## **Reclaiming Capital Democratic Initiatives Community Development:**

Reclaiming Capital Christopher Gunn, Hazel Gunn, 2018-08-06 Towns without nationally advertised fast food restaurants often eagerly await the day when the golden arches sprout next door to the local car dealership But what really happens to a community with the arrival of the uni burger Christopher Gunn and Hazel Dayton Gunn demonstrate that perhaps three quarters of the money a community spends at its burger emporium will leave the area Poor communities remain poor they assert because local capital tends to be drained off to financial centers corporate accounts and stockholders portfolios In keeping with ecologists injunction to think globally and act locally this imaginative book documents ways in which communities have counteracted constraints of the capitalist economic system and succeeded in promoting democratic control of their resources Taking as one example the local impact of a new McDonald s restaurant Gunn and Gunn first illustrate how capital potentially available for community development may be identified They then explore a variety of alternative institutions credit unions nonprofit corporations and consumers and workers cooperatives among others that serve to attract and retain resources foster growth and extend public control over the development process The authors also consider how grassroots activism for social change may be integrated with more conventional political practice **Reclaiming Capital** Christopher Eaton Gunn, Hazel Dayton Gunn, 1991 Social surplus Alternative institutions of accumulation gaining financial resources Alternative institutions of accumulation building assets in the community Constraining capital Creating public assets Collective action communities and social change **Unmaking Goliath** James DeFilippis, 2004-06-01 Arguing against those who say that our communities are powerless in the face of footloose corporations DeFilippis considers what localities can do in the face of heightened capital mobility in order to retain an autonomy that furthers egalitarian social justice and explores how we go about accomplishing this in practical political terms Radical Political Economy: A Concise Introduction Charles A. Barone, 2015-03-26 This straightforward introduction to radical political economy strikes a balance between breadth and depth and was written for the beginning student and others interested in a relatively short text on radical economics Urban Geography Michael Pacione, 2009 This is the most comprehensive and readable book on urban geography in the array of contemporary literature on the subject Lewis Mumford and the Ecological Region Mark Luccarelli, 1997-03-01 Well known for his column in The New Yorker Lewis Mumford is widely regarded as the foremost urban critic of this century Through historical and theoretical perspectives author Mark Luccarelli traces the development of Mumford s thought on regional planning focusing on his pioneering concept of an ecologically based region and shows how he attempted to turn his ideas into reality through the Regional Planning Association of America RPAA This informative book also demonstrates how Mumford s ideas remain extraordinarily relevant and valuable to today s urban problems **The New Citizenship** Craig A Rimmerman, 2018-05-04 Why do so many Americans fail to participate in their communities affairs

What role should the citizenry play in our political system In addressing these concerns this revised and updated text evaluates the dilemma of participation civility and stability at a time when civic indifference is a national problem In addition to outlining the sources of this indifference The New Citizenship suggests ways in which Americans can conquer their apathy toward government In this fourth edition author and Dilemmas in American Politics series editor Craig A Rimmerman provides new material on ACORN the 2008 presidential election the Obama presidency and the impact of these recent events for college students and their conceptions of participation and citizenship **Re/presenting Class** J. K.

Gibson-Graham, Stephen Resnick, Richard Wolff, Julie Graham, Katherine Gibson, 2001-06-15 Twelve theoretical and historical essays emanate from a novel shared poststructuralist conception of political economy **Full Employment and Social Justice** Michael J. Murray, Mathew Forstater, 2017-11-30 This edited collection investigates how full employment programs can sustain the economy and the environment promote social justice and reinvigorate local communities The contributing authors focus on the formation of institutions to eliminate the opportunity gap for marginalized populations enact environmentally sustainable methods of production and consumption and rebuild local economies through education training and community redevelopment programs They argue that the formation and implementation of a federally funded locally operated Job Guarantee program is a vital component to address a variety of complex and interweaving concerns Through the formation of alternative institutions and encouraging local economies the Job Guarantee approach has the potential to alter economic social and political structures away from an exploitative market oriented structure toward one that is refocused on humanity and the sustainability of the earth and its peoples cultures and communities **A Postcapitalist Politics** J. K. Gibson-Graham, Is there life after capitalism In this creatively argued follow up to their book The End of Capitalism As We Knew It J K Gibson Graham offer already existing alternatives to a global capitalist order and outline strategies for building alternative economies A Postcapitalist Politics reveals a prolific landscape of economic diversity one that is not exclusively or predominantly capitalist and examines the challenges and successes of alternative economic interventions Gibson Graham bring together political economy feminist poststructuralism and economic activism to foreground the ethical decisions as opposed to structural imperatives that construct economic development pathways Marshalling empirical evidence from local economic projects and action research in the United States Australia and Asia they produce a distinctive political imaginary with three intersecting moments a politics of language of the subject and of collective action In the face of an almost universal sense of surrender to capitalist globalization this book demonstrates that postcapitalist subjects economies and communities can be fostered The authors describe a politics of possibility that can build different economies in place and over space They urge us to confront the forces that stand in the way of economic experimentation and to explore different ways of moving from theory to action J K Gibson Graham is the pen name of Katherine Gibson and Julie Graham feminist economic geographers who work respectively at the Australian National

### **Getting Past Capitalism** Cynthia

Kaufman, 2012-08-24 *Getting Past Capitalism* begins with a critique of the impacts of capitalism on human society and the environment. It looks in new ways at what capitalism is and at how it is reproduced. That investigation opens the door to fresh ways of looking at how to challenge it. Cynthia Kaufman looks at some fundamental questions about how capitalism comes to look like a system that is unbeatable and how people come to have desires that work to reinforce capitalism. Kaufman uses this analysis to develop ideas about how to challenge capitalism. She argues that rather than looking for the fulcrum point in a system that will make it able to be overthrown, we should try to understand what kinds of practices open more spaces for stopping the reproduction of capitalist processes and what kinds of structures need to be developed to make capitalism a less important part of our world. *Getting Past Capitalism* includes a critique of capitalism and presentation of alternatives to capitalism, many of which already exist. It explores strategies for developing and strengthening those alternatives.

*Economic Representations* David F. Ruccio, 2008-05-16 Why is there such a proliferation of economic discourses in literary theory, cultural studies, anti-sweatshop debates, popular music, and other areas outside the official discipline of economics? How is the economy represented in different ways by economists and non-economists? In this volume, scholars from a wide variety of disciplines and countries

### **The University as Urban Developer: Case Studies and Analysis** David C.

Perry, Wim Wiewel, 2015-02-24 Integrating topics in urban development, real estate, higher education administration, urban design, and campus landscape architecture, this is the first book to explore the role of the university as developer. Accessible and clearly written, and including contributions from authorities in a wide range of related areas, it offers a rich array of case studies and analyses that clarify the important roles that universities play in the growth and development of cities. The cases describe a host of university practices, community responses, and policy initiatives surrounding university real estate development. Through a careful blending of academic analysis and practical hands-on administrative and political information, the book charts new ground in the study of the university and the city.

### **Integrated Activism** Alexis Zeigler, 2013-08-13

How do peak oil, climate change, and the limits of growth affect abortion rights, income equality, and civil liberty? In this impassioned treatise, author and activist Alexis Zeigler reveals the hidden connections between ecology, economics, politics, and social justice, and shows us how to use these connections to effect real, long-lasting change. Most activist movements, says Zeigler, suffer from a kind of tunnel vision in which the true causes and resulting side effects of the desired change are left unexamined, rendering the movements shortsighted and unaware of their own long-term fallout. We cannot effectively address our problems in isolation or with ecological blinders on. Instead, we must integrate our activism and ensure that all strategies and actions take into account the historically demonstrated fact that a society's environmental resources ultimately define its level of freedom, fairness, and financial equity. Packed with surprising facts and eye-opening arguments, *Integrated Activism* is a must-read not only for every serious activist but also for anyone looking for a solid, creditable philosophy and approach to

building a fairer freer more sustainable future      **Going Local** Michael Shuman,2013-06-17 National drug chains squeeze local pharmacies out of business while corporate downsizing ships jobs overseas All across America communities large and small are losing control of their economies to outside interests Going Local shows how some cities and towns are fighting back Refusing to be overcome by Wal Marts and layoffs they are taking over abandoned factories switching to local produce and manufactured goods and pushing banks to loan money to local citizens Shuman details how dozens of communities are recapturing their own economies with these new strategies investing not in outsiders but in locally owned businesses
