## **Reconceiving Midwifery:**

Reconceiving Midwifery Ivy Lynn Bourgeault, Cecilia Benoit, Robbie Davis-Floyd, 2004-04-28 The authors social scientists and midwifery practitioners reflect on regional differences in the emerging profession providing a systematic account of its historical local and international roots its evolving regulatory status and the degree to which it has been integrated into several mainstream provincial health care systems They also examine the nature of midwifery training accessibility and effectiveness across diverse ethnic and socio economic groups highlighting the key issues facing the profession before during and in the immediate post integration era in each province Varnev's Midwiferv Julia Phillippi, Ira Kantrowitz-Gordon, 2023-09-25 Varney's Midwifery continues to be the gold standard for midwifery practice in an updated seventh edition New lead editors assembled a team of expert contributors and authors to continue the legacy of Varney's Midwifery as the trusted must have resource for students professional midwives and women's health practitioners Varney's Midwifery uses current evidence based guidelines to address the care of women throughout the lifespan including primary care gynecology maternity care in a variety of settings and newborn care The Seventh Edition reflects the new Core Competencies for Basic Midwifery Practice published in 2020 including care of transgender individuals and abortion related care It also provides updated information on chronic conditions in pregnancy including a section discussing COVID 19 new techniques for fetal screening diagnosis across the lifespan and updated content on health equity **Birth Models That Work** Robbie Davis-Floyd, 2009-03-07 This book is a major contribution to the global struggle for control of women s bodies and their giving birth and should be read by all obstetricians midwives obstetric nurses pregnant women and anyone else with interest in maternity care It documents the worldwide success of programs for pregnancy and birth which honor the women and put them in control of their own reproductive lives Marsden Wagner MD author of Born In The USA How a Broken Maternity System Must Be Fixed to Put Women and Children First **Becoming a Midwife** Rosemary Mander, Valerie Fleming, 2014-05-09 What is the reality of being a midwife in the twenty first century What is it like to help and support women throughout pregnancy and childbirth and into motherhood What roles can midwives play in society This new edition of the popular text Becoming a Midwife explores what it is to be a midwife looking at the factors that make midwifery such a special profession as well as some of the challenges. The fully updated chapters cover a variety of settings and several different stages in a woman's pregnancy including stories from midwives working in hospitals and in the community as managers supervisors and educators and as men women mothers and birth activists All chapters are narrated by contributors who introduce their own theme recount a vignette that throws light on their understandings of midwifery and reasons for becoming or not becoming a midwife and any subsequent career moves Backed up by commentaries and drawing together these insights the editors show what it means to be a midwife today Suitable for those contemplating a career in midwifery and providing an opportunity for reflection for more experienced midwives this thought provoking book is an

invaluable contribution to midwifery Pushing for Midwives Christa Craven, 2010-10-22 A history of the re emergence of midwifery in America Push! Ivy Lynn Bourgeault, 2006 In the ten years since the publication of Do People Grow on Family Trees 121 000 copies in print the Internet has completely transformed genealogy making family history the second most popular hobby in the U S after gardening and genealogy the second most searched for subject on the Web Now completely revised updated retitled and filled with detailed guidance on utilizing the Internet Climbing Your Family Tree is the comprehensive kid friendly genealogical primer for the 21st century and a dramatic story of how and why our ancestors undertook the arduous voyages of immigration to this nation It teaches kids to track down important family documents including ships manifests naturalization papers and birth marriage and death certificates create oral histories make scrapbooks of photos sayings and legends and compile a family tree A full chapter is devoted to the online search and relevant Internet information has been incorporated into all the other chapters Also new are more kids genealogical stories and a reworked easier to use design and supporting the book will be a Web site that will include record keeping pages links to sites in the book and more **Birthing Autonomy** Nadine Edwards, 2013-04-03 Birthing Autonomy brings some balance to the difficult arguments that arise from debates about home births and focuses on women s views and their experiences of planning home births It provides an in depth exploration of how women make decisions about home births and what aspects matter most to them Comparing how differently the pros and cons of home births are constructed and contemplated by mothers and by the medical profession the book looks at how current obstetric thinking and practices can disempower and harm women emotionally and spiritually as well as physically Written in an accessible style this book is enlightening for student and practicing midwives and obstetricians as well as researchers and students of nursing medical sociology health studies gender studies feminist practitioners and theorists It will also be invaluable to expectant mothers who want to be more informed about the choices they are facing and the wider context within which their birth options are considered

Pregnancy, Risk and Biopolitics Lorna Weir, 2006-09-27 Traditionally Euroamerican cultures have considered that human status was conferred at the conclusion to childbirth However in contemporary Euroamerican biomedicine law and politics the living subject is often claimed to pre exist birth In this fascinating book Lorna Weir argues that the displacement of birth as the threshold of the living subject began in the 1950s with the novel concept of perinatal mortality referring to death of either the foetus or the newborn just prior to during or after birth Weir's book gives a new feminist approach to pregnancy in advanced modernity focusing on the governance of population She traces the introduction of the perinatal threshold into child welfare and tort law through expert testimony on foetal risk sketching the clash at law between the birth and perinatal thresholds of the living subject Her book makes original empirical and theoretical contributions to the history of the present Foucauldian research feminism and social studies of risk and she conceptualizes a new historical focus for the history of the present the threshold of the living subject Calling attention to the significance of population politics especially the reduction

of infant mortality for the unsettling of the birth threshold this book argues that risk techniques are heterogeneous contested with expertise and plural in their political effects Interview research with midwives shows their critical relation to using risk assessment in clinical practice An original and accessible study this book will be of great interest to students and researchers Yoga, the Body, and Embodied Social Change Beth Berila, Melanie Klein, Chelsea Jackson Roberts, 2016-09-09 Yoga the Body and Embodied Social Change is the first collection to gather together prominent scholars on yoga and the body Using an intersectional lens the essays examine yoga in the United States as a complex cultural phenomenon that reveals racial economic gendered and sexual politics of the body From discussions of the stereotypical yoga body to analyses of pivotal court cases Yoga the Body and Embodied Social Change examines the sociopolitical tensions of contemporary yoga Because so many yogic spaces reflect the oppressive nature of many other public spheres the essays in this collection also examine what needs to change in order for yoga to truly live up to its liberatory potential from the blogosphere around Black women s health to the creation of queer and trans yoga classes to the healing potential of yoga for people living with chronic illness or trauma While many of these conversations are emerging in the broader public sphere few have made their way into academic scholarship This book changes all that The essays in this anthology interrogate yoga as it is portrayed in the media yoga spaces and yoga as it is integrated in education the law and concepts of health to examine who is included and who is excluded from yoga in the West The result is a thoughtful analysis of the possibilities and the limitations of yoga for feminist social transformation Reading Canadian Women's and Gender History Nancy Janovicek, Carmen Nielson, 2019-01-01 Inspired by the question of what s next in the field of Canadian women s and gender history this broadly historiographical volume represents a conversation among established and emerging scholars who share a commitment to understanding the past from intersectional feminist perspectives It includes original essays on Quebecois Indigenous Black and immigrant women's histories and tackles such diverse topics as colonialism religion labour warfare sexuality and reproductive labour and justice Intended as a regenerative retrospective of a critically important field this collection both engages analytically with the current state of women s and gender historiography in Canada and draws on its rich past to generate new knowledge and areas for inquiry Valuing Care Work Cecilia Benoit, Helga Hallgrimsdóttir,2011-01-01 There are many forms of paid and unpaid labour encompassed in health care systems including home care for the elderly or disabled community health services and the care family members provide for loved ones Valuing Care Work is an international comparative study that examines economic organizations as well as intimate settings to show how personal service work is shaped by broader welfare state developments To trace the relationships between gender labour and equity in health care the essays in this volume analyse the rules and practices that shape care work The contributors highlight how national configurations of the welfare state shape the gendering of paid and unpaid intimate labour in a range of settings and discuss how the policies and practices associated with neoliberalism have focussed on

equity for both recipients and providers of paid and unpaid health care Mainstreaming Midwives Robbie

Davis-Floyd, Christine Barbara Johnson, 2012-12-06 Providing insights into midwifery a team of reputable contributors describe the development of nurse and direct entry midwifery in the United States including the creation of two new direct entry certifications the Certified Midwife and the Certified Professional Midwife and examine the history purposes complexities and the political strife that has characterized the evolution of midwifery in America Including detailed case studies the book looks at the efforts of direct entry midwives to achieve legalization and licensure in seven states New York Florida Michigan Iowa Virginia Colorado and Massachusetts with varying degrees of success

Caregiving on the Periphery Myra Rutherdale, 2010 Fascinating stories of the unconventional work of nurses and midwives in Canada

Women's Health in Canada Marina Morrow, Olena Hankivsky, Colleen Varcoe, 2008-05-03 In recent years healthcare professionals have recognized the distinctly different healthcare needs and concerns of men and women Women s health in particular has come into its own in the last two decades In Canada however there has been little available in the way of a general text on women s health This volume works toward filling that gap by providing a resource for teaching and understanding women's health in this country To lay out the methodological and theoretical foundations for their study editors Olena Hankivisky Marina Morrow and Colleen Varcoe bring together an interdisciplinary group of scholars and practitioners from economics anthropology sociology nursing political studies women s studies and psychology Contributors draw on the rich history of the Canadian women's health movement providing analysis of that history and of the emergent theory policy and practice Aimed at undergraduate and graduate students as well as practitioners the collection adopts an intersectional approach looking closely at social factors such as gender race ethnicity class sexuality and gender identity and analysing how they relate both to each other and to women s health Connections between the social economic and cultural contexts of women's lives and their physical spiritual and mental well being are a primary focus Providing a much needed resource for teachers students and practitioners of women s health in Canada this comprehensive volume makes an important contribution to the literature Enjoying the Interval: Murray Enkin: A Life Kerreen M. Reiger, 2022-08-31 Anyone who has enjoyed the great happiness and intimacy of a family centred birth and any midwife or health professional who has attended one owes a debt of gratitude to internationally known Canadian doctor researcher and medical reformer Murray Enkin Enjoying the Interval takes on the fascinating joyful task of exploring Dr Enkin's identity and achievements along with the social context that shaped them It offers a critical assessment of the ongoing challenges in maternity care the field to which Enkin devoted his life but it is also the story of an immigrant Jewish family s contribution to Canadian society and the wider world Using archival sources and interviews the book traces Enkin's story from his birth in 1924 through his early young married life education and medical practice to his passionate championing of the emerging childbirth reform

movement and its influence Interweaving the personal and professional to provide insight into the man the times and the causes that shaped him it not only recognises Enkin's distinctive social contribution but also that of his family and colleagues It chronicles the highly personable Enkin's days as a med student awestruck by the courage and beauty of women in labour to his joyful life as a husband and father to his international impact as a practitioner academic and researcher and as an inveterate traveller Scholarly yet accessible it will prove of interest to professional and lay readers alike Enjoying the Interval is an account of an important social movement that shook the medical establishment but it s also a love story a travelogue and an entertaining portrait of a complex man who helped to change the world for the better Mennonite Women in Canada Marlene Epp, 2008 Marlene Epp explores women's roles as prescribed and as lived within the contexts of immigration and settlement household and family church and organizational life work and education and in response to social trends and events She questions how Mennonites dictate women s place within the church family and community and how women collectively and individually actually behave Epp found that in virtually all aspects of women s lives there exists a contradiction between behavioural ideals and practicalities She also found that their responses to dictates about their proper place ranged from acceptance to rebellion and almost always unsettled a clear delineation of their roles Using diaries oral histories church histories genealogies and memoirs Epp has painstakingly pieced together a rich and fascinating story of Canadian Mennonite women that deserves to be read by women and men everywhere R sum de l diteur Remote and Rural North, 1800-2000 J T H Connor, Stephen Curtis, 2015-10-06 This volume of thirteen essays focuses on the health and treatment of the peoples of northern Europe and North America over the course of the nineteenth and twentieth Complementary, Alternative, and Traditional Medicine Costanza Torri Jennie M. Hornosty, 2017-05-15 centuries This edited collection is about the use of complementary and alternative medicine CAM and traditional medicine TM within the context of women's reproductive health It adopts a perspective drawn from different social sciences sociology medical anthropology history and health studies to discuss topics such as fertility menopause pregnancy child birth practices post natal care breastfeeding and breast cancer The contributors explore the uses and values attributed to CAM and TM for women's reproductive health across diverse cultures from the point of view of patients CAM TM practitioners and other health care providers This text provides insights into the wide spectrum of practices approaches and beliefs that define CAM and TM and situates women s health issues within the local socio cultural geographic economic historical and political contexts in which they exist It also explores some challenges to the integration of TM and CAM with biomedicine

Women, Health, and Nation Georgina D. Feldberg,2003 This book examines North American women's engagement with their health systems and asks to what extent national citizenship has shaped women shealth Authors provide a much needed analysis of the dynamic decades after 1945 when both Canada and the United States began using federal funds to expand health care access and biomedical research and authority reached new heights Midwest Taking Medicine Kristin

Burnett,2011-07-01 The buffalo hunter the medicine man and the missionary continue to dominate the history of the North American west even though historians have recognized women's role as both colonizer and colonized since the 1980s Kristin Burnett helps to correct this imbalance by investigating the convergence of Aboriginal and settler therapeutic regimes in the Treaty 7 region from the perspective of women Although the imperial eye focused on medicine men Aboriginal women played important roles as healers and caregivers and the knowledge and healing work of both Aboriginal and settler women brought them into contact But as settlement increased and the colonial regime hardened informal encounters in domestic spaces gave way to more formal one sided interactions in settler run hospitals and nursing stations By revealing Aboriginal and settler women's contributions to the development of health care in southern Alberta Taking Medicine challenges traditional understandings of colonial medicine and nursing in the contact zone

This is likewise one of the factors by obtaining the soft documents of this **Reconceiving Midwifery** by online. You might not require more get older to spend to go to the books initiation as without difficulty as search for them.
