with utilitarian books **Reading Families** Catherine Compton-Lilly,2003 This dynamic text offers a rare glimpse into the literacy development of urban children and their families role in it Based on the author s candid interviews with her first grade students their parents and grandparents this book challenges the stereotypical view that urban parents

don't care about their children's education. By listening closely to the voices of her students and their families, the author helps us to move beyond negative assumptions, revealing complexities that have previously been undocumented. **The Reader's Index** Croydon Public Libraries, 1917. *Recipes for Thought* Wendy Wall, 2016. Creating a New Library Valerie Freeman, Rebecca Freeman, 2016-11-14. *Creating a New Library: Recipes for Transformation* offers ways to make your library group space into one conducive to transformational learning. The book is structured as a cookbook with an introduction to the idea, then directions on its execution. Next, the book gives tips on how to adapt each recipe to fit other specific needs, including other kinds of libraries. The layout follows three strands: space, community, and outreach. Each section includes five elements critical to transforming spaces: fun, stimulation, safety, freedom, and personal. From providing coffee in the morning to a full Personal Librarian program, this book presents useful and engaging ideas for transformational learning. Enables and encourages transformational learning in academic and research libraries. Presents practical ideas in the style of a cookbook: recipes that can be readily applied to a variety of sites and situations. Gives useful insight and ideas relevant to different kinds of libraries, including academic and research libraries. Suggests fun, quirky, and practical ideas for your library. [Recipes and Everyday Knowledge](#) Elaine Leong, 2018-11-28. Across early modern Europe, men and women from all ranks gathered medical, culinary, and food preservation recipes from

family and friends experts and practitioners and a wide array of printed materials Recipes were tested assessed and modified by teams of householders including masters and servants husbands and wives mothers and daughters and fathers and sons This much sought know how was written into notebooks of various shapes and sizes forming treasuries for health each personalized to suit the whims and needs of individual communities In *Recipes and Everyday Knowledge* Elaine Leong situates recipe knowledge and practices among larger questions of gender and cultural history the history of the printed word and the history of science medicine and technology The production of recipes and recipe books she argues were at the heart of quotidian investigations of the natural world or household science She shows how English homes acted as vibrant spaces for knowledge making and transmission and explores how recipe trials allowed householders to gain deeper understandings of sickness and health of the human body and of natural and human built processes By recovering this story Leong extends the parameters of natural inquiry and productively widens the cast of historical characters participating in and contributing to early modern science

Recipe for a Happy Life Brenda Janowitz, 2013-07-02 There s more than one recipe for a happy life Hannah Goodman doesn t grow up like most kids on the Upper East side Her mother Gray is an award winning photojournalist with little time for the banalities of child rearing and when she s not jetting off to follow the latest scoop she s camped out at the Hotel Chelsea The closest thing Hannah s got to a traditional matriarch is her grandmother a glamorous widow six times over with a sprawling Hampton s estate But Gray is determined that her daughter resist the siren song of the trust fund set and make her own way in the world So Hannah does just that becoming a successful lawyer in New York City and dating a handsome musician Hannah has it all or so it seems until one hot June day the carefully constructed pieces of her life break apart When she throws it all in and seeks solace at her grandmother s estate she discovers that where happiness is concerned you don t have to stick to the recipe From Brenda Janowitz the author of *Jack with a Twist* and *Scot on the Rocks* comes a charming clever and romantic novel about three generations of women with a culture all their own

Serial Memoir N. Stamant, 2014-06-23 *Serial Memoir* chronicles the phenomenon of seriality in memoir a transition in life writing toward repeated acts of self representation in the later twentieth century Such a shift demonstrates a new way to understand and represent constantly shifting subjectivities and their ambivalent relationship to the concept and structure of the archive
