Letters to an Indian Raja, from a Political Recluse Narayan Mahadev Parmanand, 1919 **Letters to an Indian raja from a political recluse [ed. by sir W.W. Hunter]**. Indian rajah, 1891 Reading Medieval Anchoritism Mari Hughes-Edwards, 2012-06-15 Medieval anchorites willingly embraced the most extreme form of solitude known to the medieval world so they might forge a closer connection with God Yet to be physically enclosed within the same four walls for life required strength far beyond most medieval Christians This book explores the English anchoritic guides which were written revised and translated throughout the Middle Ages to enable recluses to come to terms with the enormity of their choices The book explores five centuries of the guides negotiations of four anchoritic ideals enclosure solitude chastity and orthodoxy and of two vital anchoritic spiritual practices asceticism and contemplative experience It explodes the myth of the anchorhold as solitary death cell revealing it as the site of potential intellectual exchange and spiritual growth **The Brown Recluse Spider** Richard S. Vetter, 2015-05-07 The brown recluse is a fascinating spider very well adapted to dwelling in houses and other buildings Because of this very quality and the ghastly reputation associated with the medical consequences of its bite it has become infamous throughout North America Although recluse spiders can cause serious skin injuries and in very rare cases death the danger posed by this spider is often exaggerated as a result of arachnophobia and the misdiagnosis of non spider related conditions as brown recluse bites These misdiagnoses often occur in areas of North America where the spider does not exist making legitimate bites improbable One of the greatest factors that keeps the myths alive is misidentification of common and harmless spiders as brown recluses With this book Richard S Vetter hopes to educate readers regarding the biology of the spider and medical aspects of its bites to reduce the incidence of misdiagnoses and to quell misplaced anxiety In *The Brown Recluse Spider* Vetter covers topics such as taxonomy identification misidentification life history characteristics and biology medical aspects of envenomations medical conditions misdiagnosed as brown recluse bites other spider species of medical consideration several of which have been wrongly implicated as threats to human health and the psychology behind the entrenched reasons why people believe so deeply in the presence of the spider in the face of strong contradictory information Vetter also makes recommendations for control of the spider for households in areas where the spiders are found and describes other species of recluse spiders in North America Although *The Brown Recluse Spider* was written for a general audience it is also a valuable source of information for arachnologists and medical personnel Wayward Monks and the Religious Revolution of the Eleventh Century Phyllis G. Jestice, 1997 Focussing on the German empire this book explains the diversification of monasticism during a period of great change in particular a shift towards a greater interest in lay religious life Jestics investigates the changing role of monks in society and examines monastic values in such areas as missionary work public preaching pilgrimage and the gregorian reform It is based on monastic writings particularly polemics and also uses hagiography *Medieval Iberia* E. Caitanya Vaiṣṇavism in Bengal Joseph T. O'Connell, 2018-10-29 Within the broad Hindu religious tradition there have been for millennia many subtraditions generically called Vaiṣṇava who insist that the most appropriate mode of religious faith and experience is bhakti or devotion to the supreme personal deity Viṣṇu Caitanya Vaiṣṇavas are a community of Vaiṣṇava devotees who coalesced around Kṛṣṇa Caitanya 1486-1533 who taught devotion to the name and form of Kṛṣṇa especially in conjunction with his divine consort Rādhā and who also came to be looked upon by many as Kṛṣṇa himself who had graciously chosen to be born in Bengal to exemplify the ideal mode of loving devotion prema bhakti This book focusses on the relationship between the transcendent intentionality of religious faith of human beings and their mundane socio cultural ways of living through a detailed study of the social implications of the Caitanya Vaiṣṇava devotional Hindu tradition in pre colonial and colonial Bengal Structured in two parts the first analyzes the articulation of Kṛṣṇa bhakti within the broad Hindu sector of Bengali society The second section examines Hindu Muslim relationships in Bengal from the particular vantage point of the Caitanya Vaiṣṇava tradition and in which the subtle influence of Kṛṣṇa bhakti it is argued may be detected In both sections the bulk of attention is given to the sixteenth and seventeenth centuries when Bengal was under independent Sultanate or emergent Mughal rule and thus free of the impact of British and European colonial influence Arguing that the Caitanya Vaiṣṇava devotion contributed to the softening of the potentially alienating socio cultural divisions of class caste sect and religio political community in Bengal this book will be of interest to academics in the field of Asian Religion and Hinduism in particular devotional Hinduism both premodern and modern as well as to scholars and students of South Asian social history Hindu Muslim relations and Bengali religious culture

Lives of the Anchoresses Anneke B. Mulder-Bakker, 2013-06-15 In cities and towns across northern Europe in the twelfth and thirteenth centuries a new type of religious woman took up authoritative positions in society all the while living as public recluses in cells attached to the sides of churches In *Lives of the Anchoresses* Anneke Mulder Bakker offers a new history of these women who chose to forsake the world but did not avoid it Unlike nuns anchoresses maintained their ties to society and belonged to no formal religious order From their solitary anchorholds in very public places they acted as teachers and counselors and in some cases theological innovators for parishioners who would speak to them from the street through small openings in the walls of their cells Available at all hours the anchoresses were ready to care for the community's faithful whenever needed Through careful biographical studies of five emblematic anchoresses Mulder Bakker reveals the details of these influential religious women The life of the unnamed anchoress who was mother to Guibert of Nogent shows the anchoress's role as a spiritual guide in an oral culture A study of Yvette of Huy shows the myriad possibilities open to one woman who eventually chose the life of an anchoress The accounts of Juliana of Cornillon and Eve of St Martin raise questions about the participation of religious women in theological discussions and their contributions to church liturgy And the biographical study of Margaret the Lame of Magdeburg explores the anchoress's role as day to day religious instructor to the ordinary faithful
