Recollections Of The Golden Triangle:

Recollections of the Golden Triangle Alain Robbe-Grillet, 2015-06-23 Could be read as the French New Novelist s tribute to the vibrant Latin American fiction that his own early works helped to inspire The New York Times Book Review A provocative novel by one of the most influential French writers Recollections of the Golden Triangle is a tour de force a literary thriller constructed of wildly diverse elements fantasy and dream erotic invention and the stuff of popular fiction and movies taken to its farthest limits A secret door that is opened slightly by an electronic device a beautiful hanged factory girl a pale young aristocrat whose blood apparently nourishes his vampiric lover the evil Dr Morgan who conducts his experiments in tertiary dream behavior the beautiful and sinister women from the world of horror films and the investigating police who are not all what they seem to be are just some of the ingredients of this intriguing new novel by the French master of the intellectual thriller whose novels and films have effectively changed the way we can look at the real world today Recollections of the Golden Triangle challenges the reader to find his own meaning in its descriptions clues and contradictions and to play detective by assembling the pieces of the fictional puzzle If you make the effort to read Recollections of a Golden Triangle you will have a richer and more rewarding experience than you would reading a conventional mystery story St Louis Post Dispatch A sense of atmosphere and a power of representation that at best make one feel that one is looking over an artist's shoulder with one eye on the canvas and the other on the reality that he is sketching The Times Understanding Alain Robbe-Grillet Roch C. Smith, 2000 Transforming bewilderment into understanding and pleasure while preserving a sense of Robbe Grillet's considerable richness and complexity Smith elucidates the defining elements of the writer's fictional world characters that barely exist changeable narrators plots that defy logic notoriously meticulous descriptions that never quite form a complete story Smith examines Robbe Grillet's embrace of discontinuity circularity indeterminacy and linguistic play Smith also poses questions about how we should view this perplexing writer as an author of hyperobjective novels and short stories a subjective novelist a realist or a writer who undermines the narrative s claim to represent reality In addition Smith evaluates the sado erotic imagery of Robbe Grillet s middle and late novels as a metaphorical play with textual and social conventions BOOK JACKET The Voveur Alain Robbe-Grillet, 2015-06-23 The winner of the Prix des Critiques from the French avant garde author of Jealousy Robbe Grillet is the forerunner of a revolution in the novel Claude Mauriac cultural critic for Le Figaro Mathias a timorous ineffectual traveling salesman returns to the island of his birth after a long absence Two days later a thirteen year old girl is found drowned and mutilated With eerie precision Robbe Grillet puts us at the scene of the crime and takes us inside Mathias s mind artfully enlisting us as detective hot on the trail of a homicidal maniac A triumphant display of the techniques of the new novel The Voyeur achieves the impossible feat of keeping us utterly engrossed in the mystery of the child's murder while systematically raising doubts about whether it really occurred The suspense keeps us on tenterhooks The New York Times

introductory essay a bibliography and several hundred cross referenced dictionary entries on individual postmodernist writers the important postmodernist aesthetic practices significant texts produced throughout the history of postmodernist writing and important movements and ideas that have created a variety of literary approaches within the form By placing these concerns within the historical philosophical and cultural contexts of postmodernism this reference explores the frameworks within which postmodernist literature of the late twentieth and early twenty first century operates Of Words and the World David R. Ellison, 1993-03-22 Here David Ellison explores the problems encountered by France's best experimental authors writing between 1956 and 1984 when faced with the question What should my writing be about These years are characterized by the rise of the new novelists who guestioned the representational function of writing as they created works of imagination that turned in upon themselves and away from exterior reality It became fashionable at one point to affirm that literature was no longer about the world but uniquely about the words on a page the signifying surface of the text Ellison tests this assumption showing that even in the most seemingly self referential fictions the words point to the world from which they can never completely separate themselves Through close readings Ellison examines the novels and theoretical writings of authors whose works are fundamental to our perception of contemporary French writing and thought Camus Robbe Grillet Simon Duras Sarraute Blanchot and Beckett The result is a new understanding of the link between the referential function of literary language and the problematic of the ethics of fiction **What Next?** C P Sharma, 2021-02-01 This book is about an entrepreneur and a philanthropist who worked his way up through life chasing his dreams It is about taking risks challenges innovation employing an entrepreneur and freedom of doing something that gives satisfaction The book covers the author's early childhood schooling and his impressions about the National Defence Academy the Indian Navy and Merchant Navy as also the learning experience with an international crew in the oilfields The author has travelled to over seventy countries across all continents savouring the uniqueness of each country The book is more of a travelogue and covers his personal travel experiences adventures beautiful places and peoples and quaint cultures yet within this bewildering diversity he could sense the essential unity The author made friends with people while walking on the roadside in a bus cycling sailing in yachts and boats and cruise ships both on rivers and on the sea on flights and while visiting small quaint villages as also the usual touristic places It is about some places that people would have on their travel wish list and the book should motivate them further Some not so popular places are also covered However all places could not be covered in this volume The author plans to cover these in a second volume The narration is supplemented by a photo section a bonus for the reader The Atlantic Companion to Literature in English Ed.
