Reclaiming the American West Lawrence Bacon Lee, 1980 Provides a comprehensive overview of specialized areas such as irrigation engineering dam construction water law rock problems and methods of allocating costs Reclaiming the Arid West William D. Rowley, 1996 Widely noted for his role in the passage of the National Reclamation Act of 1902 Francis G Newlands of Nevada was a champion of the growth of federal power in the modernization of America One of the few liberal national Democrats at the beginning of the twentieth century he is known as a key architect of the modern regulatory state Newlands worked to irrigate the Nevada desert and other arid western states with nationally funded reclamation and dam building projects As a leading western Progressive he supported national planning for the utilization of all the nation's water resources the Progressive conservation cause espoused by Republican Theodore Roosevelt and the supervision of private corporations by an enlarged and more powerful federal government Yet he opposed Progressives on many issues voicing suspicions about centralized banking defending the right of private corporations to fair treatment by public regulatory agencies even advocating the denial of suffrage to African Americans through the repeal of the Fifteenth Amendment William Rowley's biography reveals a complicated and sophisticated man who successfully lived a dual political life under a cloud of personal and public scandal It is a fascinating story of American politics in a time of immense national change **The World of the American West** Gordon Morris Bakken, 2016-12-12 Addressing everything from the details of everyday life to recreation and warfare this two volume work examines the social political intellectual and material culture of the American Old West from the California Gold Rush of 1849 to the end of the 19th century What was life really like for ordinary people in the Old West What did they eat wear and think How did they raise their children How did they interact with government What did they do for fun This encyclopedia provides readers with an engaging and detailed portrayal of the Old West through the examination of social cultural and material history Supported by the most current research the multivolume set explores various aspects of social history family politics religion economics and recreation to illuminate aspects of a society's emotional life interactions opinions views beliefs intimate relationships and connections between the individual and the greater world Readers will be exposed to both objective reality and subjective views of a particular culture as a result they can create a cohesive accurate impression of life in the Old West during the second half of the 1800s A Sense of the American West James E. Sherow, 1998-10 An anthology of diverse approaches and issues in the environmental history of the American West The Cowboy Encyclopedia Richard W. Slatta, 1996 Over 450 entries provide information on cowboy history culture and myth of both North and South America The Legacy of Conquest: The Unbroken Past of the American West Patricia Nelson Limerick, 2011-02-07 Limerick is one of the most engaging historians writing today Richard White The settling of the American West has been perceived throughout the world as a series of quaint violent and romantic adventures But in fact Patricia Nelson Limerick argues the West has a history grounded primarily in economic reality in hardheaded

questions of profit loss competition and consolidation Here she interprets the stories and the characters in a new way the trappers traders Indians farmers oilmen cowboys and sheriffs of the Old West meant business in more ways than one and their descendents mean business today The Mythical West Richard W. Slatta,2001-11-20 This cultural journey down memory lane showcases how major Western figures events and places have been portrayed in folk legends art literature and popular culture Ever since the days of the 49ers and George Armstrong Custer the Old West has been America s most potent source of legend But it is sometimes hard to separate fact from fiction Did you know for example that Annie Oakley was a talented marksman who shot an estimated 40 000 rounds per year while practicing and performing for Buffalo Bill Cody s Wild West Show in the late 1800s Or that many interpreters believe that The Wonderful Wizard of Oz is not just a fairy tale but also a Populist allegory These are just two of the folk legends dissected and examined in this veritable cultural geography The volume covers everything from billionaire Howard Hughes and composer Aaron Copeland to Aztlán the legendary first city of the Aztecs and Area 51 the top secret U S Air Force base at Groom Lake Nevada that has fascinated UFO and conspiracy buffs The History of Large Federal Dams David P. Billington,Donald C. Jackson,Martin V. Melosi,2005 Explores the story of Federal contributions to dam planning design and construction William F. Cody's Wyoming Empire Robert E. Bonner,2016-01-29 Celebrated showman of the Old West William F Buffalo Bill Cody took on another role unknown to most Americans that of the western land developer and town promoter In this captivating study Robert E Bonner demonstrates that the skills Cody acquired from decades in show business failed to prepare him for the demanding arena of business and finance Bonner examines Cody s efforts as president of the Shoshone Irrigation Company to develop the Big Horn Basin through large scale irrigation and town development This meticulously researched account shows us a Buffalo Bill preoccupied with making a buck and not at all shy about using his fame to do it Cody spent huge sums bullied partners patronized state officials and exercised his charm in pursuit of developing the high plains east of Yellowstone National Park His efforts helped shape the city of Cody and the Big Horn Basin With the famous Irma Hotel as a cornerstone he built the first infrastructure of the Cody Yellowstone tourist trade and connected his little Wyoming town with the wealth of the East through personal hospitality and travel Laced with engaging anecdotes and featuring more than twenty photographs William F Cody s Wyoming Empire is a much needed look at an overly mythologized character There was more to William F Cody than the Wild West show and we cannot construct a full picture of the man without understanding his entrepreneurial activities in Wyoming **Reclamation, Managing Water in the West, The Bureau of Reclamation: History Essays from the Centennial Symposium, Volume 2, 2008, ***,2009 **Desert Passages** Patricia Nelson Limerick,1985 Traces the development of American attitudes toward the desert using case studies from many writers over the years **The Bureau of Reclamation** Brit Allan Storey,2008 The Bureau of Reclamation: Origins and growth to 1945 William D.
