Reciting America Culture And Cliche In Contemporary U S Fiction:

Reciting America Christopher Douglas, 2001 He explores how these novels and other texts confront national discourse and strive though with inconclusive results to open America up to new subject positions by offering alternatives to the dominant ideology Douglas finds contemporary intellectual and political life against the backdrop of a mythology enshrined in proclamations pledges and public documents to be impoverished by the pervasive use of cliches which he identifies as figures of speech that stimulate emotion or action while shortcircuiting reflection In its extreme cliched form the American Dream consists of nothing more than advertising slogans and popular culture images yet these pronouncements retain a powerful hold on the will and imagination of U S citizens

A Genealogy of Literary Multiculturalism Christopher Douglas, 2011-08-15 As an anthropology student studying with Franz Boas Zora Neale Hurston recorded African American folklore in rural central Florida studied hoodoo in New Orleans and voodoo in Haiti talked with the last ex slave to survive the Middle Passage and collected music from Jamaica Her ethnographic work would serve as the basis for her novels and other writings in which she shaped a vision of African American Southern rural folk culture articulated through an antiracist concept of culture championed by Boas culture as plural relative and long lived Meanwhile a very different antiracist model of culture learned from Robert Park s sociology allowed Richard Wright to imagine African American culture in terms of severed traditions marginal consciousness and generation gaps In *A Genealogy of Literary Multiculturalism* Christopher Douglas uncovers the largely unacknowledged role played by ideas from sociology and anthropology in nourishing the politics and forms of minority writers from diverse backgrounds Douglas divides the history of multicultural writing in the United States into three periods The first which spans the 1920s and 1930s features minority writers such as Hurston and D Arcy McNickle who were indebted to the work of Boas and his attempts to detach culture from race The second period from 1940 to the mid 1960s was a time of assimilation and integration as seen in the work of authors such as Richard Wright Jade Snow Wong John Okada and Ralph Ellison who were influenced by currents in sociological thought The third period focuses on the writers we associate with contemporary literary multiculturalism including Toni Morrison N Scott Momaday Frank Chin Ishmael Reed and Gloria Anzald a Douglas shows that these more recent writers advocated a literary nationalism that was based on a modified Boasian anthropology and that laid the pluralist grounds for our current conception of literary multiculturalism Ultimately Douglas s unified field theory of multicultural literature brings together divergent African American Asian American Mexican American and Native American literary traditions into one story of how we moved from thinking about groups as races to thinking about groups as cultures and then back again

Living Labor Joseph B. Entin, 2023-02-13 For much of the twentieth century the iconic figure of the U S working class was a white male industrial worker But in the contemporary age of capitalist globalization new stories about work and workers are emerging to refashion this image *Living Labor* examines these narratives and in the process offers an innovative reading of American fiction and

film through the lens of precarious work It argues that since the 1980s novelists and filmmakers including Russell Banks Helena V ramontes Karen Tei Yamashita Francisco Goldman David Riker Ramin Bahrani Clint Eastwood Courtney Hunt and Ryan Coogler have chronicled the demise of the industrial proletariat and the tentative and unfinished emergence of a new much more diverse and perilously positioned working class In bringing together stories of work that are also stories of race ethnicity gender and colonialism Living Labor challenges the often assumed division between class and identity politics Through the concept of living labor and its discussion of solidarity the book reframes traditional notions of class helping us understand both the challenges working people face and the possibilities for collective consciousness and action in the global present Cover attribution Allan Sekula Shipwreck and worker Istanbul from TITANIC s wake 1998 2000 Courtesy of the Allan Sekula Studio

Form and Transformation in Asian American Literature Xiaojing Zhou, Samina Najmi, 2011-07-01 This critical anthology draws on current theoretical movements to examine the breadth of Asian American literature from the earliest to the most recent writers Covering fiction essays poetry short stories ethnography and autobiography Form and Transformation in Asian American Literature advances the development of a theoretically informed historically and culturally specific methodology for studying this increasingly complex field The essays in this anthology probe into hotly debated issues as well as understudied topics including the relations between Asian American and other minority American writings

Black Power and the American People Rafael Torrubia, 2016-09-14 While the history of the non violent Civil Rights Movement from Rosa Parks to Martin Luther King is one of the great American stories of the twentieth century the related Black Power movement has taken a more complex path through the nation s history Formed by a multitude of individuals the long history of the Black Power movement stretches before and beyond its political manifestations Beginning with the folk narratives told on the plantation Black Power and the American People charts a course through the iconoclasm of the Harlem Renaissance the battleground of the American campus the struggle and skill of the Negro Leagues the drama of the boxing ring the killing fields of Vietnam and the cold concrete of the penitentiary right up to the Black Lives Matter movement of the present day Tracing these connected cultural expressions through time Black Power and the American People explores the profound legacy of Black Power from its earliest roots to its most futuristic manifestations its long history in American culture and its profound influence on the American imagination

Shirley Jackson's American Gothic Darryl Hattenhauer, 2012-02-01 Best known for her short story The Lottery and her novel The Haunting of Hill House Shirley Jackson produced a body of work that is more varied and complex than critics have realized In fact as Darryl Hattenhauer argues here Jackson was one of the few writers to anticipate the transition from modernism to postmodernism and therefore ranks among the most significant writers of her time The first comprehensive study of all of Jackson s fiction Shirley Jackson s American Gothic offers readers the chance not only to rediscover her work but also to see how and why a major American writer was passed over for inclusion in the canon of American literature

Smith, Caleb D. Spencer, 2022-01-13 This book challenges the status quo of studies in literature and religion by returning to experience as a bridge between theory and practice Essays focus on keywords of religious experience and demonstrate their applications in drama fiction and poetry Each chapter explores the broad significance of its keyword as a category of psychological and social behavior and tracks its unique articulation by individual authors including Conrad Beecher Stowe and Melville Together the chapters construct a critical foundation for studying literature not only from the perspectives of theology and historicism but from the ways that literary experience reflects reinforces and sometimes challenges religious experience *Southern Literature, Cold War Culture, and the Making of Modern America* Jordan J. Dominy, 2020-01-27 During the Cold War national discourse strove for unity through patriotism and political moderation to face a common enemy Some authors and intellectuals supported that narrative by casting America's complicated history with race and poverty as moral rather than merely political problems *Southern Literature Cold War Culture and the Making of Modern America* examines southern literature and the culture within the United States from the period just before the Cold War through the civil rights movement to show how this literature won a significant place in Cold War culture and shaped the nation through the time of Hillbilly Elegy Tackling cultural issues in the country through subtext and metaphor the works of authors like William Faulkner Lillian Smith Robert Penn Warren Eudora Welty Ralph Ellison Alice Walker and Walker Percy redefined South as much more than a geographical identity within an empire The South has become a racially coded sociopolitical and cultural identity associated with white populist conservatism that breaks geographical boundaries and as it has in the past continues to have a disproportionate influence on the nation's future and values **Ralph Ellison** Harold Bloom, 2010 Ralph Ellison's *Invisible Man* is one of the great American novels of the twentieth century and his essays and other fictional work have also been highly influential This invaluable new edition of the study guide contains a selection of the finest contemporary criticism on this great American author The Bloom's Modern Critical Views series presents critical portraits of the writers that are most widely read and studied in high schools and colleges Each volume opens with an introductory essay by Harold Bloom in which he offers his insights into the author's work and an editor's note that comments on the individual analyses that follow Also included are bibliographic references notes on the various contributors and a useful chronology of the writer's life Bloom's Modern Critical Views is a critical presentation of those men and women who from ancient times to the present have shaped the Western literary tradition Book jacket *American Literary Scholarship* James Leslie Woodress, 1965 **Hybrid Voices, Hybrid Texts** Gill Rye, 2004 *Publications of the State of Illinois*, 2001 *Illinois Documents List*, 2001 **Forthcoming**

This cutting edge Companion is a comprehensive resource for the study of the modern American novel Published at a time when literary modernism is being thoroughly reassessed it reflects current investigations into the origins and character of the movement as a whole Brings together 28 original essays from leading scholars Allows readers to orient individual works and authors in their principal cultural and social contexts Contributes to efforts to recover minority voices such as those of African American novelists and popular subgenres such as detective fiction Directs students to major relevant scholarship for further inquiry Suggests the many ways that modern American and fiction carry new meanings in the twenty first century

Reading Contemporary African American Literature Beauty Bragg,2014-11-12 Reading Contemporary African American Literature focuses on the subject of contemporary African American popular fiction by women Bragg s study addresses why such work should be the subject of scholarly examination describes the events and attitudes which account for the critical neglect of this body of work and models a critical approach to such narratives that demonstrates the distinctive ways in which this literature captures the complexities of post civil rights era black experiences In making her arguments regarding the value of popular writing Bragg argues that black women s popular fiction foregrounds gender in ways that are frequently missing from other modes of narrative production They exhibit a responsiveness and timeliness to the shifting social terrain which is reflected in the rapidly shifting styles and themes which characterize popular fiction In doing so they extend the historical function of African American literature by continuing to engage the black body as a symbol of political meaning in the social context of the United States In popular literature Beauty Bragg locates a space from which black women engage a variety of public discourses
